

# PHCSG FREE Education Day 11th October

Followed by the 38th [PHCSG Annual Conference and AGM](#).

At [Billesley Manor Hotel](#) , Billesley, Alcester, Stratford-on-Avon,

Warwickshire, United Kingdom B49 6NF

## [Directions](#)

## Are your records a blessing or a curse?

This day is designed for everyone working in primary care, who would like to get more out of their IT, whatever their knowledge. At the end of the day the attendee should understand the importance of keeping good electronic records and the risks of not of doing so and have confidence in understanding how data should be shared with patients and for other uses under GDPR. They should also learn more about SNOMED CT and realise how technology can help with resilience and improving income in practice.

The number of places is limited and so please book early to avoid disappointment.
