

If your programme of study allows you to select optional modules, including from outside your school or department, you can view information on all modules offered across the University by accessing the [Curriculum Catalogue](#)

How do I search for a module using the Curriculum Catalogue?

- 1) To search for a module using the [Curriculum Catalogue](#) you first need to select the 'UK Module Catalogue' option as shown below:

Curriculum Catalogue

Modules

Find Modules for each campus

UK
Module Catalogue

China
Module Catalogue

Malaysia
Module Catalogue

Programmes

Find Programmes for each campus

UK
Programme Catalogue

China
Programme Catalogue

Malaysia
Programme Catalogue

- 2) In the next screen you will need to select the relevant academic year from the dropdown menu. For example, if completing module enrolment in May 2025 for the next academic year you would need to select 2025 from the drop down.

You then need to search the Curriculum Catalogue using a keyword, module code, or by school. If you know that you have an interest in taking a module from a particular school, you can search for all modules offered within the school by completing the search criteria as shown below:

Modules: UK

Academic Year

2025 Academic Year

Title

Title Keyword...

or

Module Code

or

School

Business

Search

- 3) After clicking on the search tab a list of modules will appear. If you would like to filter by level or by the semester in which the module is being run, you can click on the 'Level' and 'Taught' tabs as shown below:

Modules: UK

Code ¹⁾	Title ¹⁾	→ Level ¹⁾	Taught ¹⁾ ←
BUSI1001	Computers in Business	1	Autumn UK
BUSI2001	Introductory Econometrics	2	Spring UK
BUSI4556	Entrepreneurship Dissertation	4	Summer UK

BUSI4027	Dissertation: MSc International Business	4	Summer UK
BUSI3023	Marketing and Society	3	Autumn UK
BUSI1006	Quantitative Analysis for Business	1	Spring UK

Please be aware that you will not be able to study a module if you do not meet the Target Students and Additional Requirements criteria.

- 4) To view information relating to the content, educational aims, and assessment type(s) for a module you are interested in studying, click on the module title from the list.

The Target Students and Additional Requirements sections will show which students can enrol on the module. Some modules will be open to all students studying at any level, whilst other modules will only be open to specific groups of students.
