The [Nottingham Centre for Research on Globalisation and Economic Policy \(GEP\)](#) together with the [Centre for Inclusive Trade Policy \(CITP\)](#) and [CEPR](#) and the [Centre for Economic Policy Research \(CEPR\)](#), invite Postgraduate Research Students (PhDs), Postdoctoral Researchers and professional economists to participate in its upcoming **International Trade Summer School**. The programme offers a unique opportunity to deepen your understanding of International Trade through lectures delivered by world-renowned experts, take part in networking activities and present your research.

The Summer School comprises three days of lectures, followed by a full day devoted to research presentations and networking activities. Participants in the Summer School will also be invited to attend the [GEP/CEPR Summer International Trade Workshop](#) where leading researchers will present cutting-edge work.

Lectures by Distinguished Scholars

- [Arnaud Costinot](#) (MIT)
- [Andrés Rodríguez-Clare](#) (Berkeley, Nottingham)

Course Overview

Day 1 (course work)

(Morning) Introduction to the neoclassical model and the gains from trade
(Afternoon) Ricardian comparative advantage and the Eaton-Kortum model

Day 2 (course work)

Optimal policy in an open economy, focusing on how trade policy can address distortions and distributive goals

Day 3 (course work)

New trade models (Krugman and Melitz) and their implications on the conclusions of traditional trade theory
