To find systematic reviews with breast cancer in the title type breast cancer into the search box. Click the title icon to limit the search to the words if they occur in the title. You can also search as keyword but you may find some of the results won't be as relevant. Select systematic reviews in the "Publication Type" menu. You can further refine the search by adding a date limit if you wish

Results are displayed in the search history box, which is above the search box. Set 2 has been limited to systematic reviews, retrieving three results. To view the results click on "Display"

| # ▼ | Searches | Results | Search Type | Actions |
|-----|-------------------------------|---------|-------------|---|
| 2 | limit 1 to systematic reviews | 3 | Advanced |  Display |
| 1 | breast cancer.m_titl. | 21 | Advanced |  Display |

The title and abstract are displayed along with Year of Publication and Date Updated. To view a pdf version of the full systematic review click on "JBI Database PDF"

Evidence Based Practice Tools on JBI

The EBP Tools allow your institution to implement evidence based practice, complete with benchmarking . There are a range of tools such as research Tools, Appraisal and Implementation Tools, Point of Care Tools, and Quality Improvement Tools.

To use the JBI EBP Tools such as Manual Builder etc you need to create a separate account to your Athens account. . The EBP Tools can be seen to the left of the abstracts page or they also exist as a separate tab (EBP Tools) after you log in to JBI via athens

The screenshot shows the JBI EBP Tools interface. At the top, there are logos for Wolters Kluwer Health and OvidSP, along with navigation links: My Account, My PayPerView, Support & Training, Help, and Logoff. Below the logos is a navigation bar with tabs: Search, Journals, Books, Multimedia, My Workspace, and EBP Tools. The EBP Tools tab is selected, and a dropdown menu is open, listing various tools: JBI Tools, MANUAL BUILDER, PAMPHLET BUILDER, CAN-IMPLEMENT, PACES, POOL, COOL, JOURNAL CLUB, TAP, RAPID, SUMARI, Actuari, Mastari, Notari, Qari, and CREMS. On the left, there is a 'Search History' section with two searches: 'limit 1 to systematic reviews' and 'breast cancer.m_titl.'. Below this is a 'Basic Search' section with a search bar and a 'Search' button. On the right, there is a 'Search Type' section with a table showing 'Advanced' search types and their actions (Display, More >).

When you click on a link such as Manual Builder you will be prompted to login. If you haven't already created an account there is an option to "Create Account", which is a separate login to your Athens login.

The screenshot shows a login prompt for the JBI EBP Tools. At the top, there is a navigation bar with tabs: Search, Journals, Books, Multimedia, My Workspace, and EBP Tools. Below the navigation bar is a red banner with a warning icon and the text: "You must login to a Personal Account to access this feature." Below the banner is a list of instructions: "To login, enter your Personal Account Name and Password.", "Users with Athens IDs may like to enter their Athens ID as the Personal Account Name.", "Create a new Personal Account", and "Forgot your Personal Account password?". Below the list are two input fields: "Personal Account Name:" and "Password:". At the bottom right is a "Login >" button.
