

## **Appendix 3.6**

### **Clergy listed in Exhibit Books, 1717-1810 (AN/EX)**

Exhibit Books ('Liber Exhibitorum') recorded details about the careers of the clergy within the Archdeaconry. Each clergyman was obliged to exhibit his ordination, institution and induction papers once in each Archdeacon's incumbency. A number of exhibits were usually taken at each spring Visitation. Where a clergyman is named and no details given about ordination, it is probable that he has appeared at a previous visitation, and as such, the details did not need to be repeated. It may, therefore, be necessary to look at several Exhibit Books to obtain this information. Some clergymen, particularly curates, will appear more than once, since their licences were regularly renewed.

The Exhibit Books record the dates and places of the clergyman's admittance as deacon and priest, and details about his institution to his current benefice. The books are arranged chronologically by date of Visitation, and within that, by place. The name of the officiant is also recorded (as given) and takes the form of the bishop or archbishop's first name and diocese/province (e.g. Richard Lincoln = Richard Reynolds, Bishop of Lincoln, 1723-1744; York or Ebor represents the Archbishop of York). For a list of Britain's senior clergy, see E.B. Fryde, D.E. Greenway, S. Porter and I. Roy (eds), *A Handbook of British Chronology* (3rd edition, London, 1986).

These tables provide abstracts of the contents of the following documents:

AN/EX 197: Exhibit Book for 1717, 1727, and 1730-1748

AN/EX 198/1: Exhibit Book for 1749-1779

AN/EX 199/1: Exhibit Book for 1781

AN/EX 199/2: Exhibit Book for 1810, with loose sheets containing exhibits from 1793-1794
