

FIFTH OPEN SOURCE GIS CONFERENCE
University of Nottingham, UK
2nd-3rd Sep 2014

CONFERENCE PROVISIONAL AGENDA – Day 1 (Sep 2nd, 2014)
 Building up Open Access, Open Education and Open Data for Open Science

Venue: Business School South, Jubilee Campus, University of Nottingham, NG7 2TU

Time		Room
09:00- 10:00	Registration & Coffee	Foyer
10:00-10:15	University of Nottingham welcome – Professor Stuart Marsh, Nottingham Geospatial Institute	A25
10:15-10:30	“Geo for All” introduction and welcome – Suchith Anand (University of Nottingham)	
10:30 – 11:15	Australian Urban Research Infrastructure Network – An overview Dr Jack Barton University of Melbourne, Australia	
11:15 – 11:30	Coffee break	Lobby
RDA for Newcomers Session		
11:30 – 13:00	Introduction to RDA- Herman Stehouwer	A25
	Presentation on science workshop outcomes- Herman Stehouwer	
	Examples from different IGs (Geospatial IG, Agriculture IG etc) and WGs (Urban Data) – Didier Leibovici, Suchith Anand, Jack Burton	
	Open round of the participants	
	Discussions	
13:00 – 14:00	Lunch / Exhibitions & Networking event	
14:00- 16:00 Workshop sessions will be held in parallel		
	Workshop 3 -OpenLayers 3 & Leaflet (led by Matt Walker,Astun Technologies) (Room A3 Computer labs, Business School South)	Workshop 1 – AURIN (Australian Urban Research Network) led by Dr Jack Burton (A26, Business School South)
Open Science Session		
14:00-14:20	Evaluating Open Street Map as a data source for sustainable transport planning Robin Lovelace (University of Leeds) Amir Pourabdollah (University of Nottingham)	A25
14:20 – 14:40	Visualising Uncertainty with Open Standards and Open Source GIS Ed Figura, Envitia , UK	
14:40 – 15:00	Openness in GeoEducation Suchith Anand, University of Nottingham	

15:00 – 15:30	Coffee Break	
15:30 – 15:50	Bringing Life to OGC:SOS phenological observations suite. Mikołaj Dobski Poznan Supercomputing and Networking Center, Poland	A25
15:50 -16:20	Open Source meets Polar Operations and Logistics David Herbert British Antarctic Survey	
16:20- 16:40	Open Trip Planner Analyst – open source transport accessibility analysis and modelling Neil Taylor ITP World	
16:40-17:00	Discussions & Day 1 Closing session Jeremy Morley (NGI)	
17:15- 18:15	OSGeo:UK Chapter meeting	A25
18:30-20:00	OSGIS Evening BBQ and buffet reception sponsored by thinkWhere	National College

FIFTH OPEN SOURCE GIS CONFERENCE
2-3 Sep 2014

CONFERENCE PROVISIONAL AGENDA- Day 2 (Sep3rd , 2014)

Venue: Business School South, Jubilee Campus, University of Nottingham, NG7 2TU

Time		Room
08:30 – 09:00	Registration & Coffee	Foyer
09:00 – 09:05	OSGIS Day 2 welcome – Jeremy Morley (University of Nottingham)	A25
09:05 – 09:30	Inaugural presentation Karen Parkin (Open Data Nottingham)	
09:30 – 10:00	There is no such thing as a free lunch - Steven Feldman	
10:00- 10:30	Keynote- Professor John Wood, Secretary General, Association of Commonwealth Universities)	
10:30 -10:40	Q & A Discussions	
10:40 – 11:00	Coffee break	Lobby
11:00- 13:00 Workshop sessions will be held in parallel		
Workshop 4 - Data Processing with WPS and PostGIS (led by Jo Cook, Astun Technologies) (Room A3 Computer labs, Business School South)		Workshop 5- AgriGIS workshop (led by Didier Leibovici, University of Nottingham) A26, Business School South
11:00 – 11:20	An open source geospatial implementation case study from the Energy sector Sam Franklin LR Senergy	A25
11:20 – 11:40	The Space Syntax Toolkit: Extending QGIS with exploratory spatial analysis for urban design research and education Jorge Gil, Tasos Varoudis University College London, UK	
11:40-12:00	New Features in QGIS 2.4 and beyond Peter Wells Lutra Consulting, UK	
12:00-12:20	Can OGC Compliant Maritime Web Services be provided through the use of an Open Source Technology Stack?" Alan Crisp Envitia, UK	
12:20-12:40	A log analysis tool for OGC Services Jonathan Moules , Warwickshire County Council	
12:40-13:00	Warwickshire County Council's Open SourceWeb GIS: Compass-A Year On Paul Larcombe, Warwickshire County Council	

13:00 – 14:30	Lunch & Networking event	Lobby
14:30 – 14:50	Growing the QGIS community in the UK: The UK QGIS User Group Simon Miles, Ross McDonald, Matt Travis, Kevin Williams	A25
14:50 – 15:10	Portable GIS: A brief introduction Jo Cook , Astun Technology	
15:10 – 15:30	Comparisons of web mapping servers Antony Scott Astun Technology	
15:30 -15:45	Setting up an open-source “mini SDI” in a local authority in Scotland Ross McDonald Angus Council,UK	
15:45-16:00	Contextualising and Analysing Planetary Rover Image Products through the Web-Based PRoGIS Jeremy Morley, University of Nottingham	

16:00 – 16:30	Coffee Break	& Lobby
16:45 – 17:00	OSGeo:UK Presentation – Ian Edwards (Met Office)	A25
17:00- 17:15	Conference closing – Jeremy Morley (NGI)	

AgriGIS Workshop (11:00-13:00)		
11:00-11:30	“The GRASP initiative : Geospatial Resource for Agricultural Species, pests and Pathogens with integrated workflow modelling to support Global Food Security” Didier Leibovici	A26
11:30-12:00	" Open Source & Open Standards: the GRASP platform" Sam Meek	
12:00-12:30	"GeoGermplasmDB and visualisation of genetic variation: a Bambara groundnut case study" Roberto Santos	
12:30- 13:00	Round table discussion on "Interoperability & e-enabled research for crop modelling and related agriculture issues"
