Welcome to Britain’s global university

“At Nottingham our postgraduate students are central to our mission to further academic excellence and bold innovation. We know that for you, postgraduate study is an investment – in your subject and your future.

Our vision is to offer an outstanding, broad-based, international education. The support we offer our postgraduates reflects our commitment to excellence, enterprise and discovery.

You will find a stimulating atmosphere and a truly international culture at Nottingham and I am delighted that you are considering studying here. We hope to welcome you into our postgraduate community soon.”

Professor Sir David Greenaway, Vice-Chancellor
At Nottingham our world-changing discoveries include MRI, which continues to have a huge impact on healthcare. By joining our internationally renowned researchers you’ll help deliver further innovations that will change lives.

Tackle the big challenges
We address the key issues of our age through five Global Research Themes:

- Cultures and Communication
- Digital Futures
- Health and Wellbeing
- Sustainable Societies
- Transformative Technologies

These themes draw upon the depth and range of our multidisciplinary research and reflect the strength of our international partnerships.

You may be inspired to ask what it means to be human, use data to improve lives or deliver the latest innovations in healthcare. You could also help build sustainable societies across the world or develop astonishing technologies to transform every aspect of our lives.

Join our inspiring people
Our researchers are passionate about change. Their work has a real impact: not only inspiring up-and-coming researchers but influencing policy-makers and delivering ideas and technologies to shape the future.

The University is committed to being a global institution and we recognise the value and significance of all our international and European research students, researchers and academic staff within the University.

We’ll help you deliver
We have dedicated teams to advise on protecting your work, obtaining funding and working with business partners to help commercialise your ideas in the real world. Find out more:

www.nottingham.ac.uk/go/ipcommercialisation

You can pick up essential entrepreneurial skills and work with business mentors at the University’s Haydn Green Institute for Innovation and Entrepreneurship, one of the leading such centres in Europe. Find out more:

www.nottingham.ac.uk/enterprise

“A wonderful collaboration that could only have happened at The University of Nottingham, with its investment and commitment to interdisciplinary research.”

Professor Christina Lee, an Anglo-Saxon expert who enlisted microbiologists and mathematicians to test a 1000-year-old potion for eye infections and found it killed the superbug MRSA.

Nottingham runs, or is a partner in, 29 Doctoral Training Programmes, offering more than 150 fully funded EngD and PhD opportunities per year. For more information, see page 26.

We collaborate with more than 2,700 institutions worldwide, offering significant opportunities for developing networks and partnerships.

We have over 200 industrial sponsors of research, including AstraZeneca, Boeing, E.ON, GlaxoSmithKline, Jaguar Land Rover, Rolls-Royce and Unilever.

Changing lives
We want our world-leading research to make a difference. Impact: The Nottingham Campaign uses our research to deliver the University’s vision to change lives, tackle global issues and shape the future. Find out more:

www.nottingham.ac.uk/impactcampaign

* A total of £525m attracted between 2013-16.
** Research Excellence Framework (REF 2014).
Great minds grow together

We have a vibrant community of over 8,000 postgraduate students on research and taught programmes here in the UK. Our aim is to take you to the limits of your subject and help you to develop research skills that will equip you to become a leader in your chosen field.

Taught courses
Our taught postgraduate courses are led by academic experts, who use the latest research findings to inform and develop their teaching. Our research philosophy underpins our interactions with students, producing graduates who are capable of independent thinking and have a critical approach to their work and the world around them.

Many of our courses are accredited by professional bodies, giving you a head start in your chosen career. Our accredited courses are identified on our course listings (see pages 28-64) with this symbol.

Excellent teaching to support your learning
We are deeply committed to developing excellent teachers to nurture you in your learning. Your tutors will guide you through lectures, seminars, tutorials and practical lab and field work, giving you regular feedback on your progress and supporting you to achieve your potential. How you are taught will vary according to your subject but we will use a wide range of approaches and resources to grow your knowledge and intellect.

Personal development and employability
We want you to become skilled, reflective, global citizens and leaders. Our UK Graduate School runs an award-winning Postgraduate Placements Scheme that gives you the opportunity to gain valuable work experience while providing your host organisation with access to a high-quality graduate (see page 8).

Our Nottingham Advantage Award programme offers employer-led courses to develop your leadership or entrepreneurialism. Research students are offered training that focuses on the academic and practical skills needed for a research career. Find out more:

www.nottingham.ac.uk/advantageaward

Study and research facilities
Libraries
You will have access to eight libraries across our UK campuses offering a variety of study environments, from silent spaces, including postgraduate rooms, through to vibrant collaborative learning hubs. Our opening hours are extensive, including 24/7 periods throughout the year.

Our knowledgeable and friendly staff are on hand to help with all enquiries and we also offer teaching and research support embedded into the curriculum.

Resources
NUsearch is our one-stop resource discovery tool, providing access to over one million books and print items, around half a million e-resources, as well as Open Access research from the University.

Our Manuscripts and Special Collections archive holds approximately four million records, many of them unique to this University.

IT services
You will have access to the University’s IT services including Wi-Fi, free Microsoft Office 365, Sophos Antivirus, specialist research software and mobile printing from your personal devices. In the UK you can also make use of our Smart Bars, Laptop Loan and Repair Service and receive 24-hour IT support from the University’s IT Service Desk. Find out more:

www.nottingham.ac.uk/it-services

Flexible, distance and online learning
We offer opportunities to study around existing employment and family commitments, no matter where you are based. We have several courses that are taught online, some with options to visit campus for intensive short teaching periods.

Find out more about targeted library services for flexible and distance learners:

www.nottingham.ac.uk/library/parttime-distance

On Course for Your Masters
If you’re studying for a masters at Nottingham, you can sign up for our free online course, ‘On Course for Your Masters’, designed to support your transition to postgraduate study, particularly engagement with the scholarly resources you will need to succeed in your studies.

Language courses
The University offers language courses and study facilities for all students through the Language Centre on University Park Campus. We provide daytime language modules in 13 languages from beginners’ level to near-native speaker competence. We also offer a range of evening classes, including British Sign Language, on a fee-paying basis (one two-hour class per week). Find out more:

www.nottingham.ac.uk/language-centre
Our Graduate School

On entry to the University, all postgraduate students gain access to our Graduate School, which provides the facilities and resources you need to excel in your chosen field and significantly enhance your postgraduate experience. We offer a programme of dedicated development opportunities including paid placements, training courses, seminars, webinars and public engagement activities.

Graduate Centres
We have five Graduate Centres based on different campuses and from different discipline areas. These centres are exclusively for postgraduate students and early career researchers and provide access to a range of development activities.

The centres have study and social areas, networked computers, seminar rooms and access to kitchen facilities. They are also a hub for networking between postgraduates and help promote a sense of community. We also have Graduate Schools at our campuses in China and Malaysia, which you can use should you spend any time there.

Our Graduate School

Flexible paid placements
Postgraduate Placements Nottingham offers paid placements with a range of employers from small local businesses to multinational organisations. These placements are open to all postgraduates and are designed to fit in with your studies and give you the opportunity to learn transferable skills and enhance your employment prospects during your postgraduate studies.

Researcher Development Programme
We deliver core training in line with the standards set out by the UK’s major research funders through our Researcher Development Programme. This means that as well as helping you to develop your research skills, you will have access to training opportunities spanning communication skills, careers, time management, and entrepreneurship – and the chance to meet and work alongside researchers from other disciplines.

Funding while you’re here
If you wish to present your research overseas or spend time researching abroad, the Graduate School offers a number of competitive financial awards. These include Graduate School Travel Prizes, which contribute towards the cost of attending a UK or international conference and Building Experience and Skill Travel Scholarships (BESTS) giving you the opportunity for a fully funded visit of up to two months duration at a host organisation anywhere in the world.

Find out more about how our Graduate School can support you: www.nottingham.ac.uk/graduateschool

@UoNGradSchool
UoNGraduateSchool

Visit www.nottingham.ac.uk/go/watch-pg to find out how the Graduate School can support your studies.
Your support network

To help you make the most of your studies, we have a comprehensive range of services offering you support and information for your time at Nottingham.

**Student Service Centres**
Our Student Service Centres are your first point of contact for face-to-face administrative support. Services available here include module enrollment, handing in coursework, help accessing your personal timetable and paying your fees. We can also put you in touch with other teams across the University who can support your studies.

www.nottingham.ac.uk/studentservices

**Academic and Disability Support**
We can help with personal and academic issues affecting your studies – including writing techniques, managing your time, exam preparation, dyslexia support and support for other Specific Learning Difficulties. We can also arrange support and access for disabled students.

www.nottingham.ac.uk/academicsupport

**Financial Support**
We provide information and advice on all aspects of financial support, including government and University funding, loans and bursaries.

www.nottingham.ac.uk/studentservices

**Visa and Immigration team**
We offer confidential, specialised advice on all aspects of UK immigration, from Tier 4 student visas to immigration permission for working in the UK during your studies and after graduating.

www.nottingham.ac.uk/go/student-visa

**The University Health Service**
We offer healthcare, dental services, a pharmacy, GPs, physiotherapy and other specialist clinics*. The University Mental Health Advisory Service is also based here.

www.nottingham.ac.uk/studentservices

**Chaplaincy**
Friendship and advice as well as services of worship – our welcoming Chaplaincy offers guidance and support to students of all faiths and none.

www.nottingham.ac.uk/chaplaincy

* International students must be pursuing a full-time course of at least six months in duration to be eligible for NHS care.

**Childcare Services**
On-campus childcare facilities are available for children aged four months to 12 years – including three daycare facilities and a school holiday play scheme.

www.nottingham.ac.uk/child-care

**Counselling Service**
This is a free confidential service open to staff and students at Nottingham. Our services include groups and workshops, self-help resources, and where appropriate, individual counselling consultation.

www.nottingham.ac.uk/counselling

Discover the full range of services we offer at www.nottingham.ac.uk/studentservices

Find out more: www.nottingham.ac.uk/studentservices
International students
All our services are available to international students and we have specialist resources to help you find work opportunities around the world.

There are several visa options for international students who wish to pursue a career in the UK after graduation, including the Tier 2 (General) visa for graduate jobs, the Doctorate Extension Scheme for PhD graduates, and the Tier 1 (Graduate Entrepreneur) visa for students who are inspired to start a new business within the UK.

For specialised information and advice about visas and working in the UK, visit www.nottingham.ac.uk/go/workingintheuk

Find out about our careers service at: www.nottingham.ac.uk/careers

Our alumni
Pioneering scientists, international policy-makers, leaders of national charities, newspaper editors, novelists, Olympic medallists, a prime minister and a Nobel Prize-winner. We’re proud of the contribution our graduates make to society. Nottingham has a worldwide network of over 250,000 alumni making a contribution in over 195 countries around the world. With an extensive programme of local and international events, our alumni can easily stay in touch.

Find out about our inspiring alumni at www.nottingham.ac.uk/alumni

---

Set yourself apart from the rest

Our award-winning Careers and Employability Service offers ongoing support for planning your career throughout your time at the University and beyond, including:

- lifetime access to our service
- career events with experienced professionals, presentations and drop-ins with employers, and employer-led skills sessions, which are led by a specialist careers adviser
- one-to-one career guidance and CV discussions with our advisers
- over 500 events held each academic year, including those where companies and organisations visit our campuses to promote their opportunities
- assistance in securing part-time or temporary work on or close to campus through www.unitemps.com*
- My Career – an online system that is updated daily with graduate vacancies, placements and internships, PhD opportunities, as well as voluntary and vacation work

The University of Nottingham is in the **top two most targeted universities** by Britain’s leading graduate employers, 2013-16.**

Over 93% of our postgraduates who were available for work were in employment or further study within six months of graduating (2014/15).¹

More than 2,000 employers approach us every year with a view to recruiting our students.

One of the world’s top 50 universities for employer reputation.²

Funding your studies

Funding

When looking at how to fund your postgraduate studies, it is worth taking the time to research your options as there may be opportunities available to you in relation to your area of interest.

Please note that funding applications are usually completed by the spring before you start studying in the autumn.

Tuition fees

All postgraduate students pay an annual fee which covers registration, tuition, initial examination, graduation, access to most of the University’s library and IT services and membership of the Students’ Union.

Tuition fees for 2017/18 entry are listed next to each course on pages 28-69. The fee you pay depends on the course you are on and whether you are classified as a home, EU or international student. Fees quoted are per session, which means from 1 August to 31 July of the relevant academic year, or the full duration of a one-year masters course. Please refer to our webpages for PGDip/PGCert fees.

Part-time fees are normally charged according to the proportion of study undertaken during the year. For example, if you study half of a one-year course, you will normally be charged half of the full-time fee. A definitive list of all postgraduate fees is published on our website.

Tuition fees are included in our course listings and were correct at the time of going to print. You should check the University’s website for the correct course information, entry requirements and fees before you decide to apply for and accept a place on the course:

www.nottingham.ac.uk/fees

Loans

The UK government has introduced a new system of postgraduate loans for certain students undertaking taught and research masters degrees in the UK. These were introduced in 2016 and can provide up to £10,000 in total across all subject areas (subject to eligibility criteria). See www.gov.uk/postgraduate-loan for full details including eligibility and repayment.

You may also want to consider a Professional and Career Development Loan, which you can take out from most high street banks to help you cover the cost of fees and living expenses.

Scholarships and bursaries

You can visit our dedicated funding pages for information about scholarships and bursaries available for taught and research courses. This includes a step-by-step guide to finding funding, supported by our Graduate School:

www.nottingham.ac.uk/funding

Funding for European students

We are Britain’s global university. We want people from the UK, other countries in Europe and beyond to study, teach, research and work here. Find out what funding, help and support is available for you at:

www.nottingham.ac.uk/go/eu-students

Funding for international students

The International Office offers an extensive range of masters and research scholarships for international and EU students. We recommend checking which scholarships you may be eligible for as early as possible and noting the application closing date, as you must receive an offer of study before applying for our scholarships and we cannot accept late applications. Full scholarship details are available at:

www.nottingham.ac.uk/go/international-scholarships

* Please note, there are regulations on work for those who require a student visa. Find out more:

www.nottingham.ac.uk/go/workingintheuk

Find funding for your course

Funding is available from a variety of sources. Find out more at www.nottingham.ac.uk/funding

Supplement your finances with part-time work or tutoring opportunities*

Check funding options for your course in our online prospectus

Look into funding from research councils

Speak to our Graduate School (see page 8)

Consider a postgraduate loan

Investigate funded doctoral training opportunities (see page 26)

See what funding is available from trusts and charities or other learned societies

Consider a Professional and Career Development Loan if eligible

Speak to your supervisor about funding options from your academic school

Look for awards and prizes you may be eligible for

Look for funded studentship opportunities

Supplement your finances with part-time work or tutoring opportunities*

How to apply

This step-by-step guide takes you through the application process. Under each step you may see information for taught and research applicants, as well as information specifically for international applicants.

1 Investigate our postgraduate opportunities

The University’s online prospectus has details of all our current taught and research postgraduate courses: www.nottingham.ac.uk/pgstudy

2 Check entry requirements

Entry requirements vary depending on the course and are detailed on our course listings, starting on page 28.

International students
If you are an international or EU student, you can find guidance on qualifications and entry requirements for your country on our country-specific information webpages: www.nottingham.ac.uk/go/yourcountry

Our English language requirements are listed in IELTS next to courses, starting on page 28. We also accept a variety of other English language qualifications. Find out more at www.nottingham.ac.uk/go/englishlanguagerequirements

3 Check key dates and deadlines

Application deadlines
Home/EU students
Although most postgraduate courses do not formally close for applications until the course start dates, you are advised to apply as soon as possible as places are limited and courses may become full.

There is currently no change to the rights and status of EU nationals in the UK, or UK nationals in the EU, as a result of the EU referendum. Find out more at www.nottingham.ac.uk/go/eu-students

International students
International students are advised to submit applications as early as possible. You will need to receive an unconditional offer and be able to demonstrate that you have secured sufficient funding before you can apply for your student visa. For an overview of the student visa application process see www.nottingham.ac.uk/go/student-visa

4 Write a research proposal

For research applicants
Your application will usually include a research proposal. Find out more at www.nottingham.ac.uk/go/researchproposal

5 Apply for funding

Wherever possible you should secure funding for your studies before applying for a course. However, some scholarships, loans and funding schemes may require you to secure an offer of admission from the University before you apply for funding. For information on fees and funding, see page 14.

6 Submit an application

You can apply directly through our online application system at www.nottingham.ac.uk/pgstudy/apply

You will receive an automatic acknowledgment of your application when submitted and you can view its progress using the tracking information.

Research applicants
Course start dates
Entry to most postgraduate research programmes is available at the start of five months throughout the year: October, December, February, April and July. Please contact your school or department for details of specific start dates.

Application deadlines
Research programmes usually recruit postgraduate students throughout the year, but it is worth checking if there are any closing dates for the project you are applying for. If you are applying for a Doctoral Training Programme (see page 26), please check dates and deadlines for each centre.

International students
The application deadline for applicants starting on 1 October 2017 is 18 August 2017.

International applicants
If you are considering undertaking a taught postgraduate course, you can apply directly to the University. Follow the next steps to find out how.

Combining beautiful parkland and countryside, impressive traditional and modern architecture, along with cutting-edge learning and research facilities, our award-winning campuses are inspiring places to live, work and study.

University Park Campus
One of the most beautiful campuses in the UK, the 300-acre landscaped site is set around a boating lake. With outstanding sports facilities, libraries, art galleries, two theatres, a museum, recital hall, hotel, health centre, hair salon, two banks and a student bar, it really is the hub of student life. It’s hard to believe this wooded oasis, with wildflower meadows and secret gardens, is just 10 minutes by bus or tram from the bustling, cosmopolitan city centre.

Jubilee Campus
The campus has won numerous awards for its environmentally friendly design, including receiving Green Flag award status every year since 2013. Futuristic architecture, a library in a lake, eco-friendly buildings and innovative technologies combine to create unique surroundings. And you can’t miss the Aspire sculpture, one of the tallest free-standing public works of art in the UK.

Sutton Bonington Campus
Set in beautiful countryside 10 miles south of University Park, Sutton Bonington is home to our Schools of Biosciences and Veterinary Medicine and Science. It has state-of-the-art plant and food science laboratories, a commercial farm and dairy centre alongside a library, halls of residence and a sports centre.

Healthcare sites
The University has strong links with hospitals across Derbyshire, Lincolnshire and Nottinghamshire, meaning we can offer placements in many specialisms.

Our Medical School is situated in Queen’s Medical Centre (QMC), directly opposite University Park Campus. From here you can also access Nottingham City Hospital via a free bus which hosts our Division of Physiotherapy. If you choose to study Graduate Entry Medicine or Graduate Entry Nursing, you will study at our purpose-built site at The University of Nottingham Royal Derby Hospital Centre.

International campuses
Our international campuses offer you a unique opportunity to study abroad. Find out about studying abroad on page 65 and more about our international campuses on pages 66-69.

China Campus
Our 144-acre parkland site campus near the city of Ningbo has teaching, research and sports facilities and is home to more than 6,500 students from all over the world.

Malaysia Campus
Established in 2000, our Malaysia Campus is near beaches and tropical rainforests. Students have access to a sports centre, swimming pool, shops, food outlets, and impressive teaching and study facilities.

Read more about our campuses at www.nottingham.ac.uk/about/campuses
University-arranged postgraduate student accommodation fees

Typical fees are listed below, based on fees confirmed for 2016/17. These include heating, electricity and water bills, students’ committee membership, Wi-Fi and personal contents insurance.**

Fees for 2017/18 were not available at the time of print but will be on our website from March 2017. You should check the University’s website for the correct information and fees before you decide to accept any offer of accommodation.

We guarantee all new postgraduate students University-arranged accommodation for one year to help make your move to Nottingham as simple and stress free as possible.*

University-arranged accommodation

We have six accommodation sites that are well-placed for easy access to all our campuses as well as local amenities and the city centre. You can choose from single study bedrooms in shared flats to en-suite self-contained studio apartments. All flats have a fully fitted kitchen, dining facilities and Wi-Fi. There are security teams dedicated to each site, a management team and a student committee that organises events and activities at each of our sites, providing a safe and comfortable environment.

Accessible living

If you have a disability and need accessible accommodation, we will do all we can to provide the access and facilities you need. We urge you to inform us as early as possible, as students with specific requirements must be considered according to priority and availability.

Couples and family housing

If you intend to come to university with your partner or family, you can apply for one of a limited number of places in University houses or you can find suitable housing in the private sector.

The private sector

If you would prefer to find private housing, there is more information on house-hunting and costs on our website: www.nottingham.ac.uk/accommodation/privatesector

How to apply

You can apply for accommodation online at www.nottingham.ac.uk/accommodation from 1 March 2017 onwards if you are due to begin your studies in September 2017. You will need to accept your course place before you can apply for accommodation. The deadline for applications is 1 August 2017.

* The guarantee is for a single-occupancy room for one year for students starting in September. To qualify for the guarantee, you must accept your course place and return your accommodation application by 1 August 2017. University-arranged accommodation includes accommodation that is managed by the University or arranged with external developers. All external developers adhere to the Code of Standards for larger developments. Please visit the relevant sections of our website to find the most up to date information.

** Fees quoted are for a 51-week occupancy period on a self-catered basis.

Visit www.nottingham.ac.uk/go/watch-pg to find out more about postgraduate accommodation options.
Student life and more

Our Students’ Union
The University of Nottingham Students’ Union is one of the most active in the country. They provide a variety of events and activities throughout the year, including Postgraduate Welcome Week that is run jointly with the Graduate School (see page 8) – seven days of events, presentations and drop-in sessions to help you settle in.

The Students’ Union has over 200 societies for you to choose from, so there are plenty of opportunities to develop an existing hobby or try something new. You will also have the opportunity to volunteer at a choice of over 70 local charities through the Student Volunteer Centre.

@UoNSU
Students’ Union
UNIVERSITY OF NOTTINGHAM

Find out more: www.su.nottingham.ac.uk

Culture on campus
Nottingham Lakeside Arts, the University’s public arts centre and museum, has rapidly established itself as one of the region’s most exciting arts venues presenting exhibitions, music, drama and dance, special collections and archaeology, as well as participatory and family events all year round.

Lakeside offers students the chance to get involved through internships and work placements, as well as an annual collaboration with The Nottingham New Theatre, the University’s student-run theatre, which allows students an annual collaboration with The Nottingham New Theatre, which allows students to work alongside leading professionals on every aspect of producing theatre.

@LakesideArts
Lakeside Arts

Find out more: www.lakesidearts.org.uk

Sporting opportunities
We have a range of state-of-the-art sports facilities on campus with the brand new £40m David Ross Sports Village set to open in autumn 2016. Sports members will be able to access facilities on all three campuses, which include:

- three fully-equipped fitness suites
- a 25m swimming pool
- an extensive range of exercise classes
- squash courts and indoor sports halls
- online booking and fast-track access

The University of Nottingham has over 70 sports clubs open to students catering to every interest, from dodgeball to skydiving and swimming to snowsports. We also have a Sports Scholarship Scheme to support outstanding athletes to meet the cost of elite sports participation, with world-class coaching and support services.

For students wanting to play socially, our popular intramural sports leagues have more than 200 teams competing weekly in sports like football, netball, volleyball and table tennis. The Engage programme offers beginner and social coaching and support services.

Our provision for disabled students is comprehensive, with our dedicated Disability Sports Officer, supported fitness programmes and buddy scheme ensuring all students can make the most out of our inclusive sport and fitness offering.

Experience Nottingham
At the heart of England, Nottingham is a vibrant and versatile city, rich with heritage and culture, embracing creativity and originality.

Food and drink
Nottingham has an impressive range of restaurants, cafes and bars. The city centre offers contemporary canal-side bars, affordable cafes and is home to two of England’s oldest pubs which stand close to Nottingham Castle.

Cultural highlights
In the city, you will find a selection of contemporary and traditional art galleries, two large multiplex cinemas and independent favourites such as Broadway Cinema, which offers the best in arthouse and world cinema. If you prefer the stage, Nottingham has large theatres, such as Nottingham Playhouse and Theatre Royal, and smaller venues, including those with regular comedy nights.

Sporing city
Whether you want to spectate, train or compete, you’ll be spoilt for choice in Nottingham. Venues include Trent Bridge international cricket ground, Nottingham Forest and Notts County football clubs, the National Water Sports Centre, National Ice Centre, Nottingham Tennis Centre and Nottingham Climbing Centre.

Nottingham was voted VisitEngland’s official ‘Home of Sport’ in 2015.

Music scene
Nottingham has something for everyone. The Royal Concert Hall hosts opera and classical concerts, while the huge Motorpoint Arena attracts nationwide popular music and comedy tours. The legendary Rock City showcases top rock and indie acts, while venues such as the Rescue Rooms and Bodega Social Club showcase the latest alternative acts.

Shopping
Well-known for its shopping, Nottingham offers an enticing mix of high street and vintage clothes stores catering for every style and budget.

The English countryside
For a change from urban life, visit Wollaton Hall and Deer Park (across the road from University Park Campus), the city-centre Arboretum, Nottingham Castle, Sherwood Forest or the Peak District.

Student life at Nottingham
International student support

The University of Nottingham is dedicated to the needs of international and EU students and will ensure you have all the information you need to live and study at Nottingham. You can find information about the support we offer at www.nottingham.ac.uk/go/international-applicants.

International standard
Although we serve a thriving international community, we are still firmly rooted in all that is distinctive about British education. The UK is known for its innovative teaching and assessment methods that encourage independent and creative thinking. The UK’s quality standards are among the best in the world, with institutions continually assessed to ensure study opportunities meet strict criteria.

For information including contact details and entry requirements specific to your country, visit www.nottingham.ac.uk/go/yourcountry

Meet us in your country
Members of our International Office and academic staff visit many countries to meet prospective students and attend international exhibitions. We also have offices in East Asia, Southeast Asia, and West Africa.

Find out more: www.nottingham.ac.uk/go/countryvisits

Independent visits
You can arrange an independent visit to the University to meet one of our international officers and discuss studying in Nottingham. We advise that you make arrangements with any schools or departments you would like to see during your visit. Where possible, we will also arrange a tour of our campuses for you with one of our current students.

Find out more: www.nottingham.ac.uk/internationalstudents/meetus

Scholarships and funding
We offer a wide range of postgraduate scholarships for international and EU students each year. Find out more on page 70. The International Office also provides financial guidance on funding and budgeting for your studies, and support for sponsored students.

Find out more: www.nottingham.ac.uk/go/international-finance

Visas and immigration
If you will require a visa to study within the UK, the Visa and Immigration team can provide you with detailed information and advice on obtaining your student visa.

Find out more: www.nottingham.ac.uk/go/student-visa

Welcome Programme
For new international students joining the University in September or October, we offer a free International Welcome Programme, just before the start of the academic year.

Find out more: www.nottingham.ac.uk/internationalstudents/welcome

Students with families
If you are bringing your partner or family with you to Nottingham, there are several useful pieces of information we can provide to support that transition. Find out more:

Find out more: www.nottingham.ac.uk/internationalstudents/families

European students
Students from the UK, other countries in Europe and beyond are a vital part of our diverse student community. If you are concerned about how the UK’s EU referendum may affect you please see www.nottingham.ac.uk/go/eu-students

Support services
As an international or EU student you will have access to the University’s range of support services. See page 10 for more information.

If you have any questions, contact our International Office:

Academic English preparation and support

The University’s Centre for English Language Education (CELE) provides high-quality preparation and English language support before and during your studies.

If you want the best English language and study skills preparation for your future academic course, you can attend an academic English preparation course. You can progress through four English for Academic Purposes stages, depending on your language level. Courses range from 5-40 weeks long with start dates throughout the year.

CELE offers specialist summer courses for students going on to study business, architecture and built environment, engineering and law. There is also a four-week programme which runs in August for students who already have an unconditional offer and would like to refresh their study and language skills.

Students at the centre can take part in a variety of activities, such as conversation practice, cultural exchanges and quizzes.

For information about English language requirements see the course listings starting on page 28.

In addition to English preparation courses, CELE also offers free academic English language support (insessional programmes) to help students develop their English ability and study skills during their academic studies.

Find out more: www.nottingham.ac.uk/cele
The University is involved in the following Doctoral Training Programmes:

This symbol indicates programmes available to international students.

Centre name:
- Additive Manufacturing and 3D Printing*
- Advanced Therapeutics and Nanomedicines*
- Alzheimer’s Society Doctoral Training Centre
- Antimicrobials and Antimicrobial Resistance Doctoral Training Centre
- Arts and Humanities Research Council (AHRC) Midlands3Cities Doctoral Training Partnership
- Biomedical Imaging*
- Biotechnology and Biological Sciences Research Council (BBSRC) Doctoral Training Partnership*
- Carbon Capture and Storage and Cleaner Fossil Energy*
- Complex Systems and Processes Centre for Doctoral Training
- Composites Manufacture*
- Crops for the Future Research Centre
- Economic and Social Research Council (ESRC) Doctoral Training Centre
- Envision (Natural Environment Research Council – NERC)
- Fuel Cells and Their Fuels*
- Healthcare Technologies Centre for Doctoral Training
- Horizon Centre for Doctoral Training – My Life in Data*
- IMPaCT – Innovative Metal Processing*
- Integrated Magnetic Resonance Centre for Doctoral Training
- International Doctoral Innovation Centre (IDIC) – Overseas Doctoral Training Programme
- Manufacturing Technology EngD Centre (MTEDC)*
- Mathematics for a Sustainable Society (MASS)
- Medical Research Council Doctoral Training Partnership
- NERC Oil and Gas
- Non-Destructive Evaluation*
- Rehabilitation and Healthcare Research EPSRC*
- Regenerative Medicine*
- Soils Training and Research Studentships (STARS) Centre for Doctoral Training (CDT)
- Sustainable Chemistry* 
- Synthetic Biology Research Centre

The above information was correct at the time of print but should be considered as a guide only. It is important that you check the individual course opportunity before making your application. To find out more about the programmes we offer, eligibility, stipends or to apply for a fully funded studentship visit www.nottingham.ac.uk/dtprogs

* From October 2011 onwards the Engineering and Physical Sciences Research Council (EPSRC) has allowed universities some limited flexibility and discretion within EPSRC-funded Centres for Doctoral Training (CDT) to support the very best students whenever they may come from (EU, international or otherwise) who would not normally meet the eligibility requirements for EPSRC funding. Please contact the CDT directly for further information.

### Notes

- Some courses are accredited by the Economic and Social Research Council (ESRC) and eligible for scholarship funding.
- Find out more: [www.nottingham.ac.uk/english/funding](http://www.nottingham.ac.uk/english/funding).
- This course is offered in conjunction with Nottingham University Business School.
- Estimated fee, subject to confirmation from Research Councils UK. Please see our website for the most up to date fee information.
- Teaching experience, although not essential, would be useful for this course.
- September and February start dates.
- Offered in conjunction with the School of Health Sciences.
History of Art
Full-time: Part-time: IELTS: UK / EU tuition fee: International tuition fee: Entry requirements:
Art History MA
1 year 2 years 7.0 (6.0) £6,525 £15,885 2:1 (or international equivalent) in art history or a related subject.
Visual Culture MA
1 year 2 years 7.0 (6.0) £6,525 £15,885

Research courses
Art History MRes

### Master of Science by research (MSc)

**Biophotonics MSc (by research)**

| 1 year | n/a | 6.0 (5.5) | £4,183** | £20,070 | 2:1 (or international equivalent) and/or a masters at merit level or above in a relevant subject. |

### Master of Research (MRes)

**Electrical and Electronic Engineering MRes**

| 1 year | n/a | 6.0 (5.5) | £4,183** | £20,070 | 2:1 (or international equivalent) and/or a masters at merit level or above in a relevant subject. |

### Engineering Doctorate (EngD)

**BBBSRC (Biotechnology and Biological Sciences Research Council) Doctoral Training Partnership EngD**

4 years

| n/a | n/a | 6.0 (5.5) | * | n/a | For information about doctoral training opportunities, see page 26 or visit [www.nottingham.ac.uk/dtprogs](http://www.nottingham.ac.uk/dtprogs) |

**EPSRC Centre for Doctoral Training in Additive Manufacturing EngD**

4 years

| n/a | n/a | 6.0 (5.5) | * | n/a | For information about doctoral training opportunities, see page 26 or visit [www.nottingham.ac.uk/dtprogs](http://www.nottingham.ac.uk/dtprogs) |

**Efficient Fossil Energy Technologies EngD**

4 years

| n/a | 6.0 (5.5) | £4,183** | £20,070 | 2:1 (or international equivalent) and/or a masters at merit level or above in a relevant subject. |

**Manufacturing Technology EngD**

4 years

| n/a | 6.0 (5.5) | £4,183** | £20,070 | 2:1 (or international equivalent) and/or a masters at merit level or above in a relevant subject. |

**Non-destructive Evaluation EngD**

4 years

| n/a | 6.0 (5.5) | £4,183** | £20,070 | 2:1 (or international equivalent) and/or a masters at merit level or above in a relevant subject. |

### Doctor of Philosophy (PhD)

**Architecture (Science) PhD**

3 years**

| n/a | 6.0 (5.5) | £4,183** | £20,070 | 2:1 (or international equivalent) and/or a masters at merit level or above in a relevant subject. |

**Architecture (Social Science) PhD**

3 years**

| n/a | 6.5 (6.0) | £4,183** | £15,570 | 2:1 (or international equivalent) and/or a masters at merit level or above in a relevant subject. |

**Architectural Design (Social Science) PhD**

3 years**

| n/a | 6.0 (5.5) | £4,183** | £15,570 | 2:1 (or international equivalent) and/or a masters at merit level or above in a relevant subject. |

**Building Technology PhD**

3 years**

| n/a | 6.0 (5.5) | £4,183** | * | 2:1 (or international equivalent) and/or a masters at merit level or above in a relevant subject. |

**Chemical Engineering PhD**

3 years**

| n/a | 6.0 (5.5) | £4,183** | * | 2:1 (or international equivalent) and/or a masters at merit level or above in a relevant subject. |

**Civil Engineering PhD**

3 years**

| n/a | 6.0 (5.5) | £4,183** | * | 2:1 (or international equivalent) and/or a masters at merit level or above in a relevant subject. |

**Digital Economy PhD**

4 years**

| n/a | 6.0 (5.5) | £4,183** | * | 2:1 (or international equivalent) and/or a masters at merit level or above in a relevant subject. |

**Digital Economy (International Doctoral Innovation Centre, Ningbo, China) PhD**

4 years**

| n/a | 6.0 (5.5) | £4,183** | * | 2:1 (or international equivalent) and/or a masters at merit level or above in a relevant subject. |

Find out about our courses and entry requirements at [www.nottingham.ac.uk/pgstudy](http://www.nottingham.ac.uk/pgstudy)
China Campus

Why study with us?

• Our purpose-built campus offers teaching and IT facilities, accommodation for all students, restaurants, shops and a dedicated sports complex – all within easy reach.
• Experience living in China, a country that has grown in global, economic and social influence.
• Have the opportunity to learn Mandarin, the world’s most spoken language, while studying for a University of Nottingham masters degree in China.
• Live in a friendly community where you can get to know tutors and make friends and contacts from all over the world.
• All programmes are taught in English to the same teaching and assessment standards as The University of Nottingham UK, so you can be assured that your degree will be recognised by employers and universities worldwide.

Courses

Faculty of Humanities and Social Sciences
MA, MSc, EdD and PhD programmes

Faculty of Science and Engineering
MSc, MRes and PhD programmes

Nottingham University Business School China
MSc and PhD programmes

For a full list of courses visit www.nottingham.edu.cn

International Doctoral Training Programmes

The International Doctoral Innovation Centre supports PhD research and promotes international collaboration to train future leaders in energy and digital technologies.

For more information on this programme visit www.nottingham.edu.cn/idic

Entry requirements

For all entry requirements visit www.nottingham.edu.cn

English language requirements

All our courses are taught and assessed in English. Applicants are subject to similar language requirements as those applying to The University of Nottingham, UK – see page 25 for information on our English language courses.

Find out more: www.nottingham.edu.cn

Fees

International tuition fees for masters students at the China Campus for the 2016/17 session are 90,000 RMB*. PhD programmes are 80,000 RMB-90,000 RMB** per year. You will find that living costs in China are considerably lower than in the UK. For details, including up to date fees visit www.nottingham.edu.cn

Applying

International students going to China on a student visa must study full-time and cannot register for a part-time course of study. Applications should be made directly to the China Campus. If you would like to study in both the UK and China or have any other individual study requirements, please contact the international recruitment team.

Qualifications from all our campuses are recognised equally. However, please be aware that courses accredited by external bodies in the UK may not be accredited in the same way at our international campuses. Please contact us for details.

Find out more and apply: www.nottingham.edu.cn/internationalapplications

Why study with us?

• We provide the same programmes to those offered at Nottingham, UK, with students awarded University of Nottingham degree certificates.
• All programmes are taught in English with the same teaching and assessment standards as The University of Nottingham, UK, so you can be assured that your degree will be recognised by employers and universities worldwide.
• Our purpose-built campus is home to over 4,500 students, and is well equipped with high-quality accommodation, state-of-the-art learning facilities and amenities including a sports complex, cafes and a health centre.
• Our facilities also include the Kuala Lumpur Teaching Centre, which is comprised of lecture halls and seminar rooms. A range of postgraduate programmes are delivered here.

Courses

Faculty of Arts and Social Sciences
MSc, MBA, MA, MRes, MPhil, PGCert, PGDip and PhD programmes

Faculty of Engineering
MPhil, MSc and PhD programmes

Faculty of Science
MSc, MRes, MPhil and PhD programmes

For all entry requirements visit www.nottingham.edu.my/study

English language requirements

All our courses are taught and assessed in English. Applicants are subject to similar language requirements as those applying to The University of Nottingham, UK – see page 25 for information on our English language courses.

Find out more: www.nottingham.edu.my/cele

Fees

International tuition fees at the Malaysia Campus for the 2016/17 session are RM16,700 - RM60,500* for a taught masters programme and RM38,040 - RM73,820** per year for MPhil and PhD programmes. You will find that living costs in Malaysia are considerably lower than in the UK.

For details, including up to date fees visit www.nottingham.edu.my/study

Applying

International students can apply for full and part-time programmes at Malaysia. Applications for part-time programmes can only be made if you are holding a valid employment pass in Malaysia or if you are applying for a programme that is only offered on a block module basis. Applications should be made directly to the Malaysia Campus.

Qualifications from all our campuses are recognised equally. However, please be aware that courses accredited by external bodies in the UK may not be accredited in the same way at our international campuses. Please contact us for details.

Find out more and apply: www.nottingham.edu.my/applications

If you would like to study in both the UK and Malaysia or have any other individual study requirements, please contact the relevant academic school. Details can be found online.

Posts are advertised in the educational press and relevant specialist journals. Current vacancies can be viewed on our website: www.nottingham.ac.uk/jobs

Studentships

Research opportunities for UK and EU students funded by the European Commission, industry and other sources. Current vacancies can be viewed on our website: www.nottingham.ac.uk/jobs

Student Finance England and postgraduate loans

From 2016 the government will offer loans of up to £10,000 to certain students starting postgraduate masters courses. For the latest information including eligibility, visit www.gov.uk/funding-for-postgraduate-study

Professional and Career Development Loans

Bank loans are available to pay for courses or training. t: +44 (0)800 100 900 www.gov.uk/career-development-loans

Student Awards Agency for Scotland (SAAS)

SAAS offers some support for Scottish domiciled students choosing a course outside of Scotland. Please contact SAAS directly. t: +44 (0)300 555 0505 www.saas.gov.uk

Charitable awards

Awards are available in a variety of subject areas. Please contact your chosen charity directly to see what opportunities are available to you. Please visit individual charity websites for contact details.

International students

Applying for funding

Applicants must receive an offer of study before applying for scholarships. Please note the closing dates of any scholarships and make sure you apply for your course in good time as we cannot consider late scholarship applications. For further details of international scholarships, as well as external sources of funding, visit www.nottingham.ac.uk/go/international-scholarships

Research Councils UK awards

Research Councils UK fund studentships through doctoral training programmes at various UK institutions, including The University of Nottingham. Find out about opportunities at Nottingham on page 26 or visit www.nottingham.ac.uk/dtprogs

International students

Applying for funding

Applicants must receive an offer of study before applying for scholarships. Please note the closing dates of any scholarships and make sure you apply for your course in good time as we cannot consider late scholarship applications. For further details of international scholarships, as well as external sources of funding, visit www.nottingham.ac.uk/go/international-scholarships

Masters scholarships

Commonwealth Shared Scholarship
China Scholarship Council Research Excellence Scholarship
Developing Solutions Masters Scholarship
Faculty of Engineering Research Excellence PhD Scholarship
Partial tuition fee scholarships for a range of countries and regions
Islamic Development Bank Scholarship Programme
Co-funded scholarship schemes in partnership with external sponsors
Vice-Chancellor’s Scholarship for Research Excellence

External sources of funding

Chevening Scholarships are the UK government’s global scholarship programme for outstanding masters students from over 160 countries worldwide. Find out more: www.nottingham.ac.uk/go/chevening

The Commonwealth Scholarship Commission offers masters and PhD scholarship opportunities for students from Commonwealth countries. Find out more: www.nottingham.ac.uk/go/csc

Sponsored students

If your studies will be funded by an official sponsor such as an overseas government, international business, charity or trust, we can invoice them directly for your tuition fees.

Managing your finances

The International Office provides information and advice for international and EU students on living costs in Nottingham, budgeting and managing your finances while studying.

For more information related to paying tuition fees visit www.nottingham.ac.uk/go/international-finace

Come and see for yourself

Arrange a visit
You can contact our Student Recruitment Enquiry Centre to find out how to arrange a visit:
t: +44 (0)115 951 5559
www.nottingham.ac.uk/enquire

School/department open days and visits
Some faculties, schools and departments run their own scheduled open days. Most are also happy to receive visitors at any time, by prior arrangement. Contact details can be found on the course listings at www.nottingham.ac.uk/pgstudy

Virtual Nottingham
If you don’t get a chance to come and visit, you can take virtual tours of our campuses, watch videos of current students and find information on accommodation, student life, careers and more:
www.nottingham.ac.uk/virtualnottingham

International students
We have international offices based in East Asia, Southeast Asia and West Africa. Our international representatives also visit many countries to meet prospective students and attend exhibitions. For more information on country visits and independent visits, see www.nottingham.ac.uk/internationalstudents/meetus

By car
Below are the postcodes for our various campuses to be used with satellite navigation or other route planners. If you would like further information about how to find us or about our campuses please see www.nottingham.ac.uk/about/campuses
University Park Campus postcode: NG7 2QL
Jubilee Campus postcode: NG8 1BB
Sutton Bonington Campus postcode: LE12 5RD

By train
Having undergone a multi-million pound upgrade, completed in early 2014, Nottingham’s train station is a great gateway to the city. To find out more about travel times and costs, please see www.thetrainline.com

By coach
Getting to us by coach can be a cost-effective way to travel. To find out more about travel times and costs, please see www.nationalexpress.com and www.megabus.co.uk

By plane
East Midlands Airport is approximately 13 miles from the city centre, University Park and Jubilee Campuses, and five miles from Sutton Bonington Campus. There are several public transport options from the airport to Nottingham:
• The 24-hour Skylink bus service runs to Nottingham city centre (taking around 55 minutes) and also stops in Beeston near University Park Campus (taking around 40 minutes)
• Taxi services connect you to East Midlands Parkway, from where there are trains to Nottingham (around 15 minutes) and Beeston (around 10 minutes)
• There are also easy transport links to Nottingham by rail or coach from major airports in London, Birmingham and Manchester

Based in the Midlands, Nottingham has excellent road and rail networks, and air links to major cities across the UK and the world.
Once you’re in the city, there are great public transport links to help you get around:

Bus
The University’s Hopper Bus is a regular free shuttle bus between University Park, Derby Hospital, Jubilee and Sutton Bonington Campuses. As a student, there are regular buses that can take you straight from University Park Campus to the city centre for as little as £1.

Taxi
Our Students’ Union run the Safer Taxi Scheme which enables you to book a taxi by text message and operate on a fixed price system. To find out more about this scheme please see www.su.nottingham.ac.uk/safer-taxi-scheme

Getting around Nottingham

Tram
The University is serviced by a new tram line that runs directly into Nottingham, creating a fast and easy way to get to and from the city centre, Beeston and other student hotspots.

Bike
As well as benefiting from great public transport options, the University champions cycling and has cycle parking areas to accommodate over 4,400 bicycles. In addition there is on-campus cycle hire with bikes that can be returned to any hire location – either those on campus or locations across Nottingham city centre. Find out more: www.nottingham.ac.uk/go/citycardcycles

Publication information
Every effort has been made to ensure that the information contained in this publication is fair and accurate at the time of going to press. However, the courses, tuition fees and services covered by this publication are subject to occasional changes, and no guarantee can be given that these will not be made following publication and/or after candidates have been admitted to the University.

Any complaints concerning the fairness or accuracy of this publication should be addressed in writing to the Registrar, who will investigate the matter and reply in writing within 21 days of receiving the letter.

Admittance to the University is subject to the requirement that students will comply with the University’s registration procedure and will duly observe the charter, statutes, ordinances and regulations of the University.

Publication updates
For the most up to date information on our courses visit www.nottingham.ac.uk/pgstudy
For updates to this prospectus visit www.nottingham.ac.uk/go/pgprospectusupdates

You should check the University’s website for the correct information on courses (see above) and fees before you decide to apply for and accept a place on the course: www.nottingham.ac.uk/go/fees
