As a Tier 4 student it is important that you comply with immigration regulations during your stay in the UK. You must:

- provide a copy of your current passport and visa to the University
- keep your contact details up to date on your student record
- register for your course on time each academic year
- study whilst you are in the UK (ensuring that you have good attendance on your course and no significant gaps or absences)
- follow University processes if you decide that you would like to defer, interrupt or withdraw from your course
- return home if you defer, interrupt or withdraw from your studies, or your course is terminated
- act within the immigration rules if you change education provider and note that in such cases, a fresh visa application is required

Failure to comply can lead to suspension and/or withdrawal from your course. Please email us if you have any questions: immigration-support@nottingham.ac.uk
The University has certain responsibilities which UK Visas and Immigration (UKVI) ask us to comply with. We must:

- keep copies of current passports and visas for non-EEA nationals
- keep contact details up to date and record any address changes
- check registration and report non-registration to UKVI
- monitor attendance/report unauthorised absence to UKVI
- monitor changes of status and report deferrals, interruptions, withdrawals and course terminations to UKVI
- notify UKVI of any significant changes in your circumstances (such as a change of course or early completion of your course)

Questions about our Tier 4 compliance requirements should be emailed to: immigration-support@nottingham.ac.uk
