For Sustainable Energy Solutions and Fair Climate Policy

# Missing things

Renato Redentor Constantino

Balay Kalinaw, Quezon City

30 September 2015

# BITAH NG ❤️ PILIPINAS

We work on fair  
climate policy and low  
carbon resilience.

We tackle big  
problems sideways.

10 kW solar array

Front view of the facility

Ejeepney Depot

Rooftop Garden

40 ft of container vans used in typhoon relief operations to be used for community center

A photograph of a large solar panel array installed on a flat roof. The panels are blue and arranged in a grid. In the background, a person is visible working on the roof. The image is overlaid with cartoonish drawings of a white dinosaur with its mouth open, several white clouds, and a white box with the text '10 kW solar array'. A large white arrow points from the box down towards the solar panels. In the bottom right corner, there is a white box containing a list of equipment specifications.

10 kW solar array

- o Schneider 4.5 kW inverter/charger
- o 250 W Renesola solar panels
- o Trojan 6 V deep cycle batteries
- o Schneider Conext monitoring system
