Careers in Nursing and Midwifery Fair

Wednesday 25 November 2015, 12–3pm
Studio 7, King’s Meadow Campus
Welcome to the Careers in Nursing and Midwifery Fair

The University of Nottingham is a pioneer in nursing education and midwifery. As one of the largest nursing and midwifery schools in the UK, we offer innovative courses informed by powerful research and delivered by high-quality teachers in an inspiring environment.

As a graduate of the University, there has never been a more exciting time to be in nursing and midwifery. For those students who know which career path you wish to take, please make the most of this fair by speaking to key employers and attending the relevant presentations.

For those who may be undecided as to how you would like to use your degree or diploma, please take this opportunity to find out about different career paths and the further training in speciality areas.

This year we are welcoming our midwifery students – who are attending this successful event for the first time. We are also delighted to welcome 38 employers – more than ever before and would like to take this opportunity to thank all those exhibiting and delivering presentations.

I hope this will be a successful and useful event for you and help to springboard you into an exciting career in the nursing and midwifery professions.

Professor Patrick Callaghan
Head of the School of Health Sciences

Presentations

Your career in children’s nursing
What you can expect from a career in paediatric nursing, recent sector developments and training. Also some top tips to help you get the job you want.

My journey from newly qualified midwife to present day
I am lucky enough to have the best job in the world. Caring for women through pregnancy, labour and postnatally and sharing in their journey and transition to parenthood.

Offender health
A description and overview of nursing in offender health. Presentation that also includes a brief video by frontline staff about nursing in prison.

Where can your degree in nursing take you... from sexual health to strategy development via teaching, research, autonomous clinical practice and New Zealand!
Simon Browes, Clinical Strategy & Development Lead at NEMS CBS Ltd

Delivering excellence in palliative care
Think about delivering choice. Think about delivering excellence in care at the end of a patient’s life. Think about delivering holistic, palliative care to the patient in the setting of their choice.

A day in the life of a nurse on a floating hospital
A brief introduction to Mercy Ships and a personal account of working as a nurse on board the world’s largest floating hospital, the ups and downs, challenges and rewards.

Clinical research nursing
A day in the life of a clinical research nurse including the challenges and rewards of the role and future pathways.

Nursing roles within laser eye surgery
This talk will cover the duties and responsibilities of a nurse working in laser eye surgery including all aspects of patient care, theatre scrub training, working with surgeons and administrative duties.

Learning disability nursing: A day in the life of a consultant nurse
Lesley Montisci is a consultant learning disability (LD) nurse for the Danshell Group. Her talk will focus on her career progression from when she first registered as an LD nurse to where she is today, including an insight into the daily life of a consultant nurse.

Postgraduate options after registration
With nursing in England becoming a graduate profession, further study will help you, those you care for and the services you deliver to stay ahead. Postgraduate study leads to advanced knowledge and the development of expertise central to the development of nursing practice and the delivery of high-quality care.

Higher qualifications also demonstrate your ambition and aptitude for learning and many of our students and graduates find they achieve promotion during or soon after their course.
Avon & Wiltshire Mental Health Partnership NHS Trust

About us
Avon and Wiltshire Mental Health Partnership NHS Trust (AWP) is a significant provider of high quality mental health services across a core catchment area covering Bath and North East Somerset (B&NES), Bristol, North Somerset, South Gloucestershire, Swindon and Wiltshire. The Trust also provides specialist services for a wider catchment extending throughout the south west.

Our aim is to enable and empower people to reach their potential and to live fulfilling lives through providing recovery and reablement services that yield positive outcomes for our service users and their carers.

Applications
If you are a newly qualified mental health nurse or learning disabilities nurse looking to complete your preceptorship then join our team. We are committed to the provision of preceptorship and offer packages in community and inpatients which are structured to develop your skills, knowledge and capability and strengthen your professional confidence.

We currently have roles available in secure services in Bristol and a range of services in Wiltshire and Weston-super-Mare.

Please contact Claire Young, reourcing lead, on 01225 731684 or email your CV to claire.young9@nhs.net stating your location or field of interest.

Berkshire Healthcare NHS Foundation Trust

About us
We help people manage their health in their local area, through a range of specialist and community services. We promote independence and quality of life through community and mental health services and aim for seamless delivery of the best care in the right place.

We get to know communities and the people in them so we can deliver the best services that meet their health needs. We provide both physical health and mental health services whether it is general inpatients, district nursing, health visiting or mental health services.

Our team of 4,300 staff provides specialist mental health and community health services to a population of around 900,000 within Berkshire.

Applications
We are committed to equal opportunities and welcome applications from all sections of the community, regardless of any protected characteristics. Reasonable adjustments will be made for disabled applicants where required.

We provide an excellent preceptorship programme where you will be well supported. We also can offer rotational posts between the inpatients wards and the community nursing teams.

Training and development is key to our Trust and we provide development opportunities as well as the options to develop career pathways for the right individuals.

Burton Hospitals NHS Foundation Trust

About us
At Burton Hospitals NHS Foundation Trust patient care at the centre of all we do and we are dedicated to delivering the highest quality patient care. We provide a wide range of services.

We believe that all good nurses have something extra to offer our patients beyond their training and professional registration, from a kind word or a helping hand to providing a positive outlook or going the extra mile. At our Trust we want to work with people who really share our values in continuously improving our patient journey.

Applications
All applications must go through NHS Jobs www.jobs.nhs.uk

Once a candidate has identified which vacancy they would like to apply for at our Trust, it is important they complete the whole application including the supporting information.

Once the advert is closed we will then draw up our shortlist of successful candidates and send an invite for an interview.

Nottingham University Hospitals NHS Trust

About us
We are an acute Trust which provides a full range of inpatient, accident and emergency, and community services to the population of Nottingham, Derby, Sherwood and West Bridgford.

The hospital has 611 beds encompassing emergency care, acute care, medicine for the elderly; surgery and orthopaedics and a dedicated women and child unit that includes maternity and paediatric care.

We are a proactive trust which puts the patient at the centre of their journey and we have strong links with our community services to help promote this.

Applications
Applications obtained from NHS Jobs will be short listed and called for interview.

As part of our process we undertake a screening of our applicants, so you may be asked to undertake for example an infection control paper, identify errors on a drug chart or even calculations. From the results of these assessments you will be invited to interview on the same day.

The Trust has a robust programme for new starters and an effective and proactive practice development team.

**Queen Alexandra’s Royal Army Nursing Corps**

**About us**
The Army will always need healthcare professionals to keep soldiers healthy, prevent disease and treat casualties. The Queen Alexandra’s Royal Army Nursing Corps (QARANC) are looking for student nurses and registered nurses as well as nursing officers for which there is a bursary scheme.

You can join QARANC full-time in the Regular Army or in your spare time in the Army Reserve. Whichever route you choose, you’ll benefit from a competitive salary, training and education, adventure, travel and continued professional development.

**Applications**
As a newly qualified nurse you can apply to join immediately as either a nurse officer or a soldier nurse.

Your application journey will vary depending on the option you choose. Initially you will need to complete your online profile on the website www.army.mod.uk

If you require more detailed information about the remaining application process for nurses, please contact our specialist recruitment team on 0121 633 6450 or email ARTD-RG-ProfQualRecruitingTeam@mod.uk

**Royal Air Force**

**About us**
RAF nurses practice in one of the most dynamic and challenging environments, delivering high-quality care in peacetime and on operations around the world.

With a structured career path and specialist courses, you’ll never stop learning. You’ll be both a commissioned officer and a nurse, so will need to show leadership and management skills in a team environment, as well as providing excellent standards of nursing.

**Applications**
All newly qualified nurses will be offered preceptorship training if interested, please contact human resource on 01636 704420 or email HR@raf.mod.uk

**Royal Brompton & Harefield NHS Foundation Trust**

**About us**
Royal Brompton & Harefield NHS Foundation Trust is a partnership of two specialist hospitals. Our nurses and healthcare staff provide world-class care and treatment for adults and children with heart and lung disease.

We are entering a phase of major investment to expand and develop our services. Therefore, we are seeking exceptional and motivated staff nurses (newly qualified or experienced) to take impatient care to a new level.

**Applications**
All jobs are advertised on NHS Jobs and an online application is to be submitted via this portal.

For more information, please contact Rebecca Worman at r.worman@rbht.nhs.uk

**Raphael Healthcare**

**About us**
Raphael Healthcare Ltd is an independent healthcare company with an established reputation as a market leader in the provision of the highest quality care to people with mental illness and/or personality disorder.

The unit opened in June 2006 and provides care for women who require rehabilitation and care within the safety and security of a holistic environment where their physical, social psychological, spiritual, cultural and educational needs are met.

Royal Navy

About us
We are looking for the right people to join as a naval nurse (student), or if you have a degree in adult or mental health nursing, you can join as a naval nurse (qualified) or as a nursing officer.

If joining the regulars is not for you but you wish to be part of the elite force, then why not join the Royal Naval Reserves and attend one of our 13 Royal Naval Reserve units across the UK.

Applications

Sherwood Forest Hospitals NHS Foundation Trust

About us
Our ambition is to offer world-class healthcare. Our commitment is built on the core principles of quality, safety and clinical excellence, yet it is our complete dedication to patients that really sets us apart.

We appreciate what good health means to patients, so we shape our services to deliver it. We believe our patients deserve the best. We employ over 4,000 people and deliver best care through some of the best quality hospital facilities in the country. We take great pride in the quality of service we offer our patients.

Applications
Having the right numbers of nurses but also the right skill mix is really important to us. Our board has recently committed to an investment of £163.4m into nursing to ensure our inpatients continue to receive high, quality, safe care from more registered nurses.

We are currently recruiting into these positions to enable a greater presence of registered nurses on our wards. We are looking for enthusiastic, highly motivated and innovative individuals to join our teams and will be offering our successful clearing house again in 2016.

The Queen Elizabeth Hospital King’s Lynn NHS Foundation Trust

About us
Situated in West Norfolk, we are a 500 bed district general hospital providing a range of acute services and offering opportunities for newly registered nurses/midwives.

We run a multi-professional preceptorship programme, with 16 study days over six months, to support you in the transition to registered practitioner.

Following preceptorship there is access to further development including the band 5 ward management study day and the aspiring band 6 development programme.

Access to post-registration educational courses is available via the University of East Anglia.

Applications
We welcome applications via NHS Jobs for our advertised vacancies. We are also happy to discuss any requests such as rotational programmes on an individual basis.

United Lincolnshire Hospitals NHS Trust

About us
The United Lincolnshire Hospitals NHS Trust is one of the largest hospital trusts in the country. We provide a comprehensive range of hospital based medical, surgical, paediatric, obstetric and gynaecological services to over 800,000 people across the county of Lincolnshire. We operate four hospital sites and employ around 7,800 staff.

Our nationally accredited year-long preceptorship programme for all newly qualified registered nurses, will provide an exciting opportunity for personal support and educational development.

Applications
The Trust recognises the value of knowing where your future career will be as soon as possible. To enable this to happen we commence the recruitment process before the completion of your studies.

We start to advertise posts for newly qualified nurses in January, using the NHS Jobs website. Interviews are held during March and April and you will receive a written conditional offer stating which post you have secured during May.

We aim to give each applicant an offer for their first or second choice of area they wish to work in.

University of Derby

About us
The University of Derby offers a suite of continuous professional development (CPD) opportunities. You can study toward becoming a health visitor, school nurse or district nurse or work toward achieving the MSc Advanced Practice, MSc Health and Social Care or PG certificate in Inter Professional Practice Teaching.

If mental health interests you, we have the MSc Health and Well Being or offer study in psychological therapies including cognitive behavioural therapy, compassion focused therapy and integrative counselling.

These courses will develop your knowledge and skills and ultimately help you to take your career in the direction you want to go.

Applications
If you would like to enquire, or apply to study any CPD modules/programmes, please follow this link:
www.derby.ac.uk/health/cpd

Or contact our nursing and health care practice administration team on 01332 591105 and they will put you in touch with the relevant person.

Either of these contact points will also allow you to explore the funding opportunities through Learning Beyond Registration (LBR).

We look forward to hearing from you.
