HSK Level I

HSK (Level I) assesses test takers' abilities in the application of everyday Chinese. It is the counterpart of the Level I of the *Chinese Language Proficiency Scales for Speakers of Other Languages* and the A1 Level of the *Common European Framework of Reference (CEF)*. Test takers who are able to pass the HSK (Level I) can understand and use very simple Chinese phrases, meet basic needs for communication and possess the ability to further their Chinese language studies.

The HSK (Level I) is intended for students who have studied Chinese for a semester (half an academic year), with 2-3 class hours in each week. These students have mastered 150 commonly used words and basic grammar patterns.
