Power of Partnerships

Driving change in the East Midlands

AGENDA

Friday 17 June 2022
East Midlands Conference Centre

Join us for the University of Nottingham's annual open business conference.

You will have the opportunity to hear from leading business leaders and politicians from across the region including the Rt Hon Ben Bradley MP and Leader of Nottinghamshire County Council.

Our exhibition zones, supported by the East Midlands Chamber of Commerce, Institute of Directors and the Federation of Small Businesses, will give you the opportunity to find out how the University of Nottingham can support you - from becoming a supplier, accessing our students for placements and internships, developing your staff, to hearing about funded programmes and engaging with our world-leading researchers who want to help solve your business challenges.

We will also have the following headline and breakout sessions happening throughout the day:

8.30 – 10.30am

Unlocking procurement opportunities seminar – run by East Midlands Chamber

This seminar will showcase a range of procurement opportunities, the processes and eligibility criteria, as well as sharing some examples of best-practice. We will hear from the procurement teams from the University of Nottingham, NHS and Nottingham County Council.

This seminar will offer an informal opportunity to raise any questions or concerns about existing processes to the speakers and will provide potential suppliers with the know-how to identify and tender for contract opportunities.
