

Your invitation to be an e-Pioneer: a flagship initiative

**Innovation, consolidation
and dissemination in
e-learning**

www.nottingham.ac.uk/education/e-learning

We are looking for members of staff (R & T and APM) who are interested in becoming e-Pioneers.

As an e-Pioneer you will:

- Adapt, trial, evaluate and adopt a 'quick-gain' application of e-learning relevant to your own work with the aim of enhancing the learning experience for students.
- Be paired with a mentor who will work alongside you to give you support, inject ideas and provide technical assistance.
- Participate in the overall design of the initiative and on-going work of the overarching e-Pioneers project.

We realise that this will require time:

- Over the next year funding is secured for eight pairings of e-Pioneers and their mentors. A total of 12 days per pair with a budget of £150 per day for each pair, will enable you to organise your time accordingly.
- You can spend the allocation of £1800 in whichever ways are appropriate to embedding e-learning approaches across the School.
- You will have the opportunity to act as a future mentor to new e-Pioneers.
- e-Pioneers will collectively play a crucial role in the development of the School. The initiative is seen by SEDU as one which other departments and schools will be able to use.

If you wish to follow this up or seek further information please contact any of the members of the e-Learning Strategy Group:

Elaine Airci
Do Coyle
Tony Fisher
Gordon Joyes
Matthew Nilan
Mike Sharples

as soon as possible and **not later than 7th July 2006.**
