

# DERWENT VALLEY MILLS PROJECT

This project aims to bring together the many volunteers within the 15 miles of the Derwent Valley Mills World Heritage Site so that they can:

- Work together, sharing knowledge so as to become a more cohesive World Heritage Site team
- Improve their knowledge about other parts of the Derwent Valley Mills World Heritage Site which are unfamiliar to them
- Learn about 'state of the art' digital technology from other heritage sites that have developed a high quality experience so that they can rethink the interpretation opportunities for the Derwent Valley Mills World Heritage Site.

*Anniversary Event*

*Presentation*

*Understanding Derby Silk Mill*

*Learning Knots*

*Visit to Helmshore*

*Training Ambassadors*
