

Detailed Programme for ISAD 2014 8th Georg Rajka Symposium 21st-23rd May 2014

AM	Wednesday 21 st May	Thursday 22 nd May	Friday 23 rd May
Morning	<p>Educational course delegates 9.00-10.00am Registration and poster set up</p> <p>Educational Course 9.45am-12.15pm Conference Suite 2 Finding Evidence on Atopic Dermatitis</p> <p>All other delegates 11am-12.15pm Registration and poster set up</p>	<p>MECHANISMS of atopic dermatitis (main lecture theatre) Chairs : Carla Bruijnzeel-Koomen (Netherlands), John Hanifin (Germany)</p> <p>Session 1 (9.00am-10.30am) <u>Invited speaker</u> 9.05-9.30am <u>Lisa Beck (US)</u>: State of Art Understanding of Mechanisms of AD</p> <p>Abstract OM01 9.30-9.45am A novel acoustic evaluation system for scratching behaviour in itching dermatitis: rapid and accurate analysis for scratching of atopic dermatitis patients Hitoshi Mituzani, Japan</p> <p>Abstract OM02 9.45-10.00am Th17 cells and tissue remodeling in atopic and contact dermatitis Dagmar Simon, Switzerland</p> <p>Abstract OM03 10.00-10.15am Evaluation of the atopy patch test as an in vivo model for the induction of atopic dermatitis Dave Koole, Netherlands</p> <p>Abstract OM04 10.15-10.30am Proteome analysis of stratum corneum from atopic dermatitis patients by hybrid quadrupole-orbitrap mass spectrometer Yoshika Tokura, Japan</p> <p>Coffee 10.30-10.55am</p> <p>Session 2 (11.00am-12.40pm) <u>Invited speaker</u> 11.00-11.25am <u>Michael Cork (UK)</u>: Barrier Defects in AD</p> <p>Abstract OM05 11.25-11.40am Cytokine effects induced by the human autoallergens thioredoxin and α-NAC Susanne Heradetsky, Germany</p> <p>Abstract OM06 11.40-11.55pm Autoreactive CD8⁺ T cells show a terminally differentiated phenotype in the circulation of patients suffering from atopic dermatitis Lennart Roesner, Germany</p> <p>Abstract OM07 11.55-12.10pm RNA-Seq profiling increases the atopic dermatitis transcriptome and identifies novel pro-inflammatory genes with potential therapeutic implications Mayte Suarez Farinas, USA</p> <p>Abstract OM08 12.10-12.25 Inhibition of Epidermal Tight Junction Function by Histamine is mediated by H1 and H4 Receptors Anna De Benedetto, USA</p> <p>Closing reflections from the chairs 12.25-12.40pm Mechanisms of atopic dermatitis in the year 2030</p>	<p>TREATMENT of atopic dermatitis (main lecture theatre) Chairs: Amy Paller (USA), Phyllis Spuls (Netherlands), Carlo Gelmetti (Italy)</p> <p>Session 1 (8.45am-10.15am) <u>Invited speaker</u> 8.50-9.15am <u>Jochen Schmitt</u> (Germany): Systemic Treatments for AD</p> <p>Abstract OT01 9.15-9.30am Are the concepts of induction of remission and treatment of subclinical inflammation in atopic dermatitis clinically useful? Ting Seng Tang, UK</p> <p>Abstract OT02 9.30-9.45am Old drug, new hope for atopic dermatitis patients: Identification of the aryl hydrocarbon receptor as a pharmacological target of coal tar therapy Ellen van den Bogaard, TheNetherlands</p> <p>Abstract OT03 9.45-10.00am Systematic review of treatments for eczema Helen Nankervis, UK</p> <p>Abstract OT04 10.00-10.15am Treatment of adult patients with moderate-to-severe atopic dermatitis with dupilumab in early phase clinical studies shows significant improvement in skin disease activity and pruritus: a review of study data Eric Simpson, USA</p> <p>Coffee 10.15-10.40am</p> <p>Session 2 (10.45-12.25pm) <u>Invited speaker</u> 10.45-11.10am <u>Alain Taieb</u> (France): Disease Modification Strategies for AD</p> <p>Abstract OT05 11.10-11.25am Are care givers corticophobics? Jean François Stalder, France</p> <p>Abstract OT06 & OT07 11.25-11.40am Studies Evaluating AN2728, A Novel Boron-Based Small Molecule, for the Treatment of Mild-to-Moderate Atopic Dermatitis Lee Zane, USA</p> <p>Abstract OT08 11.40-11.55am New biomarkers for disease severity in atopic dermatitis Judith Thijs, The Netherlands</p> <p>Abstract OT09 11.55-12.10pm Establishing Biomarkers of Disease Activity and Therapeutic Response Emma Guttman-Yassky, USA</p> <p>Closing reflections from the chairs 12.10-12.25pm Treatment of atopic dermatitis in 2030</p>
	Lunch	Lunch and networking 12.00-1.00pm	Lunch 12.45-1.55pm Poster viewing A (Conference Suite 1)

PM	Wednesday 21 st May	Thursday 22 nd May	Friday 23 rd May
Afternoon	<p>Introduction to the meeting (main lecture theatre) 1.05pm-1.20pm The Rajka spirit lives on: Ander Galos and Johannes Ring</p> <p>CAUSES of atopic dermatitis – genetics and environment Chairs:Thomas Werfel (Germany), Kyuhan Kim (Korea), Dedee Murrell (Australia)</p> <p>Session 1 (1.20-2.45pm) <u>Invited speaker</u> : 1.20-1.45pm <u>Alan Irvine</u> (Eire): State of the Art of Genetics in AD</p> <p>Abstract OC01 1.45-2.00pm Lower Risk Of Atopic Dermatitis Among Infants Born Extremely Preterm Compared With Higher Gestational Age Sebastian Barbarot UK/France</p> <p>Abstract OC02 2.00-2.15pm Detection of barrier-related gene mutations in atopic dermatitis with reverse blot hybridization assay Eung Ho Choi Korea</p> <p>Abstract OC03 2.15-2.30pm Environmental factors have a profound effect on disease severity in skin barrier deficiency and eczema Caiohme Fahy Eire</p> <p>Abstract OC04 2.30-2.45pm The effect of controlled exposure to grass pollen in an environmental challenge chamber on dermal symptoms in patients with atopic dermatitis Annice Heratizadeh, Germany</p> <p>Coffee 2.45-3.10pm</p> <p>Session 2 (3.15-4.50pm) <u>Invited speaker</u> 3.15pm-3.40pm <u>Jonathan Silverberg</u> (USA): AD and Climate</p> <p>Abstract e OC05 3.40pm-3.55pm Exome sequencing among Ethiopian Atopic Dermatitis patients Maria Bradley, Sweden</p> <p>Abstract f OC06 3.55-4.10pm Hard domestic water increases the risk of developing infantile eczema Carsten Flohr, UK</p> <p>Abstract g OC07 4.10-4.25pm Experimental model of peanut allergy in dogs after epicutaneous sensitization Rosanna Marsella USA</p> <p>Abstract h OC08 4.25-4.40pm A canine model of atopic pruritus Wolfgang Baumer, USA</p> <p>Closing reflections from the chairs 4.40-4.50pm Causes of atopic dermatitis – genetics and environment in 2030</p> <p>Welcome drinks reception (Main Atrium) 5.00-6.30pm</p>	<p>PREVENTION and CONSEQUENCES of Atopic Dermatitis (main lecture theatre) Chairs: Ichiro Katayama (Japan), Carsten Flohr (UK), Ellis Hon (Hong Kong)</p> <p>Session 1 (2.00-3.35pm) <u>Invited speaker</u> 2.05-2.30pm <u>Robert Boyle</u> (UK): Prevention of AD</p> <p>Abstract OP01 2.30-2.45pm Feasibility Study of Barrier Enhancement for Eczema Prevention (BEEP) Joanne Chalmers, UK</p> <p>Abstract OP02 2.45pm-3.00pm Primary prevention of atopic dermatitis by skin care with emollient: a randomized controlled study Yukihiro Ohya, Japan</p> <p>Abstract OP03 3.00-3.15pm Childhood atopic dermatitis is not associated with short stature Jonathan Silverberg, USA</p> <p>Abstract OP04 3.15-3.30pm Psychological Impact of childhood Eczema: birth cohort study Matthew Ridd, UK</p> <p>Coffee 3.35-4.00pm</p> <p>OUTCOME MEASURES for Atopic Dermatitis</p> <p>Session 2 (4.05-5.45pm) <u>Invited speaker</u> 4.05-4.30pm <u>Eric Simpson</u> (US): AD Outcomes</p> <p>Abstract OP05 4.30pm-4.45pm Systematic review of what symptoms are measured in eczema treatment trials Phyllis Spuls, Netherlands</p> <p>Abstract OP06 4.45-5.00pm Eczema Signs and Symptoms: what is important to patients? Laura Beate von Kobyletzki, Sweden</p> <p>Abstract OP07 5.00-5.15pm Investigator Global Assessment in randomized controlled trials in atopic dermatitis: a systematic review Masaki Futarama, Japan</p> <p>Abstract OP08 5.15-5.30pm A Comparison Study of Outcome Measures for Atopic Dermatitis Anh Quynh Thien Tran, Australia</p> <p>Closing reflections from the chairs 5.30-5.45pm</p> <p>Conference Dinner (Banqueting Suite) 8.00pm-10.30pm (entertainment in the Main Atrium bar with Robin Hood from 7.00pm)</p>	<p>ROBIN HOOD and Atopic Dermatitis (main lecture theatre) 1.35-1.45pm Presentation of best submitted oral and poster abstracts (Sheriff of Nottingham)</p> <p>Session 1 (1.45-2.45pm) Involving patients in atopic dermatitis care and research Chairs:Peter Schmidt-Grendelmeier (Switzerland), Barak Chaula (Tanzania) <u>Invited speakers</u> 1.45-2.10pm Roberto Takaoka (Brazil): Patient education and support groups 2.10-2.35pm Amanda Roberts and Kim Thomas (UK): Prioritising and participating in AD research</p> <p>Session 2 2.45-3.45pm Question and Answer Panel Chair: Hywel Williams Panel:Jon Hanifin, Kristian Thestrup-Pedersen, Kenji Kabashima, Amy Paller, Johannes Ring, Phyllis Spuls</p> <p>Session 3 3.45-4.15pm Future plans for the International Society for Atopic Dermatitis Johannes Ring</p> <p>Closing Remarks Hywel Williams</p>
