Your day at the Department of Chemical and Environmental Engineering

Wednesday 11 March 2020

Your registration venue is Room B08, Engineering and Science Learning Centre, University Park (building 54 on University Park map)

General activities

9am  Registration and meet academic staff and current students
Please arrive at room B08, Engineering and Science Learning Centre (building 54 on University Park campus map) to register for the day. You will have the opportunity to chat to academic staff and current students about our courses and study opportunities. Refreshments will be available.

10am  Welcome talk
Our Head of Department will welcome you to the Department of Chemical and Environmental Engineering. They will provide you with an introduction to the Day and an overview of the Courses we offer.

10.20am  The lecture experience
A member of academic staff will deliver a 20 minute taster lecture, giving you the opportunity to experience this aspect of our teaching first hand.

10.40am  Tour of the design suite
Our current students will take you on a tour of the new design suite, giving you the chance to see some of our facilities.

11am  Lab activities / tour of lab facilities for guests
You will have the opportunity to take part in a lab activity, led by our current students and academic staff. Accompanying guests (parents/guardians) will be taken on a tour of the lab facilities while the lab activities are taking place.

12pm  Lunch, one-to-one discussion and societies talk
A complimentary buffet lunch will be available in room B01, Engineering and Science Learning Centre (building 54 on University Park campus map). You will have the chance to meet with an academic member of staff for a one-to-one discussion over the lunch period. It is a good opportunity for you to ask any questions you have about the course and is also a chance for you to talk about your areas of interest. There will also be an opportunity to find out more about the range of student societies you can join from our Students’ Union representatives.

1pm  Year in Industry talk
Please move to room A09, Engineering and Science Learning Centre, where current students will discuss their Year in Industry experience.

1.20pm  Alumni talk
Previous Chemical and Environmental Engineering students will talk about their experiences on the course and after graduation.
1.40pm  Closing talk
The Head of Department will deliver a closing talk at the end of the day's compulsory activities.

General activities

2pm  Optional general activities
You will have the opportunity to go on a guided tour of the University led by current students.
