

Module Pre-Enrolment 4-18 May 2021

- Brief reminder of how this works with some useful information on supporting students through online module enrolment
- Student Services will communicate with students detailing how they engage with May module enrolment
- A module enrolment campaign will run to raise awareness of module choice during pre-enrolment
- MyNottingham reflects the curriculum updates to module/programme specifications that Schools have provided. Choice is driven by requisites, groups and rules
- Schools and Student Services will provide module enrolment information via various channels eg moodle, module guides, module fairs etc
- Students who do not choose modules during this period will need to do so during Change of Mind in September. Late choice can negatively affect module selection and timetabling

- Below is a short video, available to all on the Student Services web page, which explains and demonstrates how students enrol on modules:
