Get ready for your future
nottingham.ac.uk/careers
It’s great to see you at our Science and Technology Fair. As scientists and technologists, your skills are in high demand and we are excited to announce that over 40 employers will be making their way to University Park to meet you.

Watch out for the blue mortar board symbol in this guide – on these stands you will be able to chat to Nottingham graduates who are happy to be back on campus and keen to meet you, whatever subject you are studying.

Our team are here to help you understand and make the most of the graduate jobs market – not just today – but during your time at university and once you graduate. Make sure you leave with a copy of our events guide so that you can see what’s happening this term.

And finally, keep in touch. You can book an appointment with us at nottingham.ac.uk/careers/appointments or ask our experts a question on Facebook or Twitter. If you have a burning question, it’s a great way to get a quick answer.

We hope you enjoy the day!

### Access UK Ltd

**Subjects recruiting from:** All subjects  
**Job areas recruiting to:** Administration, customer services, development, finance, hosting, human resources, IT, marketing, professional services, sales and support  
**Job location(s):** Nationwide  
**Number of graduate vacancies 2019/20:** Numerous  
**Ask me about:** Our powerful self-service apps  

We are one of the UK’s leading providers of software to the best mid-market businesses. Our story is one of continued success.

We grow rapidly both organically and through acquisitions, and as a result the Access family has also grown at pace. Over the past five years, we’ve gone from almost 300 to over 1,300 people and from 4,000 to over 14,000 customers.

We’re successful as a business because we strongly believe that by having employees who do what they love at Access, they’ll, in turn, pass this great experience on to our customers. Come to talk to our representatives on the day to find out more.

theaccessgroup.com

### Army

**Subjects recruiting from:** All subjects  
**Job areas recruiting to:** Defence engineering, IT and communications  
**Job location(s):** Worldwide  
**Number of graduate vacancies 2019/20:** Numerous  
**Ask me about:** The world-class opportunities, top qualifications and career progression available to an army officer  

Become an army officer and you’ll get much more from life than you would with a civilian career – you’ll have the opportunity to develop your skills somewhere it really matters, alongside a team like family to you.

It doesn’t matter what you choose to do but you can specialise in science or technology, among many other areas. From the moment you join you’ll be set on a path of constant improvement with access to world-class opportunities and a chance to gain top qualifications.

You’ll see the world, realise your potential and make people proud. And, above all, you’ll build bonds that never break.

Find where you belong. Become an army officer.

army.mod.uk/jobs

### BGL Group

**Subjects recruiting from:** Computer science, technology, numerate subjects (such as mathematics, physics, statistics) and social sciences  
**Job areas recruiting to:** Technology graduate programmes, software engineering, data engineering, data and business analytics  
**Job location(s):** Cambridgeshire with some rotations in London and Paris (for advanced French speakers)  
**Number of graduate vacancies 2019/20:** 15  
**We also offer:** Two year-long placements  
**Ask me about:** Our meerkat colleague Mr Aleksandr Orlov  

We’re a leading digital distributor of insurance and household financial services – our brands include comparethemarket.com, BeagleStreet.com and LesFurets.com

Our technology programme offers specialist programmes including software engineering, data engineering, business analysis, software development in test and data analytics.

Whichever specialism you apply for you’ll get the opportunity to experience our different brands, helping to build a solid foundation to be a future leader.

Our headquarters are in Cambridgeshire, but you may get to experience our digital office in London, and advanced French speakers may get the opportunity to spend time in Paris with LesFurets.com.

bglgroup.co.uk
**Boots UK**

Subjects recruiting from: Digital and software engineering  
Job area recruiting to: Digital and IT  
Job location(s): Nottingham  
Number of graduate vacancies 2019/20: Numerous  
We also offer: Vacation internships, graduate internships and year-long placements  
Ask me about: Our recruitment process and what our top tips would be

Our graduate and undergraduate schemes for both business units will set you up with all the tools and knowledge you need to hit the ground running.  
Our core development programme will enhance your self-awareness and energise your strengths to become a highly capable and confident leader.  
Providing meaningful on-the-job experiences, an opportunity to work in our stores and on community projects, with mentoring from inspirational leaders and much, much more.

firstderivatives.com
Ford

Subjects recruiting from: Information technology
Job areas recruiting to: Information technology
Job location(s): Essex
Number of graduate vacancies 2019/20: Numerous
We also offer: Five vacation internships and year-long placements
Ask me about: The benefits, rewards and development opportunities you can expect from Ford.

When you join Ford, your journey begins. You become part of a team that is already leading the way, with ingenious solutions and attainable products – and always ready to go further.

Here at Ford we offer the opportunity to work with IT and business colleagues from all over the world to help build, implement and enhance our information technology solutions. Performing a real role will develop your skills and build on the knowledge gained during your degree.

Our IT organisation is uniquely placed to anticipate and respond to the multiple key priorities of our automotive and mobility business.

ford.co.uk

Government Statistical Service (GSS)

Subjects recruiting from: Please see our website
Job areas recruiting to: Analysts, data scientists, statisticians, and more
Job location(s): Nationwide
Number of graduate vacancies 2019/20: Numerous
Ask me about: Our induction, professional development and secondment opportunities

The Government Statistical Service (GSS) collects, analyses and publishes official statistics to help government, business, and the public understand the current state of the UK economy and society. GSS statistics allow people to make informed decisions – that could be a citizen interested in the crime rate in their area or the Prime Minister trying to improve the UK economy.

Join as a:

- Fast Stream Statistician: The GSS’s flagship training scheme for future statistical leaders. The next Fast Stream recruitment campaign will begin in September 2018.
- Statistical Officer: Work across a range of government departments, agencies and other public bodies collecting, processing and analysing the data underpinning our society and economy.
- Data Scientist: Work at the heart of government and play an integral role delivering insight from data using statistical and data science techniques.

All GSS jobs are advertised online.

gss.civilservice.gov.uk/careers

GSK

Subjects recruiting from: Please see our website
Job areas recruiting to: Please ask our representative on the day
Job location(s): Nationwide
Number of graduate vacancies 2019/20: Numerous
We also offer: Internships and placements
Ask me about: Our career development opportunities

GSK are a science-led global healthcare company with a special purpose: to help people do more, feel better, live longer.

We have three global businesses that research, develop and manufacture innovative pharmaceutical medicines, vaccines and consumer healthcare products.

gsk.com/en-gb/careers
Jaguar Land Rover

Subjects recruiting from: Engineering, computer science, business, IT, design, finance, marketing and other subjects (depending on the scheme applied for)
Job areas recruiting to: Engineering (product, manufacturing, commercial and quality), design, purchasing, finance, HR, marketing, sales and service, supply chain and logistics, IT, property, PR, analytics and corporate strategy
Job location(s): West Midlands and the North West
Number of graduate vacancies 2019/20: 350
We also offer: 300 vacation internships, graduate internships and year-long placements

Ask me about: Our graduate scheme, sponsorship schemes, training opportunities and application process
What if you were challenged every day? As the world of digitalisation and electrification is changing the automotive industry, production, IT and the internet are becoming ever more intertwined.
Entire business processes are now digitalised and the vehicles we manufacture are increasingly connected and electronically controlled.

At Jaguar Land Rover, we have an academy of lifelong learning to address the needs of an ever-evolving world. Today’s curious minds are tomorrow’s engineers, designers, innovators and business leaders.
Our vehicles are world-class but it’s our people who are at the heart of everything we do, and what sets us apart.
jaguarlandrovercareers.com/jlr-roles/future-talent

JH

Subjects recruiting from: Computer science
Job areas recruiting to: Graduate developer
Job location(s): Nationwide
Number of graduate vacancies 2019/20: 2
We also offer: Vacation internships and graduate internships

Ask me about: Why eCommerce is an exciting industry right now
At JH we build and design eCommerce websites, on the world’s leading platform, Magento. So, our team are stacked with brilliant designers, developers, and a client services team who manage these projects.
We live and work by our three core values: to be happy, to work hard, and to be brilliant at what we do.
We offer flexible hours, work from home days, a wellness fund, and plenty more! Plus an environment that nurtures talent, promotes creative thinking and where graduates sit beside the very best in the industry.

wearejh.com

We also offer: Graduate internships and year-long placements
Opportunities for PhD students: Programmers
Ask me about: Opportunities at Sumo Digital Nottingham and the games we make

Founded in 2003, Sumo Digital has grown from the initial 15 people to over 500 across its four studios.

As one of the UK’s leading game development studios, Sumo Digital is licensed to develop on all the major gaming platforms: Xbox One, PlayStation 4, PS Vita, Nintendo Switch, Nintendo Wii U, Nintendo 3DS, as well as mobile and tablet.

**Treatwell**

Subjects recruiting from: Technology  
Job areas recruiting to: Development and engineering  
Job location(s): Greater London  
Number of graduate vacancies 2019/20: 6  
We also offer: Graduate internships  
Ask me about: Working for a mature start-up that offers responsibility, flexibility and growth

Treatwell is the world’s leading marketplace for booking hair and beauty. Our mission is to create the perfect hair and beauty experience.  
Here in the Treatwell tech team we’re a nice bunch, who love to ship software and we like to think we’re pretty smart.  
The Treatwell Engineering Graduate Scheme is a bit different. You’ll get the support, mentoring and training you’d expect as a graduate, combined with the autonomy and responsibility you would associate with a dynamic start-up. You’ll be treated as a peer from day one and you’ll learn a lot, quickly.

**UNiDAYS**

Subjects recruiting from: Computing and related subjects  
Job areas recruiting to: Software engineering  
Job location(s): Nottingham  
Number of graduate vacancies 2019/20: 5  
We also offer: Five year-long placements  
Ask me about: How we deploy code to production

UNiDAYS is the world’s leading student affinity network, connecting brands and services with 192m students in 114 countries.  
Here at UNiDAYS, we believe in students – you’re the future and we know how talented you are. We are looking to hire software engineers from computing-related subjects to work with us for a year-long placement in our Nottingham office. You’ll be writing awesome code and weaving technical magic with one of our squads specialising in backend, web or mobile development.

**Wellcome Trust**

Subjects recruiting from: All subjects  
Job areas recruiting to: Investments, and our general programme  
Job location(s): London  
Number of graduate vacancies 2019/20: 12  
We also offer: 15 vacation internships  
Ask me about: What we look for in graduates, and why our programme differs from other programmes

Wellcome exists to improve health for everyone by helping great ideas to thrive. Wellcome is a global charitable foundation, both politically and financially independent. It supports scientists and researchers, takes on big problems, fuels imaginations and sparks debate.  
Wellcome is well known for funding scientific and medical research, but more broadly it’s interested in the intersection of health, culture and art.
