

## Hot Work Permit

**Definition of hot work - work with flame cutting apparatus, oxyacetylene welding apparatus, electric welding apparatus, blow lamps, grinding equipment, any other equipment producing flame, intense heat or sparks, working with bitumen boilers.**

Proposed work					
<b>Description</b>					
<b>Equipment to be used</b>					
<b>Location</b>					
<b>Permit valid for (Date and Duration):</b>					
Special Considerations					
Hazard present:	Yes/No (Permit Issuer)	Removed or Controlled	Hazard present:	Yes/No (Permit Issuer)	Removed or Controlled
Combustible solids			Confined space		
Flammable liquids			Work at height		
Combustible building fabric (floors/walls/ceilings/roofs)			No segregation of work from others		

Flammable/toxic gases/vapours			Pressure (pipes/vessels discharged and vented)		
Chemicals			Conduction of heat/sparks		

**State any additional precautions required** (e.g. personal protective equipment, isolations, emergency procedures, fire-fighting equipment):

#### Authorisation before work starts

The area is prepared and work may start in line with the conditions of this permit.

**Name of Permit Issuer**

**Signed**

**Date/Time**

I have read and understood the conditions of this permit and will ensure that all workers understand the requirements.

**Name of Permit Acceptor**

**Acceptance signature**

**Date/Time**

If the permit needs to be extended, re-examine work area and complete appropriate sections overleaf.

#### Cancellation after work is completed

The above work has/has not been completed and the area is safe for normal working to resume.

**Signed (Permit Acceptor)**

**Date/Time**

**Signed (Permit Issuer)**

**Date/Time**

(Reverse side of permit)

**Extensions to Permit Time Limit**

The work area has been re-examined and work may continue subject to the conditions of this permit.

Permit valid on (Date):					
Duration: (From and To)					
Signed (Permit Issuer)					
Date/Time					
Signed (Permit Acceptor)					
Date/Time					

**N.B. Once all boxes completed, a new permit must be issued if the hot work is to continue.**
