come. **Welcome.** Welco

I would like to welcome you to your graduation ceremony today – it is an honour for all of us who have the opportunity to share today's celebration with you.

This is the culmination of a lot of hard work and you should be very proud of your achievements and the path that led you here today.

You will also be surrounded by people who have made a difference on your journey.

Some in big ways, like friends or family, your tutors, and friends from your time here. Some in smaller ways, but they all feature in the story of your achievement.

Your graduation also marks a transition – from student to graduate and valued member of our alumni community, you are now part of a global network of more than 350,000 former students.

I look forward to seeing everything you go on to achieve after today. This is the pinnacle of one great achievement, but you will go on to great things and celebrate many future achievements too.

Enjoy your celebrations, this will be a day you remember for the rest of your life, and I wish you all the very best for your next steps.

A handwritten signature in black ink, reading "Jane Norman".

Professor Jane Norman
President and Vice-Chancellor

nic **Academic dress.** dr

Academic dress: A brief history

Academic dress has a rich history, evolving from its practical origins to becoming a symbol of achievement and distinction. In the past, hoods were used to cover the head and varied in lining materials based on the season.

Today, the colours and styles of hoods and gowns serve as a visual representation of different levels and subject areas of awards. The colours and styles vary depending on the institution. Since its establishment in 1948, Nottingham has used light blue as its degree colour.

Academic dress

Gowns

Gowns for first and masters degrees are black.

Gowns for doctors are claret, faced to a depth of 3" with light blue silk.

Gowns for higher doctors are scarlet, faced to a depth of 3" with light blue silk.

Hoods

Those receiving a certificate wear a hood in the Belfast shape.

Those receiving a diploma wear a hood in the Edinburgh shape.

Those receiving a degree at all levels wear a hood in the Cambridge shape.

All graduate hoods are bound at the edge with a ribbon of the colour appropriate to the nominal faculty.

For higher first and higher masters degrees, the entire hood – including the cape – is bound with ribbon.

[Click here](#) to view the full hood and gown collection for all types of award.

Here are representative gowns for each level of study, showcasing their distinctive colours and styles.

Academic dress

Undergraduate: BA

Integrated masters: MSci

Clinical: BMBS

Masters: MBA

PhD

**Connected
we thrive**

You will always be connected to Nottingham. Thrive with the support of your alumni community.

Your Alumni team is here to continue to fuel your learning and to help you to thrive professionally and personally with your exclusive alumni programme **Connected we thrive**. Your Careers and Employability team is also on hand with graduate careers support and services.

Connect with fellow Nottingham alumni from your 350,000-strong community at online and in-person events across the globe, build your professional networks and keep your connections from campus alive.

Thrive with our unique collection of webinars and seminars in our [Learn Library](#) - curated with a range of academic experts and leading alumni speakers across a range of practical topics.

Your Nottingham Alumni Awards.

Nottingham is more than a place. It shapes who we are and the people we become. It's a way of thinking and of being.

Our Your Nottingham Alumni Awards celebrate our alumni community and share the stories of how our graduates carry Nottingham's values into the world. No two paths or experiences are the same; that's what makes our community so special. Our awards are designed to reflect this rich diversity and the amazing contributions being made in so many different ways.

[Click here to find out more](#)

Dr Ruth Chambers **OBE, FRCGP, MD** Medicine, 1975

Ruth Chambers graduated in medicine from the University of Nottingham in 1975. She has written 84 books – mainly for clinicians (some translated, for example Japanese); including her insightful memoir of working for the NHS for 50 years. She has presented at national and international conferences, and aided national guidance such as rebutting prescribing fraud, combating doctors' stress; and led on enhancing the quality of care and digital primary care transformation across Staffordshire (being awarded an OBE in 2014). Alongside these at scale achievements, Ruth created a local scheme for refugee doctors from 2004, six of whom now practise in the UK as GPs or psychiatrists.

Dr Ruth Chambers will receive her Your Nottingham Alumni Award on Wednesday 10 December 2025.

ary **Honorary**
Graduates. Gra

The University of Nottingham, in common with other British universities, is empowered to give honorary degrees to people of distinction and those who have given great success to the university.

Honorary Graduates

Professor Veronica Pickering **Doctor of Laws**

Professor Veronica Pickering, HM Lord-Lieutenant of Nottinghamshire, is the first woman and first African person appointed to this historic role.

A former High Sheriff, social entrepreneur, and international child protection consultant for the UN and NGOs across Africa, she received Kenya's Moran of the Order of the Burning Spear (M.B.S).

Veronica is a Visiting Professor at Lincoln International Business School, a National Ambassador for the Woodland Trust and the RAF Museums, and the first Black woman appointed as an RAF Honorary Air Commodore.

She is Patron of the Lincs & Notts Air Ambulance and the Royal British Legion. Veronica is now an executive coach, keynote speaker, and partnership specialist.

Professor Veronica Pickering will be admitted to the degree of Doctor of Laws on Thursday 11 December 2025.

able **Notable**
speakers. spee

Simon Crowther

Civil Engineering, 2015

Simon Crowther, BEng (Hons) FCIWEM C.WEM, otherwise known as The Flood Guy®, is a Chartered Water and Environmental Manager and Fellow of CIWEM, specialising in flood resilience and civil engineering.

As Director of FPS Environmental Ltd, he has advised on UK Water and Environmental Policy and is a recognised media expert on flooding, with features on BBC, Sky News, Channel 4 and more. Simon studied Civil Engineering at the University of Nottingham.

He played a key role in launching Build Back Better by Flood Re to Parliament and contributes to Bricks and Water, an influential policy programme.

Simon Albrighton

Mathematics/Computer Science, 1997

Following graduation, Simon Albrighton joined KPMG's Nottingham office to commence his understanding of the world of business and finance.

He is now in his 29th year, and as KPMG's Head of Advisory, he supports many of the world's leading businesses to be the best they can be: helping them in a dynamic and changing world to set their strategy, buy and sell businesses, have high-performing workforces fit for the future and to make the most of technology and AI.

Simon is a proud graduate of the University of Nottingham, supporting the Business School with his time and experience, and as a mentor for students.

Yasmin Talsi

Biotechnology, 2015

Yasmin Talsi is an award-winning healthcare insights leader dedicated to driving access to life-changing medicines.

Formerly an Associate Director leading teams on drug launches and campaigns for companies such as AstraZeneca, GSK and Pfizer, she now serves as Global Insights Lead in Immunology at UCB Pharma.

Yasmin has played a key role in shaping global drug launches and is currently on secondment in Atlanta, focusing on market access and improving equitable healthcare worldwide.

Guided by curiosity and purpose, she champions the power of insights to transform patient lives and inspire others to make meaningful, data-driven impact in global health.

Dr Vanja Ljevar
Marketing, 2014;
Digital Economy CDT PhD, 2022

Dr Vanja Ljevar is the Co-Founder and Chief Data Scientist of Kubik Intelligence, a behavioural analytics consultancy helping brands decode customer psychology to unlock demand and drive growth. She holds a multidisciplinary PhD in Data Science and Psychology and has led over 50 international projects across retail, telecom, healthcare, fashion, and media.

Vanja is a Board Member at Nottingham University Business School, a keynote speaker, and a published author. She lectures and supervises MSc students at the University of Nottingham, and her research on big data for social good has been featured in *The Independent*. She also organises Game Changer London.
