

# Aspie and HFA Group

This is a group run by and for students at the University of Nottingham with Asperger's or High Functioning Autism to meet, organise events and to help each other make the most of our time here.

Our events will include meeting up with fellow Asperger's/HFA students and going to fun activities in and around the city. We think this will be a lot of fun and meeting similar minded people is one of the best things about university.
