She is also a capable, energetic & patient teacher, who takes much trouble over the selection and arrangement of her lessons, shows a sound common-sense use of varied methods, and manages her class very well. Her sectional & group work has been specially good and her results very satisfactory. She should prove a capable & loyal member of staff.	2 May. 1933
UCN T/1/2/3	Robinson	Katherine	1931-33	English, History, Elementary Science, Drawing and Handiwork	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Methods for infants	Miss Robinson is a satisfactory student & teacher. Her manner is gentle & sympathetic, and her love of, and interest in, young children, draws from them affection & willing co-operation. Her language work is good & she has an intelligent & commonsense grasp of infants' work. She is enthusiastic & thorough in preparation & will prove a loyal member of staff.	2 May. 1933
UCN T/1/2/3	Travers	Margaret Elsie	1931-33	English, Geography, Elementary Science, Drawing, Handiwork and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Methods for juniors	Miss Travers is a satisfactory student & teacher. She is an earnest & industrious worker and spares no trouble in preparation. She has a commonsense grasp of methods & can interest & guide her class, getting a good response, especially in formal subjects. She should prove a useful & loyal member of staff.	2 May. 1933
UCN T/1/2/3	Ward	Dorothy May	1931-33	English, History, Elementary Science, Music, Handiwork and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Methods for juniors	Miss Ward is an intelligent & industrious student and a teacher of good ability. She is extremely painstaking in the preparation of subject matter & apparatus & her illustrations, handwork & needlework all show a high standard of finish. Her work is well planned, her methods clear, definite & varied and her arrangement of class & sectional work thorough. She will prove a valuable member of staff.	2 May. 1933
UCN T/1/2/3	Beardall	Mary	1931-33	English, Geography, Botany (advanced), Drawing and Handiwork	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Methods for infants	Miss Beardall is a good student. As a teacher she has made satisfactory progress. Her work is well prepared & well arranged & her illustrations suitable & well executed. She has a kind, sympathetic manner with children & is especially at home with young children. She is willing & adaptable & should prove a useful teacher.	5 May. 1933
UCN T/1/2/3	Draycott	Joyce Mary	1931-33	English, Geography, Elementary Science, Drawing, Handiwork and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Methods for juniors	Miss Draycott is a good student & a promising teacher. She has an energetic & businesslike manner, obtains ready obedience & attention from her class, meets new situations with resource & common sense & obtains very good results. Her preparation is full and careful, her methods varied & her apparatus suitable. She should prove a competent & reliable teacher.	n.d.
UCN T/1/2/3	Farnsworth	Hilda	1931-33	English, Geography, Elementary Science, Drawing, Handiwork and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Methods for juniors	Miss Farnsworth is a satisfactory student & a most capable teacher. She has an alert, quick, businesslike manner & her work is thoroughly prepared, clear & direct in aim and systematically presented. Her quiet but strong discipline and her intelligent grasp of varied methods arouse interest and co-operation in her class and produce most satisfactory results. She will prove a valuable & loyal member of staff.	8 May. 1933
UCN T/1/2/3	Gravell	Constance Amy	1931-33	English, History, Mathematics, Music, Handiwork and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Methods for juniors	Miss Gravell had no experience of teaching before entering college. She has made continued improvement in selection & arrangement of lessons, in discipline, & has a growing realisation of the standard of work required. She should become, with further experience, a satisfactory teacher.	8 May. 1933

UCN T/1/2/3	Green	Phyllis	1931-33	English, Mathematics, Biology (advanced), Drawing and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Methods for juniors	Miss Green is a satisfactory student & a teacher of much promise. She has a quiet confident & dignified manner which inspires respect. Her background of knowledge is full; her selection of subject matter thoughtful, her presentation clear, systematic & varied; & her arrangements for teaching adequate & successful. She handles difficulties with intelligence & resource, & has quickly adapted herself to varied conditions. She should prove a capable & loyal member of staff.	8 May. 1933
UCN T/1/2/3	Hallam	Hilda Mary	1931-33	English, History, Elementary Science, Drawing, Handiwork and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Methods for juniors	Miss Hallam is a good student & a most successful teacher. She brings much thought to bear on her selection of suitable subject matter & method, provides attractive & useful apparatus, and plans all class work in a systematic way. She shows a specially good understanding of the junior child's outlook & capacity, so that her relations with her class are sympathetic & her work progressive. She will prove a competent & loyal member of staff.	8 May. 1933
UCN T/1/2/3	Horsley	Edith Winifred	1931-33	English (advanced), French (advanced), Mathematics, Drawing, Needlework and Latin	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for seniors	Miss Horsley is a satisfactory student and has made good progress in teaching. Her work is thoroughly and intelligently prepared, her presentation thoughtful and well-arranged, and her relations with her class pleasant & sympathetic. She has shown a keen interest in all the work of the school, & should prove a useful & loyal member of staff.	8 May. 1933
UCN T/1/2/3	Hutchinson	Eileen Florence	1931-33	English, Geography, French (advanced), Music and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for seniors	Miss Hutchinson is a lively & intelligent teacher, who stimulates the children's activity & interest, & obtains good results. Her preparation is good, her presentation well-arranged, & her apparatus suitable. She provides well for class work & has taken all subjects in a most creditable way. She should prove a capable & progressive teacher.	8 May. 1933
UCN T/1/2/3	Jennings	Veronica Mary	1931-33	English (advanced), History (advanced), French (advanced), Drawing and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for seniors	Miss Jennings is a most capable student & a teacher of much promise. She has done excellent work in a variety of subjects, and has worked out specially good schemes in her special subjects. Throughout, she has maintained a high standard of performance. She has a cultured style and a wide outlook, is resourceful and adaptable & should prove a successful and loyal member of staff.	8 May. 1933
UCN T/1/2/3	Kingston	Ruby	1931-33	English, Biology (advanced), Horticulture, Drawing and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for seniors	Miss Kingston is a satisfactory student. As a teacher she has a bright happy manner and gets a pleasing response from her class. She prepares her work carefully, has produced sufficient & suitable apparatus, & has shown a general interest in the various school activities. She should prove a useful teacher.	9 May. 1933
UCN T/1/2/3	Law	Renee Mary	1931-33	English (advanced), Geography, Mathematics, Drawing and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for seniors	Miss Law is a capable and intelligent student & a most promising teacher. Her preparation of work is sound; her methods clear, definite & varied; her presentation methodical; & her attention to class work good. Her relations with the children are natural & friendly, & her general class atmosphere stimulating. Her results have been most satisfactory & she should prove a valuable member of staff.	9 May. 1933
UCN T/1/2/3	Mason	Norah S.	1931-33	English, Elementary Science, Mathematics, Drawing, Handiwork and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for juniors	Miss Mason is a most earnest & industrious student and a capable teacher. She prepares her work thoroughly, is clear & definite in her methods of presentation, supervises class work efficiently & methodically & gets very satisfactory results. She has shown a keen interest in all aspects of school work, & should prove a useful & loyal member of staff.	9 May. 1933

UCN T/1/2/3	Mawson	Mary Elsie	1931-33	English, History, Elementary Science, Music, Handiwork and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for juniors	Miss Mawson is a most capable & successful student, and a teacher of outstanding personality & merit. She has a dignified, assured & cultured manner, a wide outlook, an aptness & resourcefulness in her presentation of lessons and a sympathy with the interests of the children, that insure stimulating & successful work. Her special abilities in country dancing & dramatic work are most valuable, and she will give ungrudging service in all aspects of school work.	9 May. 1933
UCN T/1/2/3	Nixon	Mabel Alice	1931-33	English, History, Geography, Music, Handiwork and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for juniors	Miss Nixon is an industrious & satisfactory student and a reliable & promising teacher. She takes a great deal of trouble over the preparation of suitable subject matter & apparatus, presents her lessons in a definite & methodical way, & is systematic in her supervision of class work. She has worked with enthusiasm and intelligence and made most satisfactory progress so that she should be a capable & loyal member of staff.	9 May. 1933
UCN T/1/2/3	Otter	Edith May	1931-33	English, Geography, Mathematics, Music, Handiwork and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for juniors	Miss Otter is a satisfactory student and a keen & reliable teacher. Her preparation of work is very thorough & full; she gives much thought to the planning of her presentation & she spares no trouble in providing adequate & helpful apparatus. Her class is well supervised & responds well. She should prove a capable & loyal member of a school staff.	9 May. 1933
UCN T/1/2/3	Rowbotham	Madge	1931-33	English (advanced), Geography (advanced), French (advanced), Drawing and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for seniors	Miss Rowbotham is a capable student & a most promising teacher. Her preparation is thorough, her methods apt & resourceful, & her provision & use of apparatus shows foresight. Her friendly & stimulating manner & her ability to realise the aspects of work which will interest the children, have produced very good class results. She should prove a loyal & efficient member of staff.	9 May. 1933
UCN T/1/2/3	Platts	Dorothy	1931-33	English, Geography, Biology (advanced), Music, Handiwork and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for juniors	Miss Platts is a diligent & satisfactory student and a competent, reliable, & intelligent teacher. She has a brisk, confident manner & shows understanding & sympathy in regard to juniors. Her preparation is always most thoroughly done, her methods are apt & definite & her class work well arranged. She has maintained a consistent level of good work & should prove an efficient member of staff.	9 May. 1933
UCN T/1/2/3	Parr	Lucy Janet	1931-33	English (advanced), History (advanced), Geography, Music, Handiwork and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for juniors	Miss Parr is a capable & very satisfactory student and a reliable & resourceful teacher. She prepares thoroughly, presents her lessons in a straightforward way, & obtains the interest & co-operation of the children in a way that produces good results. She is an enthusiastic, hardworking & willing worker, has patience & sympathy with juniors and should prove a most useful member of staff.	9 May. 1933
UCN T/1/2/3	Pike	Freda Joan	1931-33	English, Geography, Elementary Science, Drawing and Handiwork	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for infants	Miss Pike has a bright, sympathetic manner with children and enough knowledge of, & confidence in, her methods to carry through her lessons adequately. She has made satisfactory improvement during her course & should become a useful teacher of young children.	9 May. 1933
UCN T/1/2/3	Scott	Marjorie May	1931-33	English (advanced), History, Geography, Drawing and Handiwork	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for infants	Before entering college Miss Scott had in 1929 obtained her Inter Arts (London). She has proved herself an excellent student & a teacher of outstanding merit. Her preparation of work shows imagination & thoroughness in detail, her methods are varied & apt, her apparatus carefully thought out and her schemes progressive & educational in the best sense. She has an exceptionally good understanding of children's interests & outlook so that her discipline is natural & her children's response good. She should prove a loyal & inspiring colleague.	9 May. 1933

UCN T/1/2/3	Sharp	Margaret D.	1931-33	English, Geography, Biology (advanced), Drawing, Handiwork and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Methods for juniors	Miss Sharp is a good student and a capable & promising teacher. She has a lively, stimulating manner. She can secure & maintain the interest of her class and get a ready response and sound results. Her sound preparation, variety of methods, adequate apparatus, and systematic provision for class work, are evidence of careful and intelligent planning, & she should prove a reliable & enthusiastic member of staff.	10 May. 1933
UCN T/1/2/3	Shaw	Iris Evelyn	1931-33	English, History, (advanced), Geography, Drawing, Handiwork and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Methods for juniors	Miss Shaw is a satisfactory student and a promising teacher. She has a bright sympathetic manner, understands junior children & encourages them to self activity and effort. She prepares well, shows thought in the choice of method & plans sectional & class work systematically. She should prove a reliable & hard-working member of staff.	11 May. 1933
UCN T/1/2/3	Standall	Winifred R B	1931-33	English, History, Elementary Science, Drawing and Handiwork	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Methods for infants	Miss Standall is a satisfactory student & a promising teacher. She is interested in her work & works hard over preparation. Her discipline has been good and the children have responded well & happily to her. She has made pleasing progress, & with further experience, should strengthen her teaching. She will prove a willing & energetic member of staff.	11 May. 1933
UCN T/1/2/3	Starr	Ethel Annie	1931-33	English, History (advanced), Mathematics, Music and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Methods for seniors	Miss Starr is a very satisfactory student & a capable & reliable teacher. Her steady work shows ability & application. Her preparation is sound, her methods definite & concise & her class work adequate. She uses the children well & produces activity & co-operation on their part. She is keen & enthusiastic & should be an efficient member of staff.	11 May. 1933
UCN T/1/2/3	Telford	Beryl Prudence	1931-33	English, History, Geography (advanced), Drawing and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Methods for seniors	Miss Telford is a capable student and a gifted & intelligent teacher. Her preparation is most thorough, her methods thoughtful and apt, Her apparatus well-used & her provision for classwork specially good. She sets herself a high standard & inspires her pupils, who respect & admire her, to do the same. She has shown initiative & resource, has taken every opportunity to improve her own knowledge & technique, & should prove a most efficient, progressive & loyal member of staff.	11 May. 1933
UCN T/1/2/3	Wesson	Phyllis Audrey	1931-33	English, Geography, Elementary Science, Music, Handiwork and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Method for juniors	Miss Wesson is a capable student & a gifted teacher of experience. She has done excellent work & has shown resource, initiative, tact & consistent common sense in dealing with various types of children. She selects her subject matter & methods thoughtfully & uses her knowledge of the interests & abilities of the junior child to stimulate the class to active effort. Her music is specially good but her general work is of such a high standard as to make her a welcome addition to any school staff.	11 May. 1933
UCN T/1/2/3	Beeston	Edith Lucy	1931-33	English (advanced), History, French (advanced), Drawing and Needlework	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Methods for seniors	Miss Beeston is a good student & a capable & promising teacher. She has a confident, businesslike manner & her class is responsive & alert. Her background of knowledge is good, her methods varied & resourceful & her attention to both individual & classwork particularly good. She should prove a most efficient & progressive member of staff.	18 May. 1933
UCN T/1/2/3	Jelley	Ruth M	1931-33	English (advanced), History (advanced), Geography, Music and Gardening; Intermediate Arts (London) English, Economics and History	General principles of education Principles of Physical Education and Hygiene Educational Organisation	Methods for seniors	Miss Ruth Jelley is a student of good ability. Her application to her studies & her high standard have produced very satisfactory results & in her two advanced subjects she is doing especially well. Her character & personality fit her admirably for teaching in a senior school. She has dignity, breadth of outlook & thoroughness. Her general background of knowledge is sound, her language cultured & her methods acceptable. She is on pleasant terms with her class & gains their respect & co-operation. She should prove a loyal & progressive member of staff.	18 May. 1933
