

Instructions for using the Student Visa online application form outside the UK

Confirm your visa type

Confirm what type of visa you want to apply for from the options below. If you are not sure, use the [check if you need a UK visa tool](#), or see the [visas and immigration guidance pages](#) for information.

- Short-term student visa
- Student

You can access the Student Route overseas visa application form here: <https://visas-immigration.service.gov.uk/apply-visa-type/tier4>

Whilst this link may be helpful, students for the University of Nottingham are advised to refer to our guidance here: www.nottingham.ac.uk/go/student-visa

Most students should select Student visa category, unless you have been advised to apply for a short-term visa and are studying a pre-sessional English course of between 6 and 12 months.

Select a country to provide your biometrics

To complete your application, you must make arrangements to provide your biometrics (fingerprints and facial photograph) with our commercial partner, which may involve attending one of their centres. You will be able to see the options available to you after you have completed your application and continue to our commercial partner's website.

Enter the country in which you are making your application and wish to provide your biometrics

▶ [Can I enter any country?](#)

You must be applying outside the UK to complete this visa application form. If not, you should be referring back here: <https://www.gov.uk/student-visa/extend-your-visa>

There are rules based on where you are permitted to apply. Essentially, you need to make your visa application from your country of residence. Please see here for the rules: www.gov.uk/government/publications/where-to-apply-ecb05. Some students who already have a valid UK visa (note: not in the visitor category) may be eligible to apply for their visa in the UK. Please check with us by email: immigration-support@nottingham.ac.uk

Check available biometric enrolment locations

You must [check the available biometric enrolment locations](#) for your country of application. You will not be able to change your country of application after you have submitted your application..

If you have entered a country where no biometric enrolment location is available, then you will be redirected to another country. If it is difficult for you to travel to the redirected country, then you can [change the country where you will be providing your biometrics](#).

Options for appointments will be specific to your part of the world. You should follow this link to see the options for your country.

If an official financial sponsor does not cover ALL of this, you are not being 'wholly sponsored' and will need to show further financial evidence to meet the requirements.

If you are in receipt of funds from the University of Nottingham this information should be confirmed on your CAS. Please ensure this is the case.

If you are in receipt of any other official financial sponsorship, you should have an original letter confirming this arrangement to present with your visa application. This is only money paid to your sponsor. For example, this does not include money paid to a private landlord or housing organisation. There is a limit on how much of this will count towards your maintenance requirement, and this is set out in the guidance [here](#)

Yes No

This question is asking if you have paid any money to the university (your Student visa sponsor) for accommodation. The answer should be "no" as we do not include accommodation payments on the CAS and students are advised not to pay anything other than the deposit until they have secured their Student visa.

Using receipts to demonstrate University accommodation payments is not advised because this is not listed as an acceptable method of demonstrating maintenance/ living costs in the student immigration rules. *where the course or period on the CAS is less than 9 months, you should calculate from the start date on the CAS to the end date on the CAS, rounding any partial months up to a full month's living cost (e.g. 31 July to 5 December would be 6 months).

Please make sure you have read our guidance about financial evidence to make sure you understand the correct format and requirements for any bank statements you provide:

Documents

Mandatory documents

These documents are mandatory and you must provide them as part of your application. Tick the box to agree that you will provide each document:

The passport or travel document for ██████████ from China

Other documents

If you do not provide these documents, your application may be delayed or refused.

The birth certificate for ██████████
This must be a full birth certificate that shows the names of both of your parents.

A letter of permission from your legal guardian(s)/parent(s) confirming use of their money and relationship to you

After you submit your application, you must provide your documents to our commercial partner. You can provide your documents by:

- uploading copies of your documents yourself through our commercial partner's website, free of charge
- taking your documents (originals or copies) to your appointment where our commercial partner will scan them for you, for a fee

If you choose to pay for the assisted scanning service, all documents (originals or copies) need to be A4 size or you may be charged to make them suitable for scanning.

If we require passports, you must take the originals to your appointment. If you have self-uploaded copies on our commercial partner's website you must still take your original passports, but will not be charged for scanning.

Tuberculosis test results

You may need to be tested for tuberculosis (TB). If your test shows that you do not have TB, you will be given a certificate which is valid for 6 months from the date of your x-ray. Include this certificate with your UK visa application. [Check](#) if you need to get tested.

If your nationality appears here: <https://www.gov.uk/guidance/immigration-rules/appendix-student> (section 22.1) then you will **not** be required to submit evidence of qualifications or financial documents with your Student visa application. However, you should still hold the required evidence as you may be asked to submit proof at a later stage.

In this list, you could see a number of possible documents including:

- Passport
- Original qualification evidence (as referred to in the CAS) - **note this applies only to students starting a new course, not current, continuing students**
- Evidence of your SELT (Secure English Language Test) but only if referred to in your CAS
- ATAS (but only if referred to in your CAS)
- Financial evidence *

*** You may not need to show this evidence if you qualify for differentiation arrangements based on nationality or if you provided this evidence as part of a previous visa application. Please see additional guidance above.**

You will also see instructions relating to the process for preparing your documents for your biometric appointment. For applications where documents are processed digitally, we suggest that you should prepare and scan your documents according to these instructions to avoid any additional fees or delays at the Visa Centre.

You should include all of the documents listed under both 'mandatory' and 'other' as part of your application.

Former financial sponsorship

****Please note****

If you have received sponsorship in the last 12 months from a government or an international scholarship agency for all of your tuition fees and your living expenses but no longer receive funding from them, you must provide a letter from your former financial sponsor confirming that they give their consent for your immigration application. If you do not provide this letter, your application will be refused.

More information on this can be found in paragraph ST1.3 Appendix Student rules: www.gov.uk/guidance/immigration-rules/appendix-student
