Accommodation
- Residential catered colleges: There are twelve Colleges affiliated with or owned by the University of Melbourne. They are located either on campus or within a ten-minute walk of the campus. Cost of accommodation in college can be up to twice that of university accommodation in the UK, and acceptance is not guaranteed.
- Independent student apartments: There are several modern apartment complexes in the city centre and close to campus. These apartment facilities are operated privately and are designed specifically for students, including bathroom and kitchen facilities.
- Shared houses: “Shared houses are popular with students because they can provide an opportunity for an independent lifestyle in a shared environment. They are generally also the cheapest housing option in Melbourne.” The university offers a Housing Online Noticeboard to help students find available rooms and provides advice and assistance.
