UCN/T/1/2/1	Peckitt	Hilda M	1924 - 1926	English Advanced: Geography Advanced: History: Music: Drawing:	General principles of education Principles of Physical Education and Hygiene Educational Organisation			Miss Peckitt has prepared her work thoroughly and has shown intelligent selection of material and method. She has a sound grasp of the principles involved in teaching the various subjects, has obtained thorough results in routine lessons, and has shown resource in adaptability in others. She is keen and enthusiastic, and can arouse and maintain the interest and attention of her class. Her manner is bright and vivacious and she is patient and sympathetic. She makes good use of her opportunity and has made rapid progress.	26 Apr. 1926	
UCN/T/1/2/1	Green	Gertrude M	1923 - 1926	Inter English: French: Latin: Geography: 1924 Latin Hon: 1924 French Hon: 1926	General principles of education Principles of Phys Ed. And Hygiene Educational Organisation			Miss Green has a bright stimulating and encouraging manner with her class. In general form subjects she prepares carefully and intelligently and has obtained satisfactory results. In the teaching of French, she has shown continued improvement in the arrangement of subject matter. She insists on thorough work, and by her own keenness and enthusiasm has managed to carry through successfully fare amount of oral and repetitive work with uniform and keen interest and co-operation from her class. She quickly adapts herself to the type of work in various classes and has satisfied herself with the general interest of the school.	26 Apr. 1926	

UCN/T/1/2/1	Radford	Kathleen M	1924 - 1925	Music: Needlework: Handwork:	General principles of education Principles of Phys Ed. And Hygiene Educational Organisation	Teaching of History	Board of Education Certificate credit in Teaching	Miss Radford has a bright and attractive personality is direct and encouraging and sympathetic as a teacher. In History she shows excellent power of selection, arranges her subject matter well with a view to the previous knowledge and requirement of the class. Her perspective is good and questioning thoughtful. She is fluent apt and vivid in descriptive work. She arouses and maintains interest easily and has gained the co-operation of her class. General form subjects have also been taught and good results obtained. She has shown great promise and is possessed with resourcefulness and adaptable .Miss Radford was instrumental as a leader in College before vice president of unity. A keen supporter of college sports: while ready to shoulder any responsibility and to carry through various important undertakings successfully. She remains most unassuming and was most popular.	28 Apr. 1926	Previous , B.A (London) hon's, History
UCN/T/1/2/1	Marsh	Gladys	1924 - 1926	English: History: Geography: Music: Needlework:	General principles of education Principles of Physical Education and Hygiene Educational Organisation		Board of Education Certificate credit in Teaching	Miss Marsh is capable energetic and effective teacher. Preparation is thorough, choice of material good, and method sound and sensibly carried out. Her aims are well thought out and she achieves them by clean and direct teaching and by careful supervision and testing. Her class feels her keenness, enthusiasm and earnestness and puts forth sincere effort and a happy and sympathetic co-operation is obtained. Apparatus and illustrations have been ample and apt. She has done successful work in all subjects, has identified herself with the general interest of the school and is most reliable and loyal.	28 Apr. 1926	

UCN/T/1/2/1	Giddings	Maud E	1924 - 1926	English: Geography Advance: Science Elementary: Drawing: Music:	General principles of education Principles of Physical Education and Hygiene Educational Organisation			Miss Giddings has decided ability and promise with more experience, to which in many ways she is anxious to learn. Profits by opportunity and suggestion, is keen and enthusiastic and works very hard. Her subject matter is carefully prepared and method generally well chosen and suitable. She is on good terms with her class, and is fairing in adaptability. She has thoroughly entered into the spirit of various school activities, and should prove a pleasant colleague.	28 Apr. 1926
UCN/T/1/2/1	Ramsden	Edith	1923 - 1928	Final B.A (London) Hons: Maths: 1923 - 1928, Music:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Maths	B. A (London) 1st Class Hons. Maths 1935	Miss Ramsden is capable and efficient teacher, calm, confident and earnest in manner, and commanding respect and effort from her class. Her mathematical training and logical mind are responsible for her clear and direct aims, explanation and questioning. Her work is well arranged and graded, and suitable apparatus is provided. In general form subjects, she is well informed and obtained good results. She keeps her class interested and busy, and carries out her duties in business like fashion. She has shown resource and adaptability, has identified herself with the general activities of the school, and very wisely has interests outside her subject.	29 Apr. 1926
UCN/T/1/2/1	Rowell	Clarice	1924 - 1926	English advanced: History: Nature study: Needlework: Drawing: Music:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for senior girls		Miss Rowell is a capable and attractive teacher, her lessons are well prepared and selection and grading of matter is good. She has spared no trouble in providing excellent illustrations, and often shows originality in ideas and methods, as well as thoughtful correlation of subject matter. Her relations with her class are particularly happy. While sympathetic and patient, she insists on thorough work, notes carefully the efforts of individual members, and arouses a sense of responsive co-operation. She is toughly reliable, keeps up a high standard of work, and should prove a most valuable member of a school staff.	29 Apr. 1926

UCN/T/1/2/1	Bunn	Catherine J	1924 - 1926	English Advanced: Geography: Elementary Science: Music Advanced: Drawing: Art: Needlework:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for seniors	Miss Bunn is a very capable teacher, with abilities in many directions. Her aims are clearly conceived, subject matter wisely selected, methods suitably adapted to the occasion. She has a logical and critical mind, and has shown resource and originality, increasing discrimination in the choice of the best methods. Her manner is confident, direct, alert and encouraging. While all her work has been of a high standard, she has shown special ability in art, needlework and music. She has taken an active part in the social and athletic side of College life. Though she has not had much experience in teaching she meets new situations in class with presence of sound and good deal of skill, gives promise and specially good work.	30 Apr. 1926
UCN/T/1/2/1	Handley	Winifred	1924 - 1926	English: History Avanced: Geography: Music: Needlework:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for senior pupils	Miss Handley is a thoroughly reliable and earnest teacher. She prepares her work well, has used suitable methods and apparatus efficiently, and has sound results. She has a keen sense of responsibility and supervises and tests, so that all the children must do their part. Her manner is bright, alert and kindly, and her class has responded well to her teaching. She has given willing help in the general activities of the school, and should prove a pleasant and capable member of a school staff.	30 Apr. 1926
UCN/T/1/2/1	Gill	Louie	1924 - 1926	English: Geography: Elementary Science: Music: Handwork:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Methods for infants and juniors	Miss Gill has quiet, sympathetic manner and a soft pleasing voice. All her work is carefully prepared and teaching thorough. Her language lessons are particularly good, and considering this, with her gift of dealing with little children, she should make a valuable teacher for lower classes. She both plays a little and draws, she has been a most reliable student, conscientious over details, and will become a good teacher.	30 Apr. 1926

UCN/T/1/2/1	Taylor	Dorothy	1924 - 1926	English: Geography: Elementary Science: Music: Handwork: Needlework:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Methods in infants and juniors	Miss Taylor is very fond of little children and quickly gives them confidence and co-operation. Her methods are orthodox, but her drawing and colour work is bold and most effective. Her apparatus is very attractive and well graded, and specimens, apparatus and illustrations are plentiful and well used. She also plays the piano.	30 Apr. 1926
UCN/T/1/2/1	Harris	Mary R	1924 - 1926	English Advanced: History: Geography: Drawing: Needlework:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method of senior pupils	Miss Harris has a pleasant voice, a kind and sympathetic manner and takes real interest in her class. She has shown herself capable of maintaining good discipline, and she was particularly noticeable in organised games. She prepares carefully and thoroughly, and has a knowledge of the most suitable methods. Her faults are almost entirely those of inexperience, as she is intelligent and respects supervision and help, progress should be increasingly shown.	5 May. 1926
UCN/T/1/2/1	Holbrook	Irene F	1924 - 1926	English: Geography: Elementary Science: Music: Needlework:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method of senior pupils	Miss Holbrook is a painstaking and conscientious student. She has a kindly and sympathetic manner, and a friendly atmosphere prevails in the classroom. She has got quite creditable results in straight forward work, carried out by orthodox methods in junior classes. Her manner in many subject matters is best suited to the lower standards. She has made improvement and with further study on her part and experience in teaching should gain in adaptability.	6 May. 1926

UCN/T/1/2/1	Miller	Margaret R 1924 -1926	English: Geography: Elementary Science: Music: Handwork:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for Junior and Infants		Miss Miller has a quiet reserved manner. She is most keen about her work and spares neither time or effort. She has gone out of her way to be really helpful both in the classroom and outside. Her work is invariably well prepared, and illustrations and specimens are plentiful and well used. She is artistic, her drawing is excellent, and this she uses to the best advantage. Music and handwork are also good, and these lessons are most successful. She is most suitable as a teacher of Junior 1st or 2nd: She has improved in holding the interest and attention of her class, with further experience should make a good teacher.	6 May. 1926
UCN/T/1/2/1	Hawarth	Florence M 1923 - 1926	B.A.London Hons. English: subsid. French: Music:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for teaching English	B.A. London 2nd Class Hons. English:	Miss Howarth is a promising teacher. She has done good work in various branches of English, but has also taught successfully general form subjects. Her work is well prepared, methods suitably chosen and intelligently carried out. She notes opportunities for general help and has identified herself with the various activities of the school. She has shown much progress, and with further experience should improve in confidence, and in general adaptation.	6 May. 1926
UCN/T/1/2/1	Catterus	Eileen S 1924 - 1926	English: French: Maths: Drawing: Music:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for senior pupils	Inter Arts London in French: English: Maths 1928:	She is a capable and intelligent student: as a teacher she is most conscientious and painstaking in preparation of work, and arranges it suitably. She goes to great trouble to rescue plenty of material and illustrations, she is keen about her work, interested in her children. At present her faults are those of inexperience, but she has made good progress, and with sympathetic guidance should continue to improve.	7 May. 1926

UCN/T/1/2/1	Stokes	Freda B	1924 - 1926	English, French, Elementary Science, Drawing, Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method of senior pupils		Miss Stokes has done promising work as a teacher, She prepares thoroughly, has a sound suitable method, and has shown intelligence and some resource and infallibility in applying these. Her manner is pleasant and sympathetic, and her discipline has been kindly, but firm. She notes individuals, and tries to obtain the active co-operation of all members of the class. In English she has done some especially good work. She reads and recites well. Writes in good style and teaches with appreciation. She has made good progress, shown herself capable of profiting by advice and suggestion.	11 May. 1926
UCN/T/1/2/1	Norris	Edith A	1924 - 1926	Geology: Geography: Chemistry: B.A. London Final: drawing	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Methods for senior pupils		Miss Norris is a good student and capable and earnest teacher. She prepares her work thoroughly and thoughtfully and her methods are direct, straight forward and common sense. She willingly spends time producing suitable apparatus and very attractive illustrations, she has done specially good work in geography. She holds the attention and interest of the class, and gives very satisfactory results, while at the same time maintaining relations which are easy and pleasant.	17 May. 1926
UCN/T/1/2/1	Dixon	Mary H	1923 - 1926	B.A.London Hons. English: subsid. Latin: Music: Needlework;	General principles of education Principles of Physical Education and Hygiene Educational Organisation	English	BA London 2nd class English Honours	Miss Dixon prepares her work carefully. In English she has plenty of material at her disposal, has a knowledge of suitable method, and a command of fluent and expressive language. She has also taught the usual form subjects and taken part in the general activities of the school with interest and attention to duty. She is hardworking, has made continual progress, and with further experience should gain confidence and adaptability.	27 May. 1926
UCN/T/1/2/1	Sutcliffe	A. Maud	1924 - 1926	English: History: Geography Advanced: Music: Needlework:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Seniors		Miss Sutcliffe has a most pleasant manner and is popular with children. Her work is well and carefully prepared. She is keen to do her best and has taken time to prepare useful illustrations and apparatus. At present she is most successful with juniors, but with experience should gain in some confidence.	14 Jun. 1926

UCN/T/1/2/1	White	Hilda M	1925 - 1927	English Advanced: History: Mathematics: Music: Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Middle upper School	Miss White has a bright alert sympathetic and helpful manner. She is extremely hardworking and takes great pains to produce suitable material and apparatus for her lessons. Her preparation is sound, and she plans her lessons definitely well. She has done specially good work with a backward class and older girls, where by patient and thorough teaching, and well graded matter, she has got down to their problems. She is thoroughly reliable, and exerts a healthy influence over her pupils.	11 May. 1927
UCN/T/1/2/1	Corkill	Mary	1925 - 1927	English Advanced: Geography: Science: Drawing: Needlework:	General principles of education Principles of Physical Education and Hygiene Educational Organisation		Miss Corkill's manner is earnest and encouraging, confident and decisive. Her discipline is firm and sensible and personal influence strong. Throughout both her college and schoolwork, she has shown a consistent and all-round high standard, with specially excellent needlework. In teaching she shows good descriptive power, careful attention to detail and balance, adequate supervision and has been successful in obtaining sound class response and co - operation. She has shown resource and initiative, and thorough and intelligent work.	n.d.
UCN/T/1/2/1	Tapp	Maisie I	1925 - 1927	English Advanced: History: French: Drawing: Music:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Seniors	Miss Tapp has a kindly, cheerful and sympathetic manner. She is keen and really interested in her children and her class management has been satisfactory. She has shown consistently careful preparation of work and apparatus, and her teaching is definite and intelligent. Added to decided teaching gifts, her unflinching diligence, attention to detail, and careful supervision have produced very pleasing results.	13 May. 1927
UCN/T/1/2/1	Bowyer	Grace M	1925 - 1927	English: Geography: Maths: Music: Drawing:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Middle upper School	Miss Bowyers' manner and bearing are good and her voice and accent pleasing. Her teaching is intelligent and shows promise. At present she is more successful in the formal aspect, but should gain in variety and depth with further experience. Her music is especially good, and she has used it willingly in the social life of college.	18 May. 1927

UCN/T/1/2/1	Tomlinson	Annie	1924 - 1927	B. Sc London Hons. General 2nd Class Hons, in Chemistry: Maths: Mech: Needle work: Drawing	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Middle upper School	Miss Tomlinson is eager and energetic. She takes a keen personal interest in her class, is confident and cheerful in the teaching, and has shown powers of self rectification. Her methods are intelligent and are direct, and rectification, especially when dealing with topical subject matter. She has done very good work in teaching geography and maths, and is quite satisfactory in the arts side. She has plenty of ideas and is resourceful and industrious.	26 May. 1927
UCN/T/1/2/1	Berry	Winifred	1924 - 1927	B.A. 2nd Class hons. French 1926: Music: Needlework:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Middle upper School	Miss Berry is a well informed and intelligent student. Her notes and subject matter are full and carefully prepared. She has taken time to accommodate herself to various subjects and school life, but has made promising progress throughout. She has a high sense of duty, is observant of classroom needs, is willing and diligent with supervision duties, and readily follows suggestions. Her sterling qualities of character and determination to succeed, suggest continued progress in her work.	13 Jun. 1927
UCN/T/1/2/1	Askew	Martha		Inter B.Sc. Needlework: {excellent results}	General principles of education Principles of Physical Education and Hygiene Educational Organisation		Miss Askew is well informed both as a student and teacher, and has kept a high level of work. In teaching her subject matter has been full well prepared and systematically arranged. Attention to detail is good and suitable apparatus has been provided. Her methods are direct and her results very thorough. She has a calm and dignified manner and by her clear explanation and empowerment has gained response and co-operation from her class. She gives great promise and personally would be pleasant member of a school staff.	13 Jun. 1927

UCN/T/1/2/1	Taylor	Jessie	1924 - 1927	B. A. London Hons. Geography: Music:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Seniors	Miss Taylor has an earnest, sincere and stimulating manner, and gets the best from her class. Her preparation and work is thorough. She has kept up a high standard of work all round, with specially good work in geography. Her powers of description are valid and her lessons are built up systematically and show thorough results. I have confidence in recommending her as a capable, willing, agreeable member of staff.	21 Jun. 1927
UCN/T/1/2/1	Cole	Hilda B	1925 - 1927	English: Geography: Elementary Science: Music: Drawing:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Infants & Juniors	Miss Cole has a pleasing manner with children. Her class management is good and methods suitable. She supervises individual and sectional work well and is very interested in her work. Her preparation is careful and illustrations suitable, and she has done some satisfactory teaching.	18 Jul. 1927
UCN/T/1/2/1	Caladine	Stella L	1925 - 1927	Intermediate Arts London B.A.: Music:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Seniors	Miss Calladine has done thorough work in teaching. She prepares carefully and her methods are sensible and thoughtfully planned. Her manner is quiet but dignified and effective. She has an intelligent grasp of the needs of her pupils, and has identified herself totally with the ideals and aims of the schools where she has taught.	18 Jul. 1927
UCN/T/1/2/1	Fawley	Ethel	1925 - 1927	English: Maths: Elementary Science: Music: Drawing:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Seniors	Miss Fawley is a painstaking and willing teacher. She is interested in her children and their work, prepares her lessons well, has an intelligent grasp of method, and is on happy terms with her class. She has shown great improvement.	18 Jul. 1927

She is very willing and is most interested in her work, and has happy relations with her class. She has shown continued improvement throughout her college course.	18 Jul. 1927

UCN/T/1/2/1	Crossland	Eileen M	1925 - 1927	Inter Science: Final B. Sc: Music:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Older Girls	Board of Education Certificate credit in Teaching & Science	Miss Crossland's teaching has shown particular promise, she has resource and initiative. Her mind is active and responds readily to suggestion. She plans her work thoughtfully, uses her class very well to develop the lesson in hand, and has a clean grasp of suitable methods. Her manner is stimulating and her discipline effective. I have every confidence in recommending her as a valuable and agreeable member of staff.	9 Dec. 1927
UCN/T/1/2/1	Bell	Kathleen	1925 - 1927	Inter B.Sc. 1926: Final B.SC. 1927: Drawing:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Older Children	Board of Education Teaching Certificate	Miss Bell improved very greatly in her teaching during her two years in her department, and should do well with further experience. She is most careful and conscientious in preparation of her work and has an intelligent grasp of method. She has a pleasant manner with the children and has taken a part in the general activities of the school.	9 Dec. 1927
UCN/T/1/2/1	Palmer	Ena Mary	1925 - 1927	Inter B. Sc.: Final Hons B. SC.: Music	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Older Children	Board of Education Teaching Certificate	Miss Palmer has a calm confident and pleasant manner in her teaching. She prepares her work well and has a sound and intelligent grasp of method. In her science lessons especially her demonstrations and teaching were clean and definite, her questions logical and her results satisfactory. She showed ability in adapting her matter quickly to the needs of the class, and did steady reliable work.	9 Dec. 1927
UCN/T/1/2/1	Aspinall	Norah	1925 - 1928	Inter Arts, Latin: French: History: Logic:1925 -26 Subsidiary Latin:1926 -27 Final French: 1927 - 28	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Seniors		Miss Aspinall has done most satisfactory work as a teacher. She is earnest and keen and has taken great trouble to carry out effective schemes of work in various subjects, as well as doing sound work in French. She has shown steady progress. Her manner is quiet and unassuming, but she has presence and authority with her class, and has maintained their interest and attention in a promising way.	5 Mar. 1928

UCN/T/1/2/1	Robinson	Iris	1926 - 1928	English: Geography: elementary Science: Music: Needlework:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Juniors	Miss Robinson is an enthusiastic teacher, and shows keenness and interest in her work. Her manner is attractive and she has shown patience with slower children, and done reliable teaching. She prepares her matter and apparatus carefully, and has made satisfactory progress throughout the cause.	25 Apr. 1928
UCN/T/1/2/1	Wild	Elizabeth S	1926 - 1928	English: Geography: Elementary Science: Needlework: Advanced Drawing:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Juniors	Miss Wild has a charm of manner which wins her class and her discipline is on sound lines. Her teaching is uniformly of a high standard, showing thoughtful planning, adequate testing and progress. Her general academic background is good, and she has done excellent work in handwork, needlework and drawing.	25 Apr. 1928
UCN/T/1/2/1	Derrick	Dorothy Mary	1926 - 1928	English: Geography: Elementary Science: Needlework: Music:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Juniors	Miss Derrick is an energetic and reliable teacher, keen and interested in her work. She prepares her subject matter and apparatus with great care and thoroughness, and has had very successful results. Her bright and confident manner produces a happy responsive class and a sympathetic but firm discipline.	25 Apr. 1928
UCN/T/1/2/1	Baker	Winifred Ethel	1927 - 1928	B. Sc London with special Botany . Taken before taking professional training	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Seniors	Miss Baker has a pleasant manner and good personal influence with her class. She has made steady progress with her teaching and showed improvement with experience, her hand work is excellent. In her special subject botany, she has given interesting lessons, with good use of apparatus and specimens. For many years she has held responsible official positions in the athletics and social side of college life, and has shown herself a capable organiser and a popular leader.	26 Apr. 1928
UCN/T/1/2/1	Woodrow	Cecilia Belle	1926 - 1928	English: History: Advanced Geography: Drawing: Music:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Middle Upper Standards	Miss Woodrow is careful and methodical and works steadily and well with orthodox methods. She has good accent and style and well chosen language, and has made satisfactory progress. At present she seems more suited to older pupils, but showed fair in adaptability with added experience.	30 Apr. 1928

UCN/T/1/2/1	Willett	Florence	1926 - 1928	English: History: Elementary Science: Needle Work: Drawing:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Infants & Juniors		Miss Willett has a bright and animated manner and is keen and enthusiastic in her work. She keeps the children interested throughout her lessons, understands and manages them well, and finds a joy in their response. Her methods are good and her drawing, handwork, and music all contribute to capable progressive infant's work.	30 Apr. 1928
UCN/T/1/2/1	Parkin	Eva Rose	1924 - 1926	English Advanced: Geography: Elementary Science: Handwork: Music:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Infants & Juniors	Board and Education Teachers Certificate Course C.	Miss Parkin was a thoroughly capable student teacher. She has a frank personality and winning manner. She understands children, grasps their needs and point of view and consequently gets their co-operation. Her work is invaluable of a high standard, and she made some well graded apparatus.	1 May. 1928
UCN/T/1/2/1	Oakley	Myrtle	1926 - 1928	English: History: Elementary Science: Handwork: Drawing	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Infants & Juniors		Miss Oakley is a willing student. She is invariably cheerful and gives confidence to her children. She spares neither time nor trouble in preparing apparatus, specimens and illustrations, and she has made some most effective models. Her methods are orthodox, but thorough. She has taught children of various ages but seems best suited to (first T) and should make a reliable teacher.	2 May. 1928
UCN/T/1/2/1	Blunt	Olive L	1926 - 1928	English: Geography: Elementary Science: Needlework: Drawing:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Juniors & Middle Standard		Miss Blunt has a bright and lively manner, and manages her class with a good deal of confidence. She maintains interest fairly well and has taken trouble in preparation and apparatus. She has made satisfactory progress throughout her course.	2 May. 1928
UCN/T/1/2/1	Thompson	Winifred Florence	1926 - 1928	English: Geography: elementary Science: Drawing: Handwork:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Infants & Juniors		Miss Thompson has quite an attractive manner and with care and effort has the power to become a good teacher. She has realised the standard of work required, and has improved greatly. She has also felt pleasure of responsive children and successful work, and should take her place as a useful member of a school staff.	2 May. 1928

UCN/T/1/2/1	Blomley	Enid	1926 - 1928	English: Geography Advanced: History: Music: Needlework:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Middle & Upper School	Miss Blomley is very thorough and painstaking in preparation, and has produced some good schemes, with effective planned class and home work. Good maps and apparatus have also been provided. She has a calm and dignified manner and has proved herself capable of maintaining interest and good order in her class.	2 May. 1928
UCN/T/1/2/1	Greene	Edna	1926 - 1928	English: Geography: Elementary Science: Music: Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Junior & Middle	Miss Greene has a confident manner and no difficulty with discipline. Her methods are orthodox, and she has carried on effectively with all usual form subjects. She supervises her class well and is patient with slower pupils. She takes real trouble over preparation, has produced suitable apparatus, and made satisfactory progress throughout the course.	2 May. 1928
UCN/T/1/2/1	Nattriss	Mildred	1926 - 1928	English: Maths: Science Advanced: Drawing Advance: Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Middle & Upper School	Miss Nattriss has a pleasant voice and manner, and good natural teaching powers. She has excellent drawing and she produces effective sketches and diagrams, for her nature study work. Her work is carefully prepared and her methods intelligent. She will make a useful and reliable teacher.	2 May. 1928
UCN/T/1/2/1	Wright	Florence Irene	1926 - 1928	English: History: Elementary Science: Drawing: Handwork:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Infants & Juniors	Miss Wright is a great hardworking student, who takes great interest in her work and in children, with whom she is sympathetic. She gives much patient and thought to her lessons. Her methods are orthodox and she has made some really useful apparatus. Her hand work is good and she gets particular pleasing effects both in her own and children's work. She should make a useful teacher.	2 May. 1928
UCN/T/1/2/1	Gilbert	Irena Theodora	1926 - 1928	Hons. French Course for B.A. London: Music	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Senior Girls	Miss Gilbert has a pleasant voice and manner. She has a well informed and topical mind, her methods are sensible and well planned: and her class management is good. She has thrown herself whole heartedly into the work of the school, in which she has practised, and should prove a capable and successful teacher.	10 May. 1928

UCN/T/1/2/1	Pickard	Edna	1926 - 1928	English Advanced: History: Elementary Science: Needlework: Drawing:	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Middle & Upper School	Miss Pickard shows ability and promise in teaching. She is well in tune , has a sound grasp of method, and has shown initiative and resource in adapting herself to special circumstances. She has charm of manner. Her class management is good.
