- Be studying for a first undergraduate degree

Scholarship Information:
The Stoneygate Award is a major scholarship for undergraduate students entering the University in September 2016. The Award offers financial support totalling £30,000 over the duration of their course to each of two academically able students who have overcome significant personal challenges and obstacles to reach their goal of attending University. The Award was established in 2014 thanks to the generosity of The Stoneygate Trust and is intended to assist students with their essential living costs whilst studying, it is not intended to be used towards tuition fees.

The primary criteria for this award, in addition to the basic criteria outlined above, are:

- The applicant to have had to face/overcome Challenging Personal Circumstances (please see page 2 for a definition) in order to progress their educational aspirations of attending University.
- A strong academic ability indicating that he or she is likely to achieve a first or upper second class degree.

We are also keen to target these scholarships at those students who can show the beneficial impact the award will have on their time at University and this will be an additional, key consideration in assessing applications.

Please see page 2 for details of the supporting evidence you will need to provide.
Successful candidates will be expected to maintain a high academic standard throughout their degree and must agree to be subject to an annual review of their progression including an annual report from their tutor. They will also be expected to provide an annual statement of their own, reporting on their progress, explaining the extent to which the Award has enabled him or her to overcome their Challenging Personal Circumstances and, if they have chosen to act as an ambassador* for the Stoneygate Award Programme, describing their activities in this role over the year.

What are “Challenging Personal Circumstances”?
Examples of Challenging Personal Circumstances include (but are not limited to) the following:

- Disability, serious long-term medical condition or incidences of serious health problems
- Significant caring responsibilities
- Victim of domestic violence/abuse
- Physical or mental trauma which has had a long lasting impact
- Serious difficulties arising from extreme financial hardship (for example, loss of the family home)

What evidence of Challenging Personal Circumstances am I required to provide?
The evidence necessary to confirm your Challenging Personal Circumstances will depend on your personal situation. We appreciate the potentially sensitive nature of this information and only require you to provide the minimal amount of evidence necessary to confirm you meet this criterion. Acceptable evidence includes, but is not necessarily limited to:

- Medical evidence, such as a copy of a hospital letter which makes clear the nature of your condition, or a letter from a doctor specifying details of your condition.
- Official documentation relating to your circumstances or condition.
- In the absence of other evidence, a letter from a professional person who is familiar with your circumstances detailing those circumstances is acceptable.

If you are unsure how best to evidence your situation please feel free to call us to discuss this in confidence.

What evidence do I need to provide to demonstrate that I have “a strong academic ability indicating that [I am] likely to achieve a first or upper second class degree”?
You should ask a teacher, lecturer or tutor to complete an Academic Reference as described on the sheet found on the last page of this application form. Should you wish, you can detach this sheet from the form so any personal details you have included within can remain confidential. As stated, the reference should be provided on headed paper and signed and dated by the referee.

What should be included in your “Supporting Statement”?
You should briefly explain how you meet the primary criteria outlined on page one but please focus on how the award would be helpful to you during your studies at Nottingham and how it would enhance your opportunity to fulfil your academic potential.

*Successful applicants will be invited to become an Ambassador for the Stoneygate Award which would include involvement in promotional activities to publicise the scheme to prospective future students. We do however understand that due to the nature of the eligibility criteria for this Award recipients may not wish to volunteer in this way and it is not a stipulation of receiving the Award that you undertake any Ambassador duties.
When completing your application for government funding please ensure you indicate your consent to share your information with the University (this can be found on the student declaration and parent/partner declaration pages of the PN1 or online application form) as this ensures we have access to this information for use in assessing application for funds from the University.

As the deadline for this award is prior to the start of your course at Nottingham you will need to declare your household income for the period April 2014—March 2015. This figure will be checked against that supplied by Student Finance at the time of your registration at the University to ensure it is a similar figure to that you have declared and that it doesn't exceed the £25,000 eligibility threshold. Please note that if offered a Stoneygate Award this offer will be conditional on you meeting the income threshold criteria.

How will any award be paid?
If successful your total award of £30,000 will be paid over the expected duration of your undergraduate course: i.e. £10,000 per year if on a three year course, or £7,500 if on a 4 year course. Your annual payment will be divided into 12 monthly instalments commencing in mid October 2016. If you wish we can arrange for payments to be made directly towards accommodation charges.

When is the closing date and when will I know if I’ve been made an award?
The closing date for submitting this form is 20th November 2015. Applications will be looked at once the closing date has passed and all applicants will be informed by email of the outcome of their application within 4 weeks of the closing date. If you wish to be notified by a method other than email please indicate this on your application (Question 6). Successful candidates will receive a provisional notice of an award on the condition that they receive an offer to study at the University, that they meet the conditions of that offer, that they register on the course in September 2016, that they still meet the eligibility criteria at that time and that the household income figure provided by Student Finance is between £0 and £25,000.
