Welcome to our Biosciences Fair

It’s great to see you at this year’s Biosciences Fair. With a range of companies attending, you can find out just how far your degree can take you.

Many of the employers visiting us today have graduate jobs and placement opportunities available in a number of business areas. You may be surprised by the range on offer.

Here are some key points to make the most of the fair:

- Don’t be afraid to approach employers to ask your questions about what it’s like to work in their sector. Some are Nottingham graduates!
- The biosciences placements team will be at the event offering information, advice and support to students considering taking a year-in-industry placement. Whether you’re in your first year and you’ve not considered this option yet, or in your second year looking for a placement for 2019, there’s advice and support available to you
- Be open-minded! Doing a biosciences degree will mean you will develop sought-after skills. Speak to a range of employers to understand the scope of careers open to you

Visit our stand to find out how to make the most of your time at university and grab some information on upcoming events.

Our team are here to help you understand and make the most of the graduate jobs market, not just today, but throughout your time at university and once you graduate.

And finally, keep in touch. You can book an appointment to see us at nottingham.ac.uk/careers/appointments

You can also talk to our experts on Facebook or Twitter. If you have a burning question, it’s a great way to get a quick answer.

Facebook: CareersUoN
Twitter: @UoNCareers

Also, follow the School of Biosciences:
Twitter: @UoNBioscicareer

We hope you enjoy the day!

Your Careers team

This fair is part of Biosciences Careers Week. See opposite for the full programme.
Join us for
Biosciences Careers Week

It's never too early to kick-start your career planning, and Biosciences Careers Week will help you do just that.

Join us for a jam-packed programme of events. You'll get the opportunity to speak with experts, get advice on your future, network with industry professionals, and access careers resources.
