E-learning Audit

The University of Nottingham
School of Education

The purpose of this audit is to gather information about existing good practice, and about the perceived training needs of colleagues in the School and to identify common development areas. We aim to facilitate pedagogical discussion about e-learning and the subsequent enhancement of the range of opportunities we offer to students at all levels.

1. Which of the following have you used in your teaching during the last twelve months ?

data projector	☐	interactive whiteboard	☐
powerpoint	☐	projected Office document	☐
internet pages	☐	computer-suite	☐
video	☐	VLE (WebCT/Blackboard)	☐
shared-drive notes	☐	video-conferencing	☐

2. Please name any instance of the use of eLearning which you would be willing to present to colleagues in an informal sharing session

3. Please name any instance of an e-learning function you would like to use in your teaching but have so far not been able to (plus give reason for this eg non-availability, training issue, planning time needed etc)

4. Please name any other training needs
