me. Welcome.

On behalf of everyone at the University of Nottingham, welcome to your graduation – a unique celebration of your hard work and achievements. Graduation is also a special occasion for the friends and family who have encouraged you during your studies and have made such a pivotal contribution to your success. Now you join an influential community of Nottingham alumni who advance the name and the values of our university throughout the world.

Our graduation ceremonies are particularly special this year, being the first we have been able to put on since the pandemic. Whether you secured your degree in 2020 or 2021, I am delighted that you are here to receive the applause of your peers and the staff who have supported you throughout your studies.

Congratulations on your achievements. Do take a moment today to reflect on your time at Nottingham and to look ahead to a bright and prosperous future. I hope you have a wonderful day and wish you every success in your future endeavours.

The various awards within an institution are distinguished by differences in both gown colour and in the shape and lining of the hood.

When hoods were worn to cover the head, their linings were of considerable practical importance with wool and fur used in the colder months and silk in the warmer ones. Much less interest was taken in colour, other than some colours being prohibited. In present times, the colours of hoods and their bindings are expressly used to distinguish between different levels and subject area of awards. These colours and styles vary from institution to institution. Since its foundation as a university in 1948, Nottingham has used light blue as its degree colour.

Gowns

Gowns for first degrees (eg BA, BSc, BMedSci, BArch, MSci) and masters degrees (eg MA, MSc, MRes) are black.

Gowns for doctors (eg PhD, EdD, NursD) are claret, faced to a depth of 3" with light blue silk.

Gowns for higher doctors (eg DD, DSc, LLD) are scarlet, faced to a depth of 3" with light blue silk.

Hoods

Certificate students wear a hood in the Belfast shape, diploma students in the Edinburgh shape. Both are lined and faced in (for undergraduate level) light blue or (for postgraduate level) dark green.

Degree students at all levels wear a hood in the Cambridge shape.

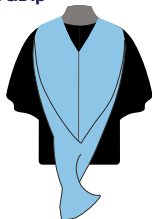

For first degrees and masters degrees hoods are black and lined with light blue silk to differing extents depending on the level of the award.

Hoods for doctors are claret and lined throughout with light blue silk.

Hoods for higher doctors are scarlet and lined throughout with light blue silk.

All graduate hoods are bound at the edge with a ribbon of the colour appropriate to the nominal faculty. For higher first and higher masters degrees, the entire hood – including the cape, is bound with ribbon. **See table on opposite page for details.**

The University of Nottingham, in common with other British universities, is empowered to give honorary degrees to people of distinction and those who have given great success to the university.

Professor Sir Jonathan Van-Tam

Medicine, 1987

After graduating in medicine from the University of Nottingham in 1987, Professor Sir Jonathan Van-Tam spent five years practising hospital-based clinical medicine before becoming a senior lecturer at the University of Nottingham and regional epidemiologist for the Public Health Laboratory Service in 1997. He then spent four years working in the pharmaceutical and vaccines industries including senior roles at SmithKline Beecham, Roche Products and Sanofi-Pasteur MSD 2002 to 2004.

In 2004, Professor Van-Tam was appointed Consultant Epidemiologist and Head of the Pandemic Influenza Office at the UK Health Protection Agency in 2004, before becoming Deputy Chief Medical Officer (DCMO) in October 2017 where he advised the Westminster government

on public health protection alongside roles on the UK Scientific Advisory Group for Emergencies (SAGE) and Chair of the UK New and Emerging Respiratory Virus Threat Advisory Group (NERVTAG).

Professor Van-Tam's work as DCMO ensured he became a household name during the Covid-19 pandemic, regularly presenting at the televised Downing Street briefings to an audience of millions. It is during these briefings that he caught the public imagination for his range of creative analogies to explain complex public health issues, earning him the affectionate nickname "JVT" and a knighthood in the 2022 New Year Honours.

Having published more than 100 scientific papers and written four textbooks over his extensive career, Professor Van-Tam has now returned to the University of Nottingham to become our new Pro-Vice-Chancellor for Medicine and Health Sciences. We are delighted to welcome JVT back to Nottingham and bestow the degree of Doctor of Laws, honoris causa, in recognition of his achievements.

Graduation Grad video video credits. credits

We hope you enjoyed the video which played at the start of your ceremony. We'd like to say thank you to those who made it possible.

Spoken word performed by Class of 2020 graduate **Nana-Yaw Mensah**.

Script development: our 2020/21 graduates and students who shared their lockdown experiences with **Fat Free Media** and the university.

Filmed scenes and alumni imagery: a huge thank you to **Dr Gaby Neher**, our student models and alumni from across the globe who took part in filming and submitted their own imagery to be included.

A special thank you to **Christopher MacPhee**, Building Attendant for Monica Partridge Building, who went above and beyond to facilitate the filming.

Concept and film production by: **Fat Free Media**.

From our world, to the big wide world

As you look back at your time at the University of Nottingham, we want you to remember all of your special moments, your achievements, the friendships you've forged that will last a lifetime and all of the hard work that has led you to graduation day.

All of these experiences have helped prepare you for your future. You should feel proud of what you have achieved.

We're sure you'll agree that the University of Nottingham is a unique and special place which puts students firmly at its heart. You and the classes of 2020 and 2021 are an important part of what continues to make it extraordinary. Wherever you go next, remember that you'll always be a part of an amazing community.
