Funding for Medicine students in Year 5

If you require this document in an alternative format, please contact Financial Support:
t: +44 (0)115 823 2071
e: financialsupport@nottingham.ac.uk

Please note, the information on this sheet is only relevant to students with “home status”, who usually live in England and commenced the 5 year Medicine course in 2012 or later. Other UK and international students should check with the NHS Business Services Authority (NHSBSA) for details of eligibility – see Useful Contacts.

2017/18 figures have been used and will be updated with 2018/19 information once this has been confirmed.

**Tuition fees**
The NHS will pay your tuition fees if you fulfil the criteria for a ‘home’ student, and usually live in England.

**Living costs**
**NHS Grant and Income Assessed Bursary**
You can apply to the NHS for a non means tested grant and an income assessed bursary, see www.nhsbsa.nhs.uk/Students/816.aspx. In 2017/18 the non means tested grant is £1,000 and the bursary is a maximum of £4,491 (covering 52 weeks) depending on your household income, and assuming you live in rented or your own accommodation. If you live with your parents all year round then you will receive the ‘at home’ bursary rate which in 2017/18 is a maximum of £3,439. Any bursary awarded will be paid monthly from July, over 12 months.

If your course began in September 2012 or later you will be classed as a ‘New Rules Student’ for your funding. If you started the course earlier than September 2012 you will be an ‘Old Rules Student and your NHS funding will differ to that advised here.

Most students will still be classed as being dependent on their parents, so the NHS Bursary will be assessed on their household income. If you are married, living with a civil partner and/or have dependent children then the income used for assessment purposes will be yours and/or your partner’s.

**Additional Allowances from the NHS**

- **Dependants Allowance** – Students with dependants (both children and adult) may be eligible for a means tested allowance of £2,448 for their first dependant and an additional £549 for any other children.

- **Childcare Allowance** – This means-tested allowance is available to students with dependent children aged 15 or under (or 17 and under for children with special educational needs) on the first day of the academic year. This allowance pays up to 85% of actual childcare costs up to a maximum of £128.78 per week for one child and £191.45 per week for two or more children.

- **Parents Learning Allowance** – This means tested allowance of up to £1,204 is to help with course-related costs such as books, photocopying and materials.

- **Disabled Students’ Allowance (DSA)** – Home students who have a disability may be eligible to receive funding to help with extra costs incurred while attending their course which are a result of their disability. Advice is available from the University’s Disability Support team - see Useful Contacts/University Contacts.
Student Loan

You may be eligible for a reduced rate student loan from the Student Loans Company (SLC). Apply online via Student Finance [www.gov.uk/studentfinance](http://www.gov.uk/studentfinance) but ensure you tick the relevant box to confirm that you are also applying for a means tested (income assessed) NHS bursary.

The amount of loan you receive will depend on where you live in term time. If you live at home with parents then you can expect a loan of £1,324. If you live in rented or your own accommodation then the loan offered is £1,811. The length of your academic year does not affect this loan. It is a fixed amount regardless of the number of weeks you are in attendance.

Although you will commence the final year in June/July 2018, you will not receive any student loan until after 1st September 2018. This is because you are not able to receive two student loans in one Student Finance financial year (which begins on 1st September); you have to wait until the next financial year begins. However we know that for many of you it is important to receive the first instalment as soon as possible, so there is a procedure in place to try and help with this.

In order to receive your 2018/19 student loan as soon as possible please ensure that you have completed [Online Registration with the University](http://www.nottingham.ac.uk) before the end of August 2018. As long as your application has been fully approved by Student Finance, and you have returned your signed Declaration Form, your first loan instalment will then be paid into your nominated bank account within five working days of 1st September.

**NB- we are not able to confirm attendance before 1st September therefore no one can receive a loan instalment before 1st September.**

Applying for your NHS bursary

The University will advise the NHS of details of all medical students who will be eligible to apply for NHS funding for the forthcoming academic year (in this case 2018/19).

You then need to apply for the Bursary via the NHS Bursary Online Support System, BOSS at [https://myaccount.nhsbsa.nhs.uk/Pages/Login.aspx](https://myaccount.nhsbsa.nhs.uk/Pages/Login.aspx)

Applying for your student loan

You apply online at [www.gov.uk/studentfinance](http://www.gov.uk/studentfinance)

Council tax

Full-time students are exempt from council tax. Students should inform their local council of their student status. Where this leaves one liable person in a household a 25% discount may be claimed.

Tax credits and benefits

Please contact the Student Advice Centre for more details on benefits and your entitlement - see Useful Contacts.

- **Child tax credits (CTC)/Universal Credit (UC)** - Students with children under 16 (or under 18 in certain circumstances) can continue to claim CTC. We advise you to inform the Inland Revenue you will be in full-time education.
- **Lone parents, disabled students, student couples with children** – The Department for Work and Pensions will expect you to apply for all the student support you are entitled to.
