

Guidance for holders of all parking permits

Last reviewed July 2019

Permits entitle you to park on the University of Nottingham Campuses in a designated parking space.

Students are not allowed to bring a motor vehicle to the University unless they meet the criteria for an 'Orange Zone' Permit. Students are not allowed to use Pay and Display spaces with the exception of the Sports Centre car parks for using Sports Centre facilities only.

Students who are the holders of 'Orange Zone' Permits are only allowed to park in the designated orange zone areas. For further information on car parking and orange zone map please follow the link below.

Holders of '**Resident**' Permits are only allowed to park at the residence or, if no parking facility is available, the nearest designated parking space.

Information for all Permit holders

The roads within the University sites, although private property, may be used by the public and therefore come within the definition of roads in the Road Traffic Acts. Accordingly, they are subject to the general law regulating road traffic. In addition, the University has traffic regulations which are applicable to all users of the University sites to promote the safety of drivers and pedestrians and to ensure the best use of limited parking space. For further information please follow the link below.
