Conference Announcement and Call for Papers The 15th Annual GEP Postgraduate Conference 2016

University of Nottingham, United Kingdom

14th - 15th April 2016

Objectives

The 15th *GEP Postgraduate Conference* will take place 14th - 15th April 2016 at the University of Nottingham. The Conference provides a forum for the dissemination of student research relating to issues of Globalisation and Economic Policy from both theoretical and empirical perspectives. These areas include Trade, Foreign Direct Investment, Innovation, Migration, Labour Market Adjustment, the Economic History of Globalization, etc.

The objective of the Conference is to bring together a number of young researchers to discuss their own research ideas with established researchers in a relaxed atmosphere. The Conference is open to graduate students, **as well as to post-docs**, engaged in the preparation or revision of a doctoral dissertation (post-docs should be in the early stages of their post-doctoral programme). Speakers will be selected on the basis of submitted papers or an extended abstract. (Preference will, however, be given to papers.)

Submission

Applicants must submit their CV, a letter of support from their PhD supervisor (sent separately by email; this is not required for post-docs) and the paper to be presented. If a full paper is not yet available, please include a detailed abstract, providing clearly the motivation for the work, the relationship to the literature, the method used and the expected results. Those who are invited to present a paper are expected to deliver a complete paper before the Conference and in time for distribution among the participants.
