

Topic: Clinical Epidemiology

Current and recently completed research projects:

- **ALERT: Early Detection of Adverse Drug Events by Integrative Mining of Clinical Records and Biomedical Knowledge**
Investigators: J van der Lei, J Hippisley-Cox, C Coupland and 10 other European Partners
Funded by the European Commission, to commence February 2008
- **Safety and harms of antidepressant drugs for older people: an analysis using a large primary care database**
Investigators: C Coupland, J Hippisley-Cox, T Arthur & T Sach
Funded by the Health Technology Assessment, November 2007 – February 2009
- **Uptake of influenza vaccine in patients at risk of flu: National Survey**
Investigator: J Hippisley-Cox
Funded by: Department of Health, August 2007 to July 2008
- **Case-control study of potential for influenza and/or pneumococcal vaccination in prevention of acute myocardial infarction (IPVAMI)**
Investigators: N Siriwardena & C Coupland
Funded by the Department of Health, Research for Patient Benefit Scheme, June 2007 – June 2008
- **Helicobacter Pylori Eradication vs. Aspirin Toxicity (HEAT) Trial: Pilot Study**
Investigators: C Hawkey, J Hippisley-Cox, C Coupland, R Logan, T Avery & D Kendrick
Funded by the Medical Research Council, August 2007 – July 2008
- **Osteoporosis, QOF, Programme budgeting and NICE**
Investigator: J Hippisley-Cox
Funded by the Information Centre, July 2006 to July 2009
- **HPA/UoN Collaborative Surveillance Research Project**
Investigator: J Hippisley-Cox
Funded by Health Protection Agency, April 2006 to March 2009
- **Epidemiology of allergic and respiratory disease**
Investigator: Julia Hippisley-Cox
Funded by the Information Centre, July 2005 to July 2009
- **QRESEARCH – validation and scope**
Investigators: J Hippisley-Cox & Mike Pringle
Funded by:
 - NHS Information Centre, July 2005 to July 2009
 - Division of Statistics, Department of Health, December 2003 - March 2005

- **Research Study leave for Julia Hippisley-Cox**
 Investigator: J Hippisley-Cox
 Funded by the University of Nottingham Research Strategy Fund, January 2005 – December 2007
- **Qflu – an extended daily surveillance system**
 Investigator: J Hippisley-Cox
 Funded by the Health Protection Agency, October 2005 – March 2006
- **National stroke services in primary care**
 Investigator: J Hippisley-Cox
 Funded by the National Audit Office, January 2005 – July 2005
- **Inequalities in care and Outcomes for patients with mental health problems**
 Investigators: J Hippisley-Cox
 Funded by the Disability Rights Commission, August 2004 to January 2005
- **Electronic medical records for Health Indicator Data (eHID)**
 Investigators: M Pringle, C Elliott, D Fleming, R Verheij, I Falcao, J S Andersen, G Hebbrecht, R Nardi, V Pacheco & V van Casteren
 Funded by the European Commission, July 2004 - December 2007
- **QRESEARCH – a new national surveillance service**
 Investigators: J Hippisley-Cox & M Pringle
 Funded by the Health Protection Agency, April 2004 to March 2006
- **QRESEARCH – a new high quality database for research**
 Investigators: J Hippisley-Cox & M Pringle
 Funded by University of Nottingham Biomedical Research Committee Period, August 2003 - August 2004
- **The first National Stroke Audit in Primary Care**
 Investigators: J Hippisley-Cox & M Pringle
 Funded by the Clinical Effectiveness Unit, Royal College of Physicians, October 2003 to July 2004
- **Access to care for people with Hepatitis C infection**
 Investigators: J Hippisley-Cox, S Ryder, M Pringle, K Neal, C Coupland, M Bicknell & S Smith
 Funded by a Nottingham & District Alliance Pump Priming Grant, October 2002 – June 2003
- **A general population based study of the impacts of tricyclic and selective serotonin reuptake inhibitor antidepressants on acute myocardial infarction**
 Investigators: R Hubbard, J Hippisley-Cox, J West, P Farrington, L Smeeth, C Smith & L Tata
 Funded by School Research Fellowship, School of Community Health Sciences, University of Nottingham, October 2002 – September 2003
- **The NSF for Diabetes, the effect of policy changes on quality of care, access & outcomes for patients with diabetes in Trent**
 Investigators: J Hippisley-Cox, M Pringle, C Coupland & V Hammersley
 Funded by NHSE Trent, June 2001 – December 2002

- **Follow-up for the NSF for diabetes**
Investigators: J Hippisley-Cox & M Pringle
Funded by the Insulin dependent Diabetes Trust, January 2003 – December 2007
- **STATINS: The Evaluation of Nurse-led outbound telephone support for patients taking Statins - Pilot Study**
Investigators: M Pringle & J Hippisley-Cox
Funded by the Medicines Partnership, October 2003 – April 2004
