BSc Physiotherapy
Short international electives are of up to three weeks duration in Borneo, Malaysia or in Romania are an option for second and third year students of Physiotherapy. Students work in an orphanage with orphans who have various levels of physical and mental disability. Typically the costs of flights, catering and accommodation are covered.

It is also possible to undertake a work placement abroad, but students are personally responsible for fundraising. Each trip will need to be approved by the head of department, especially if this occurs during the timetable.
