Accessibility

University campuses are accessible to the public and provide disabled parking (Blue Badge) and disabled toilet (RADAR) facilities. The campuses have many fully accessible pathways. Please note that not all events start or finish adjacent to accessible facilities. If you are participating in one of our outdoor events, please be aware that there will be a degree of walking on uneven or undulating grassed/wooded areas – which may or may not be suitable for wheelchair/mobility scooter use or difficult for visually impaired. Please expect to travel distances of 1-3 miles on some of the walking events – most with resting places. The indoor 'lecture style' events are fully accessible with indoor facilities, ramped access and parking close by.

If you have any specific queries relating to accessibility of any published event please e-mail BW-FOUP_Events@exmail.nottingham.ac.uk
