

Topic: Smoking Cessation

Current and recently completed research projects:

- **Proposal to establish a UK Tobacco Control Research Centre (a Centre of Public Health Excellence)**
Investigators: J Britton, A McNeill, S Lewis, T Coleman, A Amos, P Aveyard, L Bauld, P Hajek & R West.
UK Clinical Research Collaboration, January 2008 to December 2012
- **The impact of UK smokefree legislation on the management of smoking in primary care (PhD studentship in Epidemiology for an unnamed student)**
Investigators: T Coleman, S Lewis & A McNeil
Cancer Research UK, to commence October 2008.
- **A study to explore spontaneous smoking cessation and develop ways of supporting and promoting the success of spontaneous quit attempts. Graduate Training Fellowship in Cancer Public Health and Epidemiology**
Investigators: R Murray, S Lewis, T Coleman, J Britton & A McNeil
Cancer Research UK, October 2007 - September 2010
- **Relapse prevention in UK Stop Smoking Services: current practice, potential effectiveness and cost effectiveness**
Investigators: T Coleman, A McNeill, J Leonardi-Bee, L Bauld, J Britton & P Trueman
NHS Health Technology Assessment Programme, May 2007 - October 2008
- **Management of smokers motivated to quit in general practice: An exploratory study**
Investigators: A Wilson, T Coleman, G Murtagh & S Bonas
Cancer Research UK, April 2007 - March 2008
- **Smoking, Nicotine and Pregnancy (SNAP) trial. Double-blind, randomised, placebo-controlled trial of nicotine replacement therapy in pregnancy**
Investigators: T Coleman, J Britton, J Thornton, S Lewis, K Watts, N Marlow, M McCoughtrie, C Mannion & C Godfrey
NHS Health Technology Assessment Programme, February 2006 - January 2012
- **Pilot study of physical activity as an aid to smoking cessation during pregnancy**
Investigators: M Ussher, R West, I Manyonda, P Aveyard, T Coleman, B Marcus & B Lewis
STARNET Primary Care Research Network, January 2006 - January 2007
- **Impact of the 2004 GP contract on management of smoking cessation in primary care**
Investigators: T Coleman, S Lewis & R Hubbard
Cancer Research UK, September 2005 - January 2007

- **An assessment of brief interventions and referral for smoking cessation in primary care and other settings with particular reference to pregnant smokers and disadvantaged groups with consideration of the tailoring and targeting of interventions**
 Investigators: D Arnott, A McNeill, M Raw, J Raftery, T Coleman, P Hajek, L Shahab, L Stead, R West & P Rimmer
 National Institute for Clinical Excellence, August 2005 - April 2006
- **Health effects of tobacco smoke**
 Investigators: J Britton, T Coleman, R Hubbard, S Lewis, A Fogarty, J Leonardi-Bee, L Tata, A Venn, F Bath-Hextall, T McKeever & C Smith
 Biomedical Research Committee, University of Nottingham, June 2005 - July 2007
- **Cluster randomised, controlled trial of proactively identifying smokers and offering evidence-based support to stop smoking**
 Investigators: S Lewis, J Britton, T Coleman, A Challenger & C Godfrey
 British Heart Foundation, October 2004 - September 2008
- **Nicotine addiction treatment in general practice: Are evidence based guidelines being followed?**
 Investigators: A Wilson, T Coleman, E Pound, J Hippisley-Cox, C Coupland, V Hammersley & S Rodgers
 Health Development Agency, 2003 - 2004
- **National Evaluation of Smoking Cessation Services.**
 Investigators: K Judge, L Bauld, C Adams, T Coleman, C Godfrey & A McNeill & M Raw
 Department of Health, 2001 - 2004
