Vocational Taster days (for 1st year level 3 vocational students such as BTEC/Cache)

Wednesday March 18th 2020 – Nursing, Midwifery, Social Work, Physiotherapy, Sports Rehabilitation, Science: 9.30am – 3.30pm

All first year BTEC/Cache and vocational students are invited to attend – no matter what subject area they are interested in studying at university. The day is aimed at giving students relevant information and guidance to help support their UCAS application when they return to college in September. We hope that this day will also help to raise aspiration and motivation for students to achieve their goals.

The day will consist of general advice, guidance and information regarding applying to HE and what it’s like once you get here. In the afternoon students will be able to pick a subject area of interest and attend a lecture/seminar session and find out more details about that particular course. Students will also have the opportunity to ask current students at the university lots of questions!

Booking Link: https://gecko.fm/bioue

Access to HE Taster Afternoon: Wednesday 6th November 2019

Subjects: Nursing, Midwifery, Social Work, Physiotherapy/Sport Rehabilitation

The day is aimed at giving students keen to apply for nursing, midwifery, physiotherapy and social work degrees the relevant information and guidance to help support their UCAS application. Students will experience a seminar style session and have the opportunity to ask current mature students at the University lots of questions. Academics from the relevant areas will give advice about the course and answer any questions. Advice about personal statements, the interview process and finance will be covered too.

Please book here: https://gecko.fm/jhshp
