and academics**

Short-term work experience partnerships

Nottingham University Business School attracts high-calibre students that can benefit your business

Our short-term work experience scheme

Our short-term work experience scheme is aimed at providing a range of mutually beneficial opportunities for our partner organisations and our students. By offering a tailored one day a week placement over a semester, or two week block of support during a holiday period, businesses can access skilled resources to work on a specific project or on a rolling day to day basis. We also know that in addition to their degree, our graduates need practical work experience and real-world skills. So by offering a short work experience placement, you can benefit your company and contribute to the development of our students' skillset.

Benefits to you

- Access to skilled undergraduate and postgraduate students from a world top 100 university*
- Additional resource when you need it most

- Support from our dedicated placements team
- The opportunity to build relationships with our academics and institutes

How does it work?

- You will need to provide a brief which outlines the details of the role, such as provisional start dates, location, duration, and any desirable/essential criteria
- We advertise the position and invite applications
- We help schedule interviews (you're in control of how many and which students you shortlist) and offer free interview rooms at the University
- We organise any host placement paperwork for you

Skills and experience

Our students can add value to your business in a variety of different roles such as:

- Business operations
- Human resource support

- Consultancy support
- Research and analysis
- Sales support
- Marketing and PR
- Social media, website and digital communications
- Events coordination and management
- Fundraising
- Market research
- Strategy development

“
We are provided with dedicated students, eager to learn while simultaneously able to produce high-quality work.
”

Josie Lianna Kaye, Director,
TrustWorks Global – Holland

* QS World University Rankings 2021
