

# REF 2014 RESULTS

Listing of ALL Institutions who submitted to REF 2014 under Panel 6 'Agriculture Veterinary and Food Science'

**RP is the independently-accepted ('Research Fortnight') means of assessing the overall research quality of submission.**

RP is calculated by taking the percentage of researchers in each \* category 1 to 4 and multiplying that by the weighting for each. This gives the "Quality Index" which is then multiplied by the number of staff submitted in the REF to give the RP, upon which the ranking below was calculated. FTE = number of staff submitted (full time equivalent)
