Hello and welcome

This guide contains all you need to know about your first few weeks at Nottingham. We have included a checklist to help you prepare everything you will require before and after you arrive at the University.

This year, you will be doing what over 250,000 current and former Nottingham students have already done – starting a journey that can take you across the world, before, during and after your degree.

Slightly scary but also exciting? Don’t worry, that’s how it seemed to most of our graduates too. But first things first – this guide will explain what to expect as you settle into university life.

The first section is dedicated to things to do in your first week with us. The other two sections explain more about student life and will serve as a useful reference throughout the year.

This guide is a great starting point, but now you are here, you’ll find there are plenty of people available to answer anything it doesn’t cover. We hope you enjoy your time at our university and welcome you to the generation of 2015.

A word from our Vice-Chancellor, Professor Sir David Greenaway…

I am delighted you have chosen to join our community. During your first week you will learn of the vast array of opportunities available as part of your formal programme of study and those created through your social or sporting life. Your time at Nottingham will enable you to experience many new things, so make sure you take full advantage of the opportunities on offer.

There will be many changes and challenges for you, and this handbook, along with our extensive support and welfare network, will help you through that period of change. In the meantime, I wish you a successful and enjoyable year ahead.
Things to do in your first week

Your first few days will probably be very busy, with registration, welcome sessions and social events to attend. Our aim is to make this time as comfortable as possible to help you settle in quickly. This section prepares you for what to expect during your first week, including registration and induction events.

Term dates
2015-16
Autumn Term: Monday 21 September – Friday 11 December 2015
Spring Term: Monday 11 January – Friday 18 March 2016
Summer Term: Monday 18 April – Friday 17 June 2016

Completing your registration
It is essential that new full-time students* complete their registration in person and online.

You can register online from three weeks before your course start date at portal.nottingham.ac.uk or in person at the Student Services Centres or other appropriate offices. Further information about times and locations, as well as information for students starting at non-standard times can be found online: www.nottingham.ac.uk/registration

Once you are in Nottingham you will attend a registration event, where you will be asked to confirm your name and student ID number (if you know it) or date of birth. You will also be required to bring the items listed opposite. See the timetable on the opposite page for when you need to register in person.

What shall I bring to register in person?
• A copy of your offer letter and evidence of meeting entry conditions (if applicable)
• Passport and visa/biometric card (all international students)**
• Passport/National Identity Card/Birth Certificate or equivalent (all Home/EEA students)
• Sponsor letter/evidence of funding (if applicable and if not already sent in)
• Student ID number if known (note – this is different to your applicant ID number)

If you are unable to attend the relevant registration event, you must confirm your attendance in person at the Student Services Centres or other appropriate offices. Further information about times and locations, as well as information for students starting at non-standard times can be found online: www.nottingham.ac.uk/registration

International students who completed registration during the Welcome Programme do not need to confirm their attendance again during the first week.

When do I need to register by?
You must complete your registration with the University within three weeks of your course start date at the absolute latest, or you will not be permitted to join your course. For students with a course start date of Monday 21 September, this deadline is Monday 12 October at 5pm.

If you weren’t able to upload a photograph for your University Card before you arrived, you can have one taken at the registration event. Your card should be available to collect one week later from your school office.

*Tuition fees for students who meet the eligibility criteria for full-time undergraduate study. You must confirm your attendance in person at other times during the academic session:

• Monday 21 September: BSc Hons Medical Physiology and Therapeutics with a Foundation Year (B12B), school office.
• Monday 21 September: BSc Hons Medical Physiology and Therapeutics (B121), school office.
• Monday 7 September: Graduate Entry Medicine (A101), school office.

* New part-time students are only required to complete the online part of registration.
** Only students holding a visa valid for study at The University of Nottingham, or who can demonstrate that they have made a visa application using a Confirmation of Acceptance for Studies (CAS) issued by The University of Nottingham, will be permitted to register.

Timetable of registration by school or department

You can register at any time during the relevant school time slot.

Please note the following exceptions and alternative arrangements below. Students on these programmes of study should not attend the event at the Sports Centre. Please contact your school for further details.

* Monday 7 September: Graduate Entry Medicine (A101), school office.
* Monday 21 September: BSc Hons Medical Physiology and Therapeutics (B121), school office.
* Monday 21 September: BSc Hons Medical Physiology and Therapeutics with a Foundation Year (B12B), school office.

See the registration website for details of how to confirm your attendance in person at other times during the academic session: www.nottingham.ac.uk/registration
Register with a health centre
We strongly recommend that you register with a health centre while at Nottingham. Students are invited to attend the registration session for the University Health Centre, held in the Great Hall and Senate Chamber of the Trent Building on University Park Campus between Monday 21 and Wednesday 23 September. See page 7, opposite for details of when to attend.

The practice catchment area, shown below, includes both University Park Campus and Jubilee Campus, as well as the nearby accommodation sites.

Students who live outside of this catchment area but with regular access to University Park Campus can register with the practice as ‘out of area patients’. This entitles you to the same care as patients who live within the catchment area, however if you require a home visit this will be undertaken by a separate home visiting service.

Please complete the health centre registration forms for the University Health Service on pages 35-38 and bring them with you to registration, along with your medical and vaccination history, and your NHS number (if you have one). If your family wish to register, they can do so by visiting Cripps Health Centre on University Park Campus at any time.

As well as being able to register with the University Health Service, students living on or close to Sutton Bonningon Campus can register with the Orchard Surgery in Kegworth. A special session with surgery staff will take place at Sutton Bonningon in your first week, so if you would like to register, fill in the Orchard Surgery health registration form available at www.kegworth.net and bring this with you.

To find out more about health services available in Nottingham, including dental care and local hospitals visit www.nottingham.ac.uk/currentstudents/healthyu

Foundation students: please attend the session of the school providing your course.

* Different arrangements apply for students studying at the School of Medicine at Derby and the School of Health Sciences at Derby, who do not attend this event. Please see information provided by the Derby Course Administration Team.

The map above shows the catchment area for the University Health Centre.
Introducing Week One

Welcome to student life
Welcome is a week-long programme organised by the Students’ Union (SU) to help you settle in. It takes place during your first week at University (19-27 September) and includes a wide range of events to start your time off at Nottingham with a bang. The Welcome Festival and the society ‘Try-it’ sessions provide the perfect opportunities to jump right in, so make sure you go along. Find out more: www.su.nottingham.ac.uk

Welcome Mentors
There’s always a lot to do in your first week and to help you make the most out of it, a team of specially selected Welcome Mentors will be all over our campuses throughout the week. They were in your position not too long ago and will answer your questions and direct you to activities and events while doing their best to make you feel at home. Find out more at www.uonwelcome.co.uk and on your hall or area Facebook page.

Students’ Union Welcome Festival
The Welcome Festival takes place across all our campuses at the beginning of your first week. It gives you the chance to learn about and get involved with all the opportunities on offer, be that kicking around a football or volunteering on a local allotment project. You can expect demonstrations from a wide range of societies and sports clubs, information on the SU and lots of freebies – there’s no better way for your journey to begin.

You can find all the information about signing up and a full list of societies at www.su.nottingham.ac.uk/societies

Good to know…
You can join societies and sports clubs at a later date, not just at the Welcome Festival.

For more information about the Students’ Union and life at Nottingham, please see pages 10-13.

“Studying at The University of Nottingham has been such a fantastic experience! Settling in was a breeze, everybody was so welcoming, and with such a wide range of clubs and societies I was able to make great friends to share the experience with.”

Matthew Geeleher
BSc Natural Sciences

Make sure you go along to the welcome presentation that’s tailored to your new home. The presentation will introduce you to your new surroundings and the student way of life. Find out more at www.uonwelcome.co.uk

Ensure you have completed your online registration at portal.nottingham.ac.uk and attend a registration event (page 5). If you miss the event, please report to the Student Services Centre or relevant office.

Attend your specific school/department induction session (details will be sent directly from your school/department).

Register with a health centre (page 6). Remember to bring your completed health registration form (pages 35-38). Those studying at Sutton Bonington Campus will receive health registration information separately.

Open a student bank account if you have not already done so. There are branches of NatWest and Santander on some of our campuses.

Check www.su.nottingham.ac.uk and www.uonwelcome.co.uk and speak to your Welcome Mentor to make sure you get the most out of your first week. Follow @UoNSU on Twitter to stay tuned.

Join the conversation and share your best moments on Twitter and Instagram using #UoNFreshers Follow @UoNFreshers on Twitter.

If you would like sports membership you can join online after activating your University username and password: www.nottingham.ac.uk/sport/membership

Keep up to date with the latest information from the University on Twitter @UoNStudentLife and the main University Facebook page TheUniofNottingham

Some international students are required to register with the police within seven days of their arrival in the UK. If you need to register with the police it will be stated on your visa/entry clearance. For more information on police registration, please contact the International Office (see details on page 40).
Welcome to life at Nottingham

Unpacked? Tick. Met your neighbours? Tick. Registered and sorted the other formalities? Tick. Once you’ve started to get your head around how things work, take some time to read about the inner workings of student life at Nottingham. This section will help you make the most of your time here.

Living in University accommodation
It’s likely that living in University accommodation will be your first experience of living away from your family. So don’t worry if living in a hall of 200-400 people or sharing a flat with a small group in a block of 1,000 takes a bit of getting used to. In our experience, homesickness is far from uncommon but after the first few weeks, most people start to feel more at home.

Wardens and tutors
The Warden and Deputy Warden teams are responsible for the cultural, pastoral and social life of the hall and also ensures that the hall functions as a community for the benefit of everyone who lives there. This includes responsibility for enforcing the University and hall regulations and the University Code of Discipline for students. Wardens are supported by a team of hall tutors, who are typically postgraduate students or staff from academic departments with considerable experience of life within a university. The tutors live in the hall and are on hand to offer confidential support and advice. There is a tutor on duty throughout every night during term-time.

Welfare Reps
The Students’ Union also has Welfare Reps in each University hall of residence (including self-catered accommodation) to offer informal support and advice.

Junior Common Room Committee
Junior Common Room (JCR) Committees are part of the Students’ Union, and are teams of students, elected by the student body, who are there to make sure your time in halls is the best it can be. They do this by organising events, running sports teams, looking after your welfare and representing your views to the University and the Union.

Protecting your property
We strongly recommend that you arrange insurance for your personal belongings while you are away at university. In some cases, this may be covered within your University accommodation contract. However, in many cases you need to arrange this independently, especially if you are staying in private, off-campus accommodation.

Keep all your valuables safe and out of sight, and register for free at www.immobilise.com It’s a quick, easy and free way of logging the details of your property on a national database which police can access and compare against items that have been found or recovered.

The majority of the crime involving students is opportunistic, so look out for the top tips on keeping yourself and your valuables safe, and information about crime prevention initiatives run by the University, at www.nottingham.ac.uk/yourcommunity

Security
The University Security Service provides a 24-hour uniformed presence on all campuses. However, you can help to keep yourself and your neighbours safe. If you have any concerns you can contact University Security 24-hours a day. t: +44 (0)115 951 3013  t: +44 (0)115 951 8888 (emergencies only)

Cycle facilities
All the halls have cycle facilities available, so think about bringing your bike to the University as a cheap way of getting around.

On-campus security and local police are committed to preventing bike thefts on campus, but please always ensure your bike is well secured before you leave it unattended. More information on the opportunities available to cyclists can be found on page 28.

Living outside of the University
If you are living at home or in your own accommodation, you are automatically a member of the Living Out Community. They organise all sorts of activities to make sure you have a great time throughout the year, even if you’re not living on campus. It might seem harder to get involved if you’re not living in halls, but there are plenty of opportunities to make friends, socialise and benefit from the experiences the Students’ Union has to offer: www.uonwelcome.co.uk

“I’m proud to be part of a huge community at Nottingham. The campus is beautiful and I always see people I know when I walk around. I’m also part of the Junior Common Room committee for my hall, which makes me feel like I have an impact on the community.”

Tahima Rahman
Architecture
Getting to know your Students’ Union

The Students’ Union (SU) plays a vital role during your time at University. They work for you and with you to give you the best student and academic experience possible.

They do this by representing you on issues you care about, helping you gain the skills and knowledge to achieve your dream job and offering you opportunities with events, clubs and societies to ensure you have the most incredible time at University. They are there for you from the very beginning and will continue to be there throughout your time at the University.

www.su.nottingham.ac.uk

Derby Centre

If you’re one of the University’s Derby-based healthcare students, you’re represented by the Students’ Union. We have a Healthcare Association based at this site called University of Nottingham at Derby (UNAD). They are funded by and affiliated to the SU and provide events, sports and other services at times and places to keep you busy outside of your studies.

Sutton Bonington Guild

If you’re based at the University’s Sutton Bonington (SB) Campus, you’ll have your very own dedicated students’ union called the Guild. As well as organising lots of great events, the Guild is there to give a voice to all students studying and living at SB.

Societies

The Students’ Union has over 200 societies for you to choose from, so there are plenty of opportunities to develop an existing hobby or try something new. In the unlikely event that you can’t find what you’re looking for, we’ll help you set up a new society of your own.

Student groups

We have a number of award-winning student groups including Nottingham Student Television (NSTV), University Radio Nottingham (URN), Impact magazine, TEC PA & Lighting company and Nottingham New Theatre – England’s first fully student-run theatre. So whether you want to work behind the scenes, or be centre stage as a presenter, actor or journalist, there are plenty of roles available. Some of our alumni have gone on to be big names in these industries so it is not just about having fun – we can seriously help you boost your career.

We also have a fundraising organisation, Carnival, that raises money for charity through expeditions, activities and events.

Volunteering

The Students’ Union Volunteer Centre (SVC) offers plenty of opportunities to get involved with, and make a real difference to, your local community.

If you haven’t got a lot of time to spare, you can take part in a one-off volunteering project for a few hours. If you want to make a regular commitment the SVC has links with lots of local charities and organisations, where you could be tidying up a nature reserve, helping children with their homework or befriending hospital patients.

www.su.nottingham.ac.uk/volunteering

Supporting you

The Students’ Union can also help out if things get tough. Coming to university is an exciting experience, but if you find it a bit overwhelming and you need some advice or just someone to talk to, members of these services will be happy to help.

• The Student Advice Centre offers support on anything from academic issues to welfare matters or money problems.
  e: student-advice-centre@nottingham.ac.uk

• The Students’ Union Equality and Diversity Officers are there to give specific help on a range of potentially sensitive issues:
  www.su.nottingham.ac.uk/student-groups

• Nightline is a student-run, completely confidential listening and information service open from 7pm–8am every night during term-time. One of the friendly student volunteers will be happy to listen, whatever you want to talk about.
  t: +44 (0)115 951 4985
  e: nightlineanon@nottingham.ac.uk (the person who picks up your message won’t be able to see your email address).

They also have an instant messaging service — go to www.nottinghamnightline.co.uk and click on the Instant Messaging tab.

• B-eat is a confidential, student-run self-help group coordinated by the Students’ Union, which offers a safe space for people with eating disorders to talk about their experiences.
  e: info@beat.co.uk

City life

With a fascinating history, great nightlife and lots of places to visit, Nottingham is a fantastic place to live, work and study. Download our city guide for top tips on things to see and do in Nottingham:

www.nottingham.ac.uk/go/cityguide

Nottingham Lakeside Arts

The University has a diverse and vibrant cultural scene supported by on-site facilities, including Nottingham Lakeside Arts – the University’s exciting public arts programme presenting exhibitions, music, drama and dance, special collections and archaeology, participatory and family events all year round.

Lakeside offers students the chance to really get involved through internships and work placements, as well as an annual collaboration with Nottingham New Theatre, the University’s student-run theatre, which allows students to work alongside leading professionals on every aspect of producing theatre from directing to set design and marketing. And don’t forget they also offer students £5 tickets to all their shows*.

www.lakesidearts.org.uk

www.lakesidearts.org.uk

#LoveNotts

* Terms and conditions apply — see www.lakesidearts.org.uk for more information.
Welcome to Nottingham
www.nottingham.ac.uk/newstarters

Welcome to Nottingham
www.nottingham.ac.uk/newstarters

Sport and recreation
Applying for sports membership
University of Nottingham Sport offers superb sports, fitness and leisure facilities across all three campuses and is home to over 70 sports clubs. Our competitively priced annual sports membership is an excellent way to provide you with access to the facilities available. Once you’ve signed up, your University Card will act as your sports membership card. Further information on benefits of membership can be found at www.nottingham.ac.uk/sport/membership

Getting involved
From competing nationally and internationally, playing for fun or learning a new sport, to playing for your hall, your department or the University, we look to provide sporting opportunities for all and there are plenty of ways to get involved. Find out more: www.nottingham.ac.uk/sport/getinvolved

Sports scholarships
If you are an elite athlete and have competed at county level or above in your particular sport, you may be eligible for a sports scholarship. Supported athletes benefit from financial and coaching support alongside other development opportunities. Find out more: www.nottingham.ac.uk/sport/scholarship

UoNSport
@UoNSport

Across our UK campuses we have:

23
25m
23
40
7
10

tennis courts
eight-lane swimming pool
gym facilities on all sites, with 400 gym stations
grass pitches
badminton courts
squat courts
Floodlit 3G and artificial pitches

We have invested almost £50m in our sports facilities in 2015-16, £40m of which has been invested in a new sports village, due for completion in Autumn 2016. It will contain a range of facilities, including a 200-station fitness suite, an indoor sprint track and a martial arts dojo.
Academic essentials

Your school, department or division
At undergraduate level, there are over 40 schools, departments and divisions at the University. You will have a home school/department/division (we’ll refer to them as schools) responsible for administering your course. This is where the majority of your classes and tutors will be based. Your personal academic tutor will probably be based within your school.

The school is your hub of academic information. Any issues with your course should be discussed with your personal tutor, the school office or another school tutor who teaches you.

Each school has a student-led society which will host social events throughout the year and organise sports teams which play in the intramural leagues. For more information about societies and sports clubs, see pages 12-15 and www.su.nottingham.ac.uk www.nottingham.ac.uk/sport

Your learning: what to expect
The learning methods used and the number of hours that you will be required to study while at university will depend on your course. Learning methods could include lectures, seminars, field trips or laboratory classes. In addition you will be expected to study independently. This could involve reading, completing coursework, revising and preparing for exams and presentations.

Assessment
Many of your modules will be assessed via examinations and essays. However, you may also be assessed on the basis of presentations or practicals (in a lab or clinic, for example); online; via group projects and reports; or through oral examinations.

Support
Lecturers will be happy to meet you on a one-to-one basis and will usually have set hours for appointments.

Study skills
In addition to the course-specific information provided by your school, you should also take a look at the study skills guidance provided by the University: www.nottingham.ac.uk/studyingeffectively

Good to know…
If you’re studying at the University for part of your course on a study abroad or exchange programme, the International Office will provide you with lots of information about the structure of your time here, module enrolment and academic support.

Moodle
Moodle is the online learning environment across the University. The resource allows you to access lecture notes, find links to external learning resources, access self-test exercises and assessments, participate in online learning activities, submit assignments and collaborate on group projects. You can log in using your University username and password the day after you have completed your registration online: moodle.nottingham.ac.uk

Learning through social media
Moodle is the main means of accessing learning material but you can also visit U-Now to view examples of complete modules or smaller scale learning objectives, or find a series of videos, podcasts, and interactive learning materials on the University’s YouTube and iTunesU channels: www.nottingham.ac.uk/unow www.nottingham.ac.uk/itunesu

Xpert
Xpert gives you access to open educational resources from education providers around the world: www.nottingham.ac.uk/xpert

More academic content is available on our YouTube channel and from our blog site: blogs.nottingham.ac.uk

The Language Centre
The Language Centre provides tuition in 13 languages including Arabic, French, German, Italian, Japanese, Mandarin, Modern Greek, Portuguese and Spanish. Modules range from beginner to near-native speaker competence with various entry points.

Modules taken as part of your allocated course credit allowance are free and you will undertake three hours of classes per week. The Self Access Centre is well equipped with everything you need for independent learning. Find out more: www.nottingham.ac.uk/language-centre

Good to know…
We offer an online course to help new students make a good start to their time with us. The course is called ‘Your University Journey’ and involves topics such as getting to know your fellow students, strategies for reading and planning for assessments.

It is entirely online, so all you need is internet access to do it. You can start the course before you arrive on campus. Find out more: www.nottingham.ac.uk/newstarters
Libraries and IT facilities

There are eight libraries and learning resource centres on our UK campuses, offering access to electronic journals and databases, digital materials, over one million printed volumes and Manuscripts and Special Collections. You will need your University Card to access and borrow from these libraries.

Self-service
Most libraries have self-service machines that are available whenever the library is open. To use the self-service machines you will need your University Card and PIN. Your default PIN is the last four digits of the long number on your University Card but you should change it to keep it secure.

Our libraries
University Park Campus
- Denis Arnold Music Library: music
- Hallward Library: arts and social sciences
- Greenfield Medical Library: medicine and health sciences
- George Green Library: science and engineering – a £19m expansion of the library is anticipated to be completed by the end of 2018. Find out more by visiting: www.nottingham.ac.uk/go/developments

Jubilee Campus
- Business Library: business and occupational psychology
- Djanogly Learning Resource Centre: computer science and education

Sutton Bonington Campus
- James Cameron-Gifford Library: biosciences and veterinary medicine

King's Meadow Campus
- Department of Manuscripts and Special Collections
- University Science Library: science and education

Derby
- Library services for students based at Derby are provided via the Royal Derby Hospital NHS Foundation Trust
- James Cameron-Gifford Library: biosciences and veterinary medicine

Good to know...
Most of our libraries are open 24-hours a day, seven days a week before and during exam periods.

Getting online
There are wireless access points and plug-in points on all our campuses where you can access most network services through your smartphone or laptop. The wireless service ‘eduroam’ is available to all students across our campuses and provides free Wi-Fi access to eduroam hotspots at other institutions around the world.

In order to connect to eduroam, you must have your University username (which will look similar to this: ‘exybac03’) and your University password. Here’s how to connect to eduroam when you arrive on campus:

1. If you have previously studied at another university, please delete any old eduroam settings from your device.
2. Go to Wi-Fi settings on your device.
3. Select the Wi-Fi network ‘eduroam’.
4. When prompted, enter your University username followed by @nottingham.ac.uk. For example: exybac03@nottingham.ac.uk
5. Enter your University password.
6. Accept certificate if prompted

You will need to repeat these steps if you change your password.

For more information about wireless service please visit www.nottingham.ac.uk/is/wireless

Registering your place
It’s a good idea to register your place before you arrive on campus – you can do this up to three weeks before the start of your course. Once you have registered, you’ll be issued with your University email account which you can then use to download free software including Microsoft Office and Sophos Antivirus.

Your University email account
Your University email address is displayed in the following format: username@nottingham.ac.uk
The University uses your email address to contact you about its services and your library account so make sure you check it regularly. You can access your account via email.nottingham.ac.uk

Free Microsoft Office
As a student at The University of Nottingham, you can download Microsoft Office completely free of charge for up to five devices, including MacOSX, Android and iOS and keep the software for the duration of your studies. To get your free Microsoft Office you’ll need to select the gear symbol from your University email account to find the software installation option, and then follow the on-screen instructions.

Free anti-virus software
You will also have access to free anti-virus software – Sophos for Mac and Windows – for the duration of your studies. We advise that you use Sophos to protect your personal devices, as other products may not be supported. You can download Sophos for free at www.nottingham.ac.uk/is/computer/sophos

Computer access
There are computer areas located around the University's libraries and school buildings, many of which are open 24/7. You will need your University Card to access these rooms outside of normal working hours. You can borrow laptops and iPads for short-term use in the larger libraries – please ask at the lending desk.

Student IT Support Programme
If you need help getting connected, you’ll find Student IT Support (SITS) tutors, ready to lend a hand in halls, libraries and main computing areas during your first two weeks of term. There’s also year-round technical support via the IT Service Desk and Zonal IT Support Teams. Find out more about SITS: www.nottingham.ac.uk/sits

IT Service Desk
Contact the IT Service Desk, Monday to Friday between 8am and 6pm (and an out of hours service via telephone at any other time).

Fees and finance

Hopefully you already know about the funding available but if not, full details can be found on the Financial Support Team’s website: www.nottingham.ac.uk/financialsupport

The team will be happy to answer any queries you have too.

When to expect student loan payments
If you are expecting a payment from the Student Loans Company (SLC) at the start of term, be aware that it will not be in your bank account until three or four days after you have completed your registration in person at the University. You must therefore make sure you have funds available for your first week at university. If your student loan is seriously delayed and you have insufficient money to cover your essential needs, please contact the Financial Support Team who can advise you on resolving the problem.

University help
The University offers a comprehensive package of bursaries and scholarships, details of which are on the Financial Support website: www.nottingham.ac.uk/financialsupport

Around a third of home undergraduate students will be eligible for a Core Bursary of up to £3,000 per year. Details of how to access your Core Bursary can be found at www.nottingham.ac.uk/financialsupport – follow the links to ‘bursaries and scholarships’.

Part-time work
The University runs a student recruitment agency, Unitemps, to help you enhance your employability and earn while you are studying. Located in the Portland Building on University Park Campus, the agency can help you find part-time or temporary work on, or close to campus. Find out more: www.unitemps.com

If you are an international student, please note that there are regulations on work for those who require a student visa. For more information, see www.nottingham.ac.uk/internationalstudents/workingintheuk

Financial support
If you think you may have financial difficulties don’t bury your head in the sand. You should make best use of the support services available – that’s why they are there. If you need financial support or advice, the Financial Support Team, based in the Student Services Centre in the Portland Building on University Park Campus, can help.

Further information, including contact information and details of drop-in sessions (when one-to-one advice is available) can be found at www.nottingham.ac.uk/financialsupport

Budget planner
The National Union of Students (NUS) website has information on typical university-related costs to help you plan. It’s always a good idea to keep all your financial information, such as Student Loans Company correspondence, in a folder so you have it to hand when you need it. For more information, see www.nus.org.uk/student-life/money-and-funding

A guide to living costs can also be found within our Undergraduate Student Finance Guide, available from www.nottingham.ac.uk/ugstudy/downloads

Disabled Students’ Allowance (DSA)
Students with a disability, long-term health condition, mental health condition or Specific Learning Difficulty, such as dyslexia, can apply for a Disabled Students’ Allowance (DSA). DSAs are not means tested but the support you get depends on your individual needs. For more information, please see www.gov.uk/studentfinance or contact the Disability Support team at the University.

t: +44(0)115 951 3710
c: ssc@nottingham.ac.uk
w: www.nottingham.ac.uk/ssc

Good to know…
• Students from later years often sell their text books so you can buy them second-hand for less than the new price. Alternatively, see if they’re in the library.
• Your first grant and loan instalments may seem large but they have to last until January.
• Remember that the Student Loans Company (SLC) will never email you to ask for details of your password. If you receive a request like this, do not give out any personal details and contact the SLC using official details.

Students catching up on work in the Trent Cafe, Trent Building, University Park Campus.
Support services

International Office
The International Office supports the wellbeing of international and EU students through a well-developed network of services to help and guide students. From our confidential advisory service on immigration, employment, financial, academic and personal matters to our events, trips and activities for families, our initiatives aim to enhance the experience of non-UK students throughout their time at the University.

Centre for English Language Education (CELE)
The University of Nottingham’s Centre for English Language Education (CELE) provides high-quality academic English and study skills preparation support for international students at all levels of study.

Our cutting-edge courses are designed to give you the best possible support, delivered by experienced professional tutors, both in groups and individual tutorials. You will be able to take part in a great social programme with other CELE students. Find out more: www.nottingham.ac.uk/cele

Student Services Centres (SSC)
The Student Services Centres based at University Park, Sutton Bonington, Jubilee and at the Royal Derby Hospital site are here to make sure you can access the necessary support and information you need. They provide a wide variety of specialist services including academic, disability and financial support, as well as university documentation such as transcripts, council tax exemption and tuition fee information. If there is anything you need to know, just pop in and ask. The team are approachable, knowledgeable and most of all, there to help.

Careers and Employability Service

Planning a career and getting a job might seem a long way off, but it’s good to know about the range of support that’s available to you at Nottingham.

The Careers and Employability Service helps all students from first years to alumni. Our faculty-based teams can help you:

• develop the skills graduate recruiters look for
• explore career options
• find part-time and temporary work
• network with employers
• search for work experience and graduate vacancies

Professional careers advisers offer one-to-one appointments throughout the year, giving you the opportunity to discuss your ideas and review a job or course application. You can also attend workshops on topics such as interview skills, as well as sessions delivered by professionals giving you an insight into their area of work.

Over 700 events are held each academic year, including those where employers visit the campus to promote their internship and graduate vacancies. Find out more:
www.nottingham.ac.uk/careers

Nottingham Advantage Award
The Nottingham Advantage Award is the University’s employability award, designed to help you develop key skills and competencies that employers look for. The award helps you to acquire and develop skills by participating in extra and co-curricular activities. It provides you with recognition and evidence of your achievements. The award is completely voluntary, free of charge and taken in addition to your degree. In a tough graduate job market this award will help you stand out from the crowd.
www.nottingham.ac.uk/careers/advantage

International students
If you are an international student the International Office can advise you on working in the UK during and after your course, including visa regulations which may apply to you.
www.nottingham.ac.uk/internationalstudents/workintheuk

Did you know…
The University of Nottingham is consistently named as one of the most targeted universities by Britain’s leading graduate employers.*

* The Graduate Market in 2013, 2014 and 2015, High Fliers Research.

Nottingham has been ranked as the number one university for job prospects in the Whatuni Student Choice Awards 2015.
The vast majority of students at Nottingham have the opportunity to study abroad. We’re not suggesting you leave Nottingham as soon as you get here, but there are some very good reasons to consider studying abroad:

• you could improve your language skills
• you’ll get to travel and experience a different culture
• you’ll impress employers with your independence and international perspective
• you’re likely to make friends with people from across the world
• you’ll study your subject(s) from a whole new perspective

If you are interested in applying to study abroad, come to the Study Abroad Fair in November to see what your options are. The wide variety of opportunities we offer include:

• joining a summer school or short course
• studying at one of our campuses in China or Malaysia, if your course is offered there
• taking part in an international exchange with one of over 300 universities in more than 40 countries across the world
• taking part in the biggest Erasmus programme in the UK, by studying or working abroad in Europe

Have a look at our website to find out what is available on your course, and find us on Facebook to keep up to date with study abroad opportunities.

e: studyabroad@nottingham.ac.uk
w: www.nottingham.ac.uk/studyabroad

“Inter-disciplinary study really suits me and the way I learn. I had an amazing year abroad, it was the best year of my life! It totally changed my self-confidence and how I understand different people and situations. I couldn’t imagine my degree without it.”

Emma Simpson
BA American Studies
Protecting our environment

Nottingham is the world’s greenest university according to the UI GreenMetric World University Ranking 2015.

The University is committed to sustainability and has been in the top two UI GreenMetric World University rankings for the last five years. In 2012 the University was awarded the Times Higher Education Award for Outstanding Contribution to Sustainable Development. Right across our award-winning campuses, we’re reducing energy from fossil fuels, encouraging sustainable travel and cutting down on waste.

Energy
The University is working hard to reduce energy consumption, increase efficiencies and use more renewable energy sources. We are generating our own energy from renewable sources such as solar panels and biomass boilers as well as installing low-energy and presence-detection lighting.

There are lots of easy ways you too can help us be sustainable – from unplugging fully charged devices to closing windows when the heating is on.

Recycling
The University recycles and recovers more than 90% of its waste, which means diverting 1,000 tonnes of materials from landfill and operating recycling points across all our campuses.

As well as recycling plastics, paper, cardboard and glass, you can also recycle batteries, clothes, shoes and books at numerous locations on all campuses.

Cycling
Cycling is a major component of the University’s commitment to sustainable transport. Many students travel to and from campus by bike and a number of services and facilities are on offer to help the cycling community.

The Ucycle bike hire service is open to all students and makes over 200 bikes available on a long-term loan basis for a minimal fee, plus a deposit. Find out more:
www.nottingham.ac.uk/go/cyclehire

In addition, the University offers extensive cycle facilities, including bike parking, plus regular Ucycle events such as free Dr Bike services and maintenance workshops.

More information about our environmental programme can be found at
www.nottingham.ac.uk/sustainability

Good to know…
You can find information on page 32 about both the University’s and Nottingham’s transport network.

e: sustainability@nottingham.ac.uk
You are at the beginning of a University of Nottingham experience that will last a lifetime. The Campaign and Alumni Relations Office is here to help current students connect with alumni (former students) who continue to be involved with the University.

Our events programme is open to current students and alumni, providing opportunities for learning and networking.

Current students who would like to connect with Nottingham alumni all over the world, and benefit from the opportunities their involvement provides, can speak with the Alumni Relations Team, located in the Portland Building on University Park Campus.

e: alumni-enquiries@nottingham.ac.uk

Through their generosity of time, experience or donations, our alumni provide many wonderful opportunities for current Nottingham students. For example, thanks to alumni donations, our Cascade Fund supports student-led projects that benefit the lives of current students and communities across the globe.

If you have a great idea for a student project and need funding, you could apply for a grant of up to £25,000. The Cascade Fund Grants Panel has so far supported over 200 student projects, creating life-changing experiences for current students. For more information, search ‘Cascade Fund’ on the University homepage: www.nottingham.ac.uk

In addition, our Impact Campaign encourages graduates to get involved with a series of projects that will benefit society locally, nationally and globally.

Did you know…

Our alumni include former controller of Radio One and BBC broadcaster Matthew Bannister, London 2012 Olympic gold medallists Etienne Stott and Tim Baillie, Golden Globe Award-winning actress Ruth Wilson, Divergent and The Inbetweeners Movie actor Theo James, and Ivor Novello award-winners London Grammar. Not to mention DH Lawrence, ibuprofen creator Dr Stewart Adams and Nobel Prize-winner Sir Clive Granger.
Getting around

Nottingham is a compact city with an excellent transport network.

University Hopper bus
The University provides a free Hopper bus service for travel between our UK campuses. Simply wait at a designated stop and hop on. All Hopper buses have a bay which can accommodate a standard reference wheelchair. For more detailed timetabling visit www.nottingham.ac.uk/go/hopperbus

Buses and coaches
Nottingham City Transport (NCT) runs buses in and around the city and you can activate your University Card as an Easyrider travel pass – simply visit the on-site renewals point in the Students’ Union Reception, Portland Building, University Park Campus. With this pass you can make as many journeys as you want at a discounted price on all NCT buses. All NCT buses meet the legal requirement to have a bay which can accommodate a standard reference wheelchair. For details, see www.nct.co.uk/students

Other student areas, such as Beeston, are also serviced by Trent Barton. You can save 35% on single fares by getting a Student Mango Card: www.trentbarton-mango.co.uk

Cycling
Access-controlled bicycle storage can be found on all UK campuses. For details of the Ucycle student bike hire service, see page 28 or visit www.nottingham.ac.uk/go/cyclehire

Cars
Only students who meet the criteria for a parking permit will be allowed to bring a vehicle onto University Park and Jubilee Campuses. If you are a student at Sutton Bonington Campus, you can bring your car and park it at Sutton Bonington, provided you have applied for a permit from the University’s Security Office, located in the Hallward Library building on University Park Campus: www.nottingham.ac.uk/security

Taxis
Our Students’ Union operate the Safer Taxi Scheme which enables you to book a taxi by text message and operates on a fixed-price system. To find out more about this scheme please see www.su.nottingham.ac.uk/safer-taxi-scheme

Trains
Nottingham is right in the centre of the country and is very well connected to all other major cities by the train network. Be sure to book as far in advance as possible for the cheapest tickets and check out East Midlands Parkway Station – it’s close to Sutton Bonington Campus and often offers discounts on fares: www.eastmidlandstrains.co.uk

Trams
By the time you attend the University there will be a brand new tram line which will run directly into Nottingham, creating a fast and easy way to get to and from the city centre, Beeston and other student hotspots. If you’re not used to trams, look before stepping out as they are almost silent: www.thetram.net

Airport
The Skylink bus runs from the city centre to East Midlands Airport 24-hours a day. The airport offers flights, some at bargain prices, to a range of European cities including Amsterdam, Barcelona, Edinburgh, Paris and Rome: www.eastmidlandsairport.com

Good to know…
Most Nottingham buses do not give change so make sure you have the correct fare for your journey.
Please complete the forms on pages 35-38 if you wish to register at the University Health Service. If you are living at or near Sutton Bonington Campus and wish to register at Orchard Surgery, please download the forms from www.kegworth.net. You will be given details of the registration session when you arrive and you will need to take the forms with you when you register.

### NHS Family Doctor Services Registration
