

## JOIN OUR COMMUNITY RESEARCH PROJECT!

Exploring consistency and continuity in the use of medicinal recipes into the early modern period (1500-1800)

We are looking for volunteers to take part in a research project at Manuscripts and Special Collections which runs alongside our *Plants and Prayers* exhibition. You will collect data from historic medicinal recipes to see which plant ingredients were most used, how they were prepared and what they treated. There will be opportunities to present your research in creative ways, e.g. a small exhibition, creative writing, magazine article, visual art etc.

Contact Dr Rebecca Moore for more information:

[rebecca.moore@nottingham.ac.uk](mailto:rebecca.moore@nottingham.ac.uk)

Are you interested in plants and/or medicine?

Would you like to work with manuscripts and rare books?

No previous experience needed!

Attend visits and events!

Present your research in creative ways!

The project runs from April to September 2023.

Participants should be able to commit to attending 2 research sessions a month.
