# IT Community Consultancy Project

---

We're excited to offer you the chance to get involved in a project that will give you a taste of what you could be doing in the world of work once you graduate.

---

Your role will involve providing technology solutions to improve a local charity's performance, whether you are updating existing systems or piloting new and innovative approaches.

During the project you will gain important industry experience, improve your job prospects and make a genuine difference to the local community.

Go on, take your degree further!
