Great News - Recruitment Target Achieved!

It is FANTASTIC that we have recruited all the participants needed to reach our target.

Thank you!

Our next goal...

We need everyone to please complete and return their study questionnaires. This will enable us to find out what help people have received and what the return to work rates are.

About the follow-up questionnaires

Please complete and return your questionnaires regardless of whether you have returned to work.

Your information is vital to this study and we are here to help. We will ring you if your questionnaire is not returned to ask if you would like to complete it over the phone.

Expect a phonecall from Dr Diane Trusson:

Tel: 07989 736828

Your experience is important to us. Thank you for supporting this research!

100% of our target recruited!
