Travel opportunities

Vancouver is less than 1 hour from Seattle, just over 2 hours from San Francisco and 5½ hours from New York. Vancouver is well known as the gateway to Whistler. In the winter you’ll find some of the best skiing and snowboarding in North America. British Columbia is both a place full of natural wonder and adventure.

Climate
Vancouver is Canada’s third wettest city with an average rainfall which is twice that of London. Temperatures range from an average of 2°C in the winter and 26°C in the summer. Most rainfall occurs between October and March although rain and cloudy days are common at any time of year.

Getting around
Unlimited access to all Translink buses, the Skytrain, and the Seabus is provided with the purchase of a U-Pass, a mandatory travel pass that must be purchased by all exchange students, costing $95 per term.

Accommodation
- On campus accommodation: on-campus accommodation is not guaranteed to international students and is in high demand. There is a wide range of different kinds of accommodation available on campus.
- Off campus accommodation: some students prefer to live off campus. Jericho beach and Kitsilano are areas that typically offer private student housing. There is an efficient bus network operating between campus and these locations. Students do not tend to live in downtown Vancouver due to the distance from campus.
