

# The University of Nottingham Traffic Regulations governing all UK University of Nottingham sites

Last reviewed July 2022

## Introduction

The roads within the University sites, although private property, may be used by the public and therefore come within the definition of 'roads' in the Road Traffic Acts. Accordingly, they are subject to the general law regulating road traffic. In addition, the University has made the following Traffic Regulations. They are applicable to all users of the University sites and seek to promote the safety of drivers and pedestrians, ensure the best use of limited parking space and promote good relations with our neighbours.

## Regulations

Any person who is fined under this regulation can apply to the Head of Security for a review of the fine. An appeal thereafter lies to the Registrar.
16. Where any contravention against regulations 7(i) to 7(vii) is committed, a Parking Charge Notice charge of £45.00 may be imposed for each contravention by the Head of Security or by Security staff or agents acting on behalf of the Head of Security. A reduced charge of £25 will be given for payment within 24 hours to Campus Security. Where the reduced charge has not been chosen, the £45.00 charge will be payable within 14 days and will increase to £75.00 if unpaid.
17. Repeat offenders may be charged up to £150.00 under the regulations and the Head of Security may exercise a power to withdraw or withhold, for an appropriate period, permission to have a vehicle on the sites and/or ban driving on the University sites.

19. Where a contravention against these regulations appears to call for a penalty greater than or different than that described above, or where there is a refusal to pay a fine or charge imposed by the Head of Security or by Security staff or agents acting on behalf of the Head of Security or by the Manager for off Campus Students, the matter may be reported to the Registrar or, in the case of a student, to the University Assessor, who will determine what action shall be taken.
20. Where a student commits a contravention against these regulations, it will be treated as an offence against University discipline and dealt with in accordance with the disciplinary regulations.
21. Any fine or charge imposed on a student will be treated as a debt to the University. If it is not paid, this may prevent the student from re-registering or graduating.
22. Where a member of staff commits a contravention against these regulations the University may wish to consider deducting any fine or charge from salary. This will be a last resort when all other recovery and appeal options have been considered.
23. Without prejudice to para 16, the Head of Security may authorise the Deputy Head of Security to exercise specified powers under these regulations on his behalf.
